unjustly neglected in literary music and to a lesser degree cultural studies partly as it cuts squarely across institutional boundaries The first part of this book accordingly introduces a thoroughly transdisciplinary interpretive framework It outlines theoretical approaches to issues such as performance and performativity generic convention and cultural capital sound and songfulness mediality and musical multimedia and step by step applies them to the example of a single song The second part then offers three extended case studies which showcase the larger cultural and historical viability of this model Probing into the relationship between lyrics and the ambivalent performance of national culture in Britain it offers exemplary readings of a highly subversive 1597 ayre by John Dowland of an 1811 broadside ballad about Sara Baartman The Hottentot Venus and of a 2000 song by jungle punk collective Asian Dub Foundation Reading Song Lyrics demonstrates how and why song lyrics matter as a paradigmatic art form in the culture of modernity *History of Erie County, Pennsylvania* John Elmer Reed,1925
