*General Minutes of the Annual Conferences of the United Methodist Church in the United States, Territories, and Cuba* Methodist Church (U.S.), 1840 Quest for Economic Empire Volker Berghahn, 1996 German unification evoked ambivalent reactions outside its borders it revived disquieting memories of attempts by German big business during the two world wars to build an economic empire in Europe in conjunction with the military and the government bureaucracy But there are also high hopes that German finance and industry will serve as the engine of reconstruction in eastern Europe just as it played this role in the postwar unification of western Europe United Germany Konrad H. Jarausch, 2013-07-01 Since the attempt to unite two parts of a country divided for four decades yielded contradictory results this volume provides a balance sheet of the successes and failures of German unification during the first quarter century after the fall of the Wall Five themes ranging from the transfer of political institutions to the economic crisis from the social upheaval for women's movements to the cultural efforts at interpretation and the changes in foreign policy have been chosen to illustrate the complexity of the process The contributors represent a broad interdisciplinary mix of political scientists historians and literary scholars Because personal experiences tend to color scholarly judgments they are drawn from West Germany East Germany and the United States This collection is the most up to date and comprehensive assessment of the political social and intellectual consequences of the efforts to regain German unity *Sun Lore of All Ages* William Tyler Olcott, 2013-03-21 From the ruins of Greek and Roman temples to Mexico's Pyramid of the Sun and the enduring mysteries of Stonehenge this captivating study circles the earth in its examination of the legends traditions and superstitions that all cultures have woven about the sun Starting with solar creation myths this volume explores ancient ideology surrounding the sun and moon solar mythology and solar folklore An extended analysis of sun worship around the world leads to accounts of sun catcher myths and solar festivals Solar omens traditions and superstitions are discussed at length along with the solar significance of burial customs and emblematic and symbolic forms of the sun The book concludes with a look at the sun in light of scientific discovery 30 evocative illustrations complement the text The Quest for a European Strategic Culture C. Meyer, 2006-11-08 The Quest for a European Strategic Culture investigates whether strategic norms and beliefs held in different countries have become more similar since 1989 and explores the implications for the viability of a common European Security and Defence Policy The empirical evidence emerging from various sources shows some significant changes **Helmut Kohl's Quest for Normality** Christian Wicke, 2015-02-01 During his political career Helmut Kohl used his own life story to promote a normalization of German nationalism and to overcome the stigma of the Nazi period In the context of the cold war and the

memory of the fascist past he was able to exploit the combination of his religious generational regional and educational he has a PhD in History experiences by connecting nationalist ideas to particular biographical narratives Kohl presented himself as the embodiment of normality a de radicalized German nationalism which was intended to eclipse any anti Western and post national peculiarities This book takes a biographical approach to the study of nationalism by examining its manifestation in Helmut Kohl and the way he historicized Germany's past

Among postwar political leaders West German Chancellor Willy Brandt played one of the most significant roles in reconciling Germans with other Europeans and in creating the international framework that enabled peaceful reunification in 1990 Based on extensive archival research this book provides a comprehensive analysis of Brandt's Ostpolitik from its inception until the end of the Cold War through the lens of reconciliation Here Benedikt Schoenborn gives us a Brandt who passionately insisted on a gradual reduction of Cold War hostility and a lasting European peace while remaining strategically and intellectually adaptable in a way that exemplified the imaginativeness of history
