Quest For Paradise:

The Kingdom of Fantasy (Geronimo Stilton and the Kingdom of Fantasy #1) Geronimo Stilton, 2011-09-01 Join Geronimo for his biggest most fabumouse adventure yet Dragons mermaids and much much more await readers in this very special edition I knew from the start that it was no ordinary day but I certainly didn't expect to find a golden staircase in my attic Up at the top there was a door And beyond the door was a world I never could have imagined the Kingdom of Fantasy Along with my guide a frog named Scribblehopper I set off on an incredible adventure to save the Queen of the Fairies But along the way I had to face giant scorpions witches sea serpents pixies and dozens of other creatures that I had only ever heard stories about Holey cheese what a journey Could I save the Queen and my own tail [Search for Paradise](#) Jens Naumann, 2012-08-31 Jens Naumann a typical energetic young man of 17 had just moved out of his parent's home in Northern British Columbia moving into a railway camp as an employee with the British Columbia Railway All goes well as Jens enjoys his new found freedom treasuring his driver's license and its associated freedom of travel Then on a wintry day in 1981 fate rears its ugly head and strikes him blind in his left eye Jens quickly rearranges his life to accommodate his new found fear that of losing his remaining eye now that the true vulnerability of his eyesight is revealed As his life continues onwards despite the initial readjustment he finds ultimate happiness in his new marriage to his young wife Lorri and just when life stands at its threshold of paradise exploring fatherhood along with the beauty of travel and thrill his worst nightmare becomes reality not once but twice in the most bizarre series of unforeseen incidents of bad luck as Jens is totally blinded with no foreseeable chance of seeing again according to the best medical experts Jens tries his best to adjust to this unwanted situation exploring conventional methods of rehabilitation to live with blindness as well as using imaginative totally unheard of activities in order to pass his time in a hope of someday being able to see again despite all the odds stacked against him Close to the turn of the century Jens unexpectedly receives news of an American Medical Device Engineer Dr William H Dobelle inviting blind adults as patients for his newly developed artificial vision system designed to provide limited vision via visual cortex stimulation Dr Dobelle claims that his system has a good chance in functioning based on previous experimenting with volunteers at the same time classifying the surgical procedure as minor The system and its related components is complicated consisting of not only the implants but a series of electrical sockets protruding from the patient's head to which an array of computer boxes and stimulator hardware is connected and worn by the patient Jens is determined to be one of the patients regardless of the remoteness of the chance of being one out of literally millions of blind people in the World possibly lining up to have this procedure in hopes of ending their blindness for once and for all To his absolute surprise Jens is accepted as the first patient for this procedure and slowly builds a relationship with Dr Dobelle as Jens overcomes obvious barriers of raising enough money for the very expensive procedure as well as fighting the challenges of relentless forces working against him for his involvement in the Dobelle vision project Armed with preconceived ideas of how

a research institute should be run Jens travels overseas for the various stages of the procedure only to find the most astonishing facts of what goes on in the heart of a renowned medical research institute Not only is Jens looking at the workings of the Dobelle Institute from the view of a patient but in short time Jens is hired by the firm as Patient Representative providing further exploration yet on the inner most details concerning a research company and its treatment of the 15 additional implanted patients Throughout the book Jens describes the devastation exhilaration disappointment elation and confusion that attempts at sight recovery medical intervention media propaganda and ethical boundaries conjure in the most illustrative intensity The manner in which the book ends is most indescribable one could view it as the final straw the beginning of a new era the curse of the unforgiven the sadness of a crushing reality the beginning of a good job left unfinished or that of the birth of a new expert compelled to unleash the new found knowledge for the whole World to thrive Just as many questions are answered many more yet are opened and left so far undiscovered Search for Paradise is ce

Eden The New York Times Book Review Where precisely was God's Paradise St Augustine had a theory So did medieval monks John Calvin and Christopher Columbus But when Darwin's theory of evolution changed our understanding of human origins shouldn't the desire to put a literal Eden on the map have faded away Not so fast This gloriously researched pluckily written historical and anecdotal essay of humankind's age-old quixotic quest for the exact location of the Biblical garden Elle explores an obsession that has consumed scientists and theologians alike for centuries To this day the search continues taken up by amateur explorers clergymen scholars engineers and educators romantic seekers all who started with the same simple sounding Bible verses only to end up at a different spot on the globe Sri Lanka the Seychelles the North Pole Mesopotamia China Iraq and Ohio Inspired by an Eden seeker in her own family Wilensky Lanford approaches her subjects with respect enthusiasm and conscientious research San Francisco Chronicle as she traverses a century spanning history provoking surprising insights into where we came from what we did wrong and where we go from here And it all makes for a lively journey Kirkus Reviews

The Siege of Shangri-La Michael McRae, 2012-04-25 The story of the quest for a real life Shangri-La in the darkest heart of the Himalayas a century long obsession to reach the sacred hidden center of one of the world's last uncharted realms At the far eastern end of the Himalayas in Tibet lies the Tsangpo River Gorge known as the great romance of geography during the nineteenth century's golden age of exploration Here the mighty Tsangpo funnels into an impenetrable canyon three miles deep walled off from the outside world by twenty five thousand foot peaks Like the earthly paradise of Shangri-La immortalized in James Hilton's classic 1933 novel Lost Horizon the Tsangpo River Gorge is a refuge revered for centuries by Tibetan Buddhists and later in Western imagination as a sanctuary in times of strife as well as a gateway to nirvana The Siege of Shangri-La tells the story of this fabled land's exploration as both a geographical and spiritual destination and chronicles the discovery at the end of the last millennium of the truth behind the myths and rumors about it Veteran journalist Michael McRae traces the gorge's exploratory history from the clandestine missions of surveyor spies called pundits and botanical expeditions of naturalists in the early twentieth century to the recent investigations of scholars adventurers and pilgrims seeking the Hidden Falls of the Tsangpo which purportedly rivals Niagara in size and serves as the gateway to paradise Each explorer's narrative provides increasing evidence of why the gorge has been mythologized in Eastern and Western lore as one of the world's most alluring blanks on the map and a supreme test of human will Taking readers on a guided tour of the gorge's landscape physical and metaphysical McRae presents an insightful look at the pursuit of glory and enlightenment that has played out in this mysterious land with sometimes disastrous consequences The Siege of Shangri-La is a fascinating journey through the inner recesses of a remote mystical world and the minds of those who have attempted to reach it From the Hardcover edition
