Queering The Pitch The New Gay And Lesbian Musicology:

Queering the Pitch Philip Brett, Elizabeth Wood, Gary C Thomas, 2013-02-01 When the first edition of *Queering the Pitch* was published in early 1994 it was immediately hailed as a landmark and defining work in the new field of Gay Musicology. In light of the explosion of Gay Musicology since 1994 a new edition of *Queering the Pitch* is timely and needed. In this new work the editors are including a landmark essay by Philip Brett on Gay Musicology its history and scope. The essay itself has become a cause celebre and this will be its first full appearance in print. Along with this new historical essay the editors are contributing a new introduction that outlines the changes that have occurred over the last decade as Gay Musicology has grown.

Queering the Popular Pitch Sheila Whiteley, Jennifer Rycenga, 2013-01-11 *Queering the Popular Pitch* is a new collection of 19 essays that situate queering within the discourse of sex and sexuality in relation to popular music. This investigation addresses the changing debates within gay lesbian and queer discourse in relation to the dissemination of musical texts performance cultural production and sexual meaning situating music within the broader patterns of culture that it both mirrors and actively reproduces. The collection is divided into four parts: queering borders, queer spaces, hidden histories, queer thoughts, mixed media. *Queering the Popular Pitch* will appeal to students of popular music, Gay and Lesbian studies. With case studies and essays by leading popular music scholars it provides insightful discourse in a growing field of musicological research.

Out in the Field Ellen Lewin, William Leap, 1996 Lesbian and gay anthropologists write in *Out in the Field* about their research and personal experiences in conducting fieldwork about the ethical and intellectual dilemmas they face in writing about lesbian or gay populations and about the impact on their careers of doing lesbian gay research. The first volume in which lesbian and gay anthropologists discuss personal experiences, *Out in the Field* offers compelling illustrations of professional lives both closeted and out to colleagues and fieldwork informants. It also concerns aligning career goals with personal sexual preferences and speaks directly to issues of representation and authority currently being explored throughout the social sciences. *William Byrd*

and His Contemporaries Philip Brett, 2007 Publisher description **Music and Sexuality in Britten** Philip Brett, 2006-11-17 Philip Brett's groundbreaking writing on Benjamin Britten altered the course of music scholarship in the later twentieth century. This volume is the first to gather in one collection Brett's searching and provocative work on the great British composer. Some of the early essays opened the door to gay studies in music while the discussions that Brett initiated reinvigorated the study of Britten's work and inspired a generation of scholars to imagine the new musicology. Addressing urgent questions of how an artist's sexual cultural and personal identity feeds into specific musical texts, Brett examines most of Britten's operas as well as his role in the British cultural establishment of the mid twentieth century. With some of the essays appearing here for the first time, this volume develops a complex understanding of Britten's musical

achievement and highlights the many ways that Brett expanded the borders of his field The Oxford Handbook of Music and Queerness Fred Everett Maus, Sheila Whiteley, 2022-01-28 Music and queerness interact in many different ways The Oxford Handbook of Music and Queerness brings together many topics and scholarly disciplines reflecting the diversity of current research and methodology Each of the book's six sections exemplifies a particular rhetoric of queer music studies The section Kinds of Music explores queer interactions with specific musics such as EDM hip hop and country Versions explores queer meanings that emerge in the creation of a version of a pre-existing text for instance in musical settings of Biblical texts or practices of karaoke Voices and Sounds turns in various ways to the materiality of music and sound Lives focuses on interactions of people's lives with music and queerness Histories addresses moments in the past beginning with times when present conceptualizations of sexuality had not yet developed and moving to cases studies of more recent history including the creation of pop songs in response to HIV AIDS and the Eurovision song contest The final section Cross cultural Queerness asks how to understand gender and sexuality in locations where recent Euro American concepts may not be appropriate The Work of Opera Richard Dellamora, Daniel Fischlin, 1997 In this significant collection of original essays preeminent literary and cultural critics musicologists and queer theorists delve into the way opera shapes national character through its representations of gender sexuality and class The book includes essays on the works of Mozart Verdi Wagner and others and examines the impact of such modern phenomena as AIDS 10 photos 15 music examples En Travesti Corinne E. Blackmer, Patricia Juliana Smith, 1995 En Travesti addresses the ways in which opera empowers women by challenging conventional gender hierarchies Terry Castle Helene Cixous Lowell Gallagher and Elizabeth Wood are among the contributors Includes 20 musical examples *Disidentifications* José Esteban Muñoz, 1999 There is more to identity than identifying with one's culture or standing solidly against it Jose Esteban Munoz looks at how those outside the racial and sexual mainstream negotiate majority culture not by aligning themselves with or against exclusionary works but rather by transforming these works for their own cultural purposes Munoz calls this process disidentification and through a study of its workings he develops a new perspective on minority performance survival and activism Disidentifications is also something of a performance in its own right an attempt to fashion a queer world by working on with and against dominant ideology Whether examining the process of identification in the work of filmmakers performance artists ethnographers Cuban choteo forms of gay male mass culture such as pornography museums art photography camp and drag or television Munoz persistently points to the intersecting and short-circuiting of identities and desires that result from misalignments with the cultural and ideological mainstream in contemporary urban America Munoz calls attention to the world-making properties found in performances by queers of color in Carmelita Tropicana's Camp Choteo style politics Marga Gomez's performances of queer childhood Vaginal Creme Davis's Terrorist Drag Isaac Julien's critical melancholia Jean Michel Basquiat's disidentification with Andy Warhol and pop art Felix Gonzalez Torres's performances of disidentity and the political

Queer Episodes in Music and Modern Identity Sophie Fuller, Lloyd Whitesell, 2002 Through the hidden or lost Stories of composers scholars patrons performers audiences repertoire venues and specific works this volume explores points of intersection between music and queerness in Europe and the United States from 1870 to 1950 a period during which dramatic changes in musical expression and in the expression of individual sexual identity played similar roles in washing away the certainties of the past
