Quest Of The Overself:

The Quest Of The Overself P Brunton, Paul Brunton, 2011-10-31 By far the safest and most rational exposition of Eastern metaphysics and the practice of mental discipline that I have read Spectator The Quest of the Overself shows Western readers how to achieve serenity of mind control of thought and desire and the power to use higher forces by means of simple exercises These include breathing and visualisation as well as mental control through meditation These ideas which the author gained by extensive travel in India are as relevant to us today as they were when first published in 1937 Paul Brunton was a British philosopher mystic and traveler He left a successful journalistic career to live among yogis and holy men and studied a wide variety of Eastern and Western esoteric spiritual traditions As he explains in the still fresh and fascinating The Quest of the Overself meditation and the quest for inner peace are by no means exclusively for monks and hermits but also support those living everyday active lives in the West *The Wisdom of the Overself* Paul

The Hidden Teaching Beyond Yoga Paul Brunton, 2015-05-05 Inspired by his time spent with wise sages in Asia in the 1930s Paul Brunton 1898 1981 wrote The Hidden Teaching Beyond Yoga and its companion volume The Wisdom of the

Overself at the request of these remarkable teachers who recognized that he had a significant role to play in the transmission of Hindu Vedanta and Buddhism to the West Brunton's books are a profound re-creation of the teachings of those two philosophical schools of thought informed by the insights of deep meditation. Clearly written without the specialized vocabulary found in those traditions, the books speak directly to the contemporary spiritual seeker. *The Hidden Teaching Beyond Yoga* is a step-by-step guide to actually experiencing the spiritual truth that reality is formed within our consciousness rather than outside us in the world of material things. Brunton's expert analysis of perception grounded in science is designed to awaken us to our sacred foundation and to transform our personality into a mirror of that reality. Brunton prepares us for this journey by describing the attitudes, mental disciplines, and character traits that are beneficial for success in this quest. This new edition has been updated to incorporate the author's final revisions and includes an introduction by the Paul Brunton Philosophic Foundation. Contents: Foreword by The Paul Brunton Philosophic Foundation 1. Beyond Yoga 2. The Ultimate Path 3. The Religious and Mystic Grades 4. The Hidden Philosophy of India 5. Compiled by the Paul Brunton Philosophic Foundation. Editors: [A Search in Secret India](#) Paul Brunton, 2016. *A Search in Secret India* is the story of Paul Brunton's journey around India living among yogis, mystics, and gurus, some of whom he found convincing, others not. He finally finds the peace and tranquility which come with self-knowledge when he meets and studies with the great sage Sri Ramana Maharishi. Paul Brunton was a British philosopher, mystic, traveler, and guru. He left a journalistic career to live among yogis, mystics, and holy men and studied Eastern and Western esoteric teachings. Dedicating his life to an inward and spiritual quest, Brunton felt charged to communicate his experiences about what he learned in the East to others. His works had a major influence on the spread of Eastern mysticism to the West. Taking pains to express his thoughts in layperson's terms, Brunton was able to present what he learned from the Orient and from ancient tradition as a living wisdom. His writings express his view that meditation and the inward quest are not exclusively for monks and hermits but will also support those living normal active lives in the Western world.

The Secret Path Paul Brunton, 2011-08-31. The treasure trove of the real self is within us, but it can be lifted only when the mind is still. Paul Brunton was one of the 20th century's greatest explorers of and writers on the spiritual traditions of the East. He travelled widely throughout India in particular and met gurus and teachers who enriched his life immeasurably. By passing on to us the wisdom he learned directly from these holy men, he is widely credited as having introduced yoga and meditation to the West. In *The Secret Path*, Paul Brunton explains in simple language how to meditate and how this will transform your everyday existence. He also describes the remarkable experiences and understandings he himself gained from meditation and how by making this ancient practice a
