Queen Victoria Matthew Dennison,2014-06-24 Queen Victoria is Britain s queen of contradictions In her combination of deep sentimentality and bombast cultural imperialism and imperial compassion fear of intellectualism and excitement at technology romanticism and prudishness she became a spirit of the age to which she gave her name Victoria embraced photography railway travel and modern art she resisted compulsory education for the working classes recommended for a leading women s rights campaigner a good whipping and detested smoking She may or may not have been amused Meanwhile she reinvented the monarchy and wrestled with personal reinvention She lived in the shadow of her mother and then under the tutelage of her husband finally she embraced self reliance during her long widowhood Fresh witty and accessible Matthew Dennison s Queen Victoria is a compelling assessment of Victoria s mercurial character and impact written with the irony flourish and insight that this Queen and her rule so richly deserve

The Last Princess Matthew Dennison,2019-12-12 Beatrice Mary Victoria Feodore later Princess Henry of Battenberg was the last born in 1866 of Victoria and Albert s children and she would outlive all of her siblings to die as recently as 1944 Her childhood coincided with her mother s extended period of mourning for her prematurely deceased husband a circumstance which may have contributed to Victoria s determination to keep her youngest daughter as close to her as possible She would eventually marry Prince Henry of Battenberg in 1885 but only after overcoming her mother s opposition to their union Beatrice remained Queen Victoria s favourite among her five daughters and became her mother s constant companion and later her literary executor spending the years that followed Victoria s death in 1901 editing her mother s journals and voluminous correspondence Matthew Dennison s elegantly written biography restores Beatrice to her rightful place as a key figure in the history of the Victorian age and paints a touching and revealing portrait of the life and family of Britain s second longest reigning monarch

thousands literally of letters never before published and grown used to her as to a friend Maddening Egomaniac Hysterical A bad mother Some have said so What emerged for me was a brave original woman who was at the very epicentre of Britain s changing place in the world a solitary woman in an all male world who understood politics and foreign policy much better than some of her ministers a person possessed by demons but demons which she was brave enough to conquer Above all I became aware when considering her eccentric friendships and deep passions of what a loveable person she was A N Wilson
