A. Symons,1944 **Experiments in Life-Writing** Lucia Boldrini,Julia Novak,2017-10-24 This volume examines innovative intersections of life writing and experimental fiction in the 20th and 21st centuries bringing together scholars and practicing biographers from several disciplines Modern Languages English and Comparative Literature Creative Writing It covers a broad range of biographical autobiographical and hybrid practices in a variety of national literatures among them many recent works texts that test the ground between fact and fiction that are marked by impressionist self reflexive and intermedial methods by their recourse to myth folklore poetry or drama as they tell a historical character s story Between them the essays shed light on the broad range of auto biographical experimentation in modern Europe and will appeal to readers with an interest in the history and politics of form in life writing in the ways in which departures from traditional generic paradigms are intricately linked with specific views of subjectivity with questions of personal communal and national identity The Introduction of this book is open access under a CC BY 4 0 license via link [springer.com](https://www.springer.com) *The Quest for Corvo*

Secreted Desires Michael Matthew Kaylor, 2006 **The Romance of K'tut Tantri and Indonesia** Timothy Lindsey, 2008 This historiographic study of K tut Tantri alias Vannen Walker the journalist from the Isle of Man Muriel Pearson the unhappy wife and Surabaya Sue the notorious revolutionary compares her romantic and colorful autobiography *Revolt in Paradise* with other versions of her past including those of her fellow Bali colonists and her revolutionary comrades as well as her foes the Dutch and various intelligence organizations These alternatives accounts of her past question the image of K tut Tantri as hero portraying her instead as dishonest unstable egotistical and immoral Such criticisms have overshadowed proper recognition of her role in the development of modern Indonesia both as a bohemian hotelier in between wars Bali and later as propaganda broadcaster and adviser to Indonesian revolutionary leaders including Soekarno Sutomo and Syarifuddin Focusing on the nature of biography and autobiography this book analyses K tut Tantri s self defeating battle to use history in text and film script to define her identity and reappropriate her past An examination of the use of ideas of truth and fiction in understanding the past leads to broader consideration of the nature of history and its uses Finally an attempt is made to reconcile the deconstruction of K tut Tantri s autobiography with both an acceptance of the validity of alternative historical genres and an acceptance of the problems inherent in writing a history of a living person

All We Know Lisa Cohen, 2024-06-04 Esther Murphy was a brilliant New York intellectual who dazzled friends and strangers with an unstoppable flow of conversation But she never finished the books she was contracted to write a painful failure and yet a kind of achievement The quintessential fan Mercedes de Acosta had intimate friendships with the legendary actresses and dancers of the twentieth century Her ephemeral legacy lies in the thousands of objects she collected to preserve the memory of those performers and to honor the feelings they inspired An icon of haute couture and a fashion editor of *British Vogue* Madge Garland held bracing views on dress that drew on her feminism her

ideas about modernity and her love of women Existing both vividly and invisibly at the center of cultural life she like Murphy and de Acosta is now almost completely forgotten In All We Know Lisa Cohen describes these women s glamorous choices complicated failures and controversial personal lives with lyricism and empathy At once a series of intimate portraits and a startling investigation into style celebrity sexuality and the genre of biography itself All We Know explores a hidden history of modernism and pays tribute to three compelling lives All We Know is one of Publishers Weekly s Top 10 Best Books of 2012
