*Queering the Moderns* NA NA,2016-04-30 In *Queering the Moderns* Anne Herrmann revisits the narrative of literary modernism and the historical uses of the term queer to explore the emergence of identities specific to modernism Queer in the modernist period 1910 1945 means strange odd out of sorts and although it begins to refer to those who are queer sexually it does not yet police a hetero homosexual divide It means crossing boundaries in unexpected directions across the Atlantic across the color line across literary conventions that dictate autobiographies can t be written by someone else Six memoirs that rely on cross gender and cross racial identifications are discussed within their specific cultural contexts so that female aviators Amelia Earhart and Beryl Markham lesbian auto biographers Virginia Woolf and Gertrude Stein and male auto ethnographers James Weldon Johnson and Earl Lind Ralph Werther begin to queer the traditional spaces of modernism

*The Modern Portrait Poem* Frances Dickey,2012 In bridging historical periods national boundaries and disciplinary distinctions Dickey makes a case for the continuity of this genre over the Victorian Modernist divide and from Britain to the United States in a time of rapid change in the arts

Thinking Sex with the Early Moderns Valerie Traub,2016 What do we know about early modern sex and how do we know it How when and why does sex become history In *Thinking Sex with the Early Moderns* Valerie Traub addresses these questions and in doing so reorients the ways in which historians and literary critics feminists and queer theorists approach sexuality and its history Her answers offer interdisciplinary strategies for confronting the difficulties of making sexual knowledge Based on the premise that producing sexual knowledge is difficult

because sex itself is often inscrutable Thinking Sex with the Early Moderns leverages the notions of opacity and impasse to explore barriers to knowledge about sex in the past Traub argues that the obstacles in making sexual history can illuminate the difficulty of knowing sexuality She also argues that these impediments themselves can be adopted as a guiding principle of historiography sex may be good to think with not because it permits us access but because it doesn't

**Queering the Underworld** Scott Herring, 2009-05-15 At the start of the twentieth century tales of how the other half lives experienced a surge in popularity People looking to go slumming without leaving home turned to these narratives for spectacular revelations of the underworld and sordid details about the deviants who populated it In this major rethinking of American literature and culture Scott Herring explores how a key group of authors manipulated this genre to paradoxically evade the confines of sexual identification Queering the Underworld examines a range of writers from Jane Addams and Willa Cather to Carl Van Vechten and Djuna Barnes revealing how they fulfilled the conventions of slumming literature but undermined its goals and in the process queered the genre itself Their work frustrated the reader's desire for sexual knowledge restored the inscrutability of sexual identity and cast doubt on the value of a homosexual subculture made visible and therefore subject to official control Herring is persuasive and polemical in connecting these writers to ongoing debates about lesbian and gay history and politics and Queering the Underworld will be widely read by students and scholars of literature history and sexuality

**Literary Modernism, Queer Temporality** Kate Haffey, 2019-04-24 This book explores the intersection between the recent work on queer temporality and the experiments of literary modernism Kate Haffey argues that queer theory's recent work on time owes a debt to modernist authors who developed new ways of representing temporality in their texts By reading a series of early twentieth century literary texts from modernists like Woolf Eliot Faulkner and Stein alongside contemporary authors this book examines the way in which modernist writers challenged narrative conventions of time in ways that both illuminate and foreshadow current scholarship on queer temporality In her analyses of contemporary novelists and critics Michael Cunningham Jeanette Winterson Angela Carter and Eve Sedgwick Haffey also shows that these modernist temporalities have been reconfigured by contemporary authors to develop new approaches to futurity

**Performing Queer Modernism** Penny Farfan, 2017-07-12 Focusing on some of the best known and most visible stage plays and dance performances of the late nineteenth and early twentieth centuries Penny Farfan's interdisciplinary study demonstrates that queer performance was integral to and productive of modernism that queer modernist performance played a key role in the historical emergence of modern sexual identities and that it anticipated and was in a sense foundational to the insights of contemporary queer modernist studies Chapters on works from Vaslav Nijinsky's Afternoon of a Faun to Noël Coward's Private Lives highlight manifestations of and suggest ways of reading queer modernist performance Together these case studies clarify aspects of both the queer and the modernist and how their co-productive intersection was articulated in and through performance on the late nineteenth and early twentieth century stage Performing Queer Modernism thus

contributes to an expanded understanding of modernism across a range of performance genres the central role of performance within modernism more generally and the integral relation between performance history and the history of sexuality It also contributes to the ongoing transformation of the field of modernist studies in which drama and performance remain under represented and to revisionist historiographies that approach modernist performance through feminist and queer critical perspectives and interdisciplinary frameworks and that consider how formally innovative as well as more conventional works collectively engaged with modernity at once reflecting and contributing to historical change in the domains of gender and sexuality

**Circus and the Avant-Gardes** Anna-Sophie Jürgens, Mirjam Hildbrand, 2022-03-14 This book examines how circus and circus imaginary have shaped the historical avant gardes at the beginning of the 20th century and the cultures they help constitute to what extent this is a mutual shaping and why this is still relevant today This book aims to produce a better sense of the artistic work and cultural achievements that have emerged from the interplay of circus and avant garde artists and projects and to clarify both their transhistorical and trans medial presence and their scope for interdisciplinary expansion Across 14 chapters written by leading scholars from fields as varied as circus theatre and performance studies art media studies film and cultural history some of which are written together with performers and circus practitioners the book examines to what extent circus and avant garde connections contribute to a better understanding of early 20th century artistic movements and their enduring legacy of the history of popular entertainment and the cultural relevance of circus arts Circus and the Avant Gardes elucidates how the realm of the circus as a model or rather a blueprint for modernist experiment innovation and re negotiation of bodies has become fully integrated in our ways of perceiving avant gardes today The book does not only map the significance of circus avant garde phenomena for the past but through an exploration of their contemporary actualisations in different media also carves out their achievements relevance and impact both cultural and aesthetic on the present time

**Queering W. B. Yeats and Gabriele D'Annunzio** Zsuzsanna Balázs, 2023-11-22 Queering W B Yeats and Gabriele D Annunzio Modernist Playwrights challenges the general resistance in scholarship and queer studies to approach Yeats and D Annunzio through a queer lens because of their controversial affiliations with fascism and elitism their heterosexuality and their venerated canonical status This book provides the first fully theorised queer and comparative reading of Yeats s and D Annunzio s drama It offers the novel contention that due to their increasing involvement in queer and feminist subcultures their plays feature feelings that are associated with queer historiography and generate ideas that began to be theorised by queer studies more than half a century after the composition of the plays Moreover it uncovers an alert subversive and often coded social commentary in eight key dramatic texts by each playwright and at the same time highlights the thus far neglected commonalities between the plays and the queer historical as well as cultural contexts of these two prominent modernists

**Love, Friendship and Faith in Europe, 1300-1800** L. Gowing, M. Hunter, M. Rubin, 2005-10-14 This ground breaking volume explores the terrain

of friendship against the historical backdrop of early modern Europe In these thought provoking essays the terms of friendship are explored from the most intimate and erotically charged to the reciprocities of village life This is a rich offering in social and cultural history that is attuned to the pervasive language of religion A hidden history is revealed of friendships that we have lost and of friendships starkly and movingly familiar *Queer Times, Queer Becomings* E. L. McCallum, Mikko Tuhkanen, 2011-11-01 Queer theory essays on time and becoming in the fields of literature philosophy film and performance

**In the Company of Strangers** Barry McCrea, 2011 This title shows how a reconception of family and kinship underlies the revolutionary experiments of the modernist novel While stories of marriage and long lost relatives were a mainstay of classic Victorian fiction the book suggests that rival countercurrents within these family plots set the stage for the formal innovations of Joyce and Proust By investigating how the question of family is a hidden key to modernist structure and style the book explores the formal narrative potential of queerness and in doing so rewrites the history of the modern novel **A**

**Companion to Modernist Literature and Culture** David Bradshaw, Kevin J. H. **Queer Autobiography** G. Johnston, 2016-04-30 In their literary autobiographies modernists Vita Sackville West Gertrude Stein Virginia Woolf and H D Hilda Doolittle challenge the scientific figures of the perverse lesbian particularly those promulgated by Havelock Ellis and Sigmund Freud By multiplying their I's manipulating subject and object divisions undermining boundaries between writer and audience and using repetition to code erotic moments these writers queer the terms of autobiography That queering requires understanding autobiography as more institutional than introspective and the autobiographies themselves question the very theories that determine them theories of lesbianism female development and memory The Cambridge Companion to Gay and Lesbian Writing Hugh Stevens, 2011 In the last two decades lesbian and

gay studies have transformed literary studies The Cambridge Companion to Gay and Lesbian Writing introduces readers to important concepts methods and cultural and historical debates relevant to the study of sexuality and literature **The Lesbian Premodern** N. Giffney, M. Sauer, P D Watt, 2011-01-31 Key scholars in the field of lesbian and sexuality studies take part in an innovative conversation that offers a radical new methodology for writing lesbian history and geography drawing new conclusions on the important and often overlooked work being done on female same sex desire and identity in relation to

premodern cultures      **Another Country** Scott Herring, 2010-06 Another Country expands the possibilities of queer studies beyond the city limits investigating the lives of rural queers across the United States from faeries in the Midwest to lesbian separatist communes on the coast of Northern California      *Gay Shame* David M. Halperin, Valerie Traub, 2009 Asking if the political requirements of gay pride have repressed discussion of the more uncomfortable or undignified aspects of homosexuality Gay Shame seeks to lift this unofficial ban on the investigation of homosexuality and shame by presenting critical work from the most vibrant frontier in contemporary queer studies      **Gender in Modernism** Bonnie Kime Scott, 2007 Grouped into 21 thematic sections this collection provides theoretical introductions to the primary texts provided by the scholars who have taken the lead in pushing both modernism and gender in different directions It provides an understanding of the complex intersections of gender with an array of social identifications
