## Question Driven Writing:

*The Knowledge Gap* Natalie Wexler, 2019-08-06 Essential reading for teachers education administrators and policymakers alike STARRED Library Journal The untold story of the root cause of America's education crisis It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country's frustrating lack of progress when it comes to providing every child with a quality education The problem wasn't one of the usual scapegoats lazy teachers shoddy facilities lack of accountability It was something no one was talking about the elementary school curriculum's intense focus on decontextualized reading comprehension skills at the expense of actual knowledge In the tradition of Dale Russakoff's *The Prize* and Dana Goldstein's *The Teacher Wars* Wexler brings together history research and compelling characters to pull back the curtain on this fundamental flaw in our education system one that fellow reformers journalists and policymakers have long overlooked and of which the general public including many parents remains unaware But *The Knowledge Gap* isn't just a story of what schools have gotten so wrong it also follows innovative educators who are in the process of shedding their deeply ingrained habits and describes the rewards that have come along students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed If we truly want to fix our education system and unlock the potential of our neediest children we have no choice but to pay attention

**Essential Questions** Jay McTighe, Grant P. Wiggins, 2013 This book from the authors of *Understanding by Design* explores how to design and frame essential questions that prompt students to think deeply and create a more stimulating environment for learning

**Make Just One Change** Dan Rothstein, Luz Santana, 2011-09-01 The authors of *Make Just One Change* argue that formulating one's own questions is the single most essential skill for learning and one that should be taught to all students They also argue that it should be taught in the simplest way possible Drawing on twenty years of experience the authors present the Question Formulation Technique a concise and powerful protocol that enables learners to produce their own questions improve their questions and strategize how to use them *Make Just One Change* features the voices and experiences of teachers in classrooms across the country to illustrate the use of the Question Formulation Technique across grade levels and subject areas and with different kinds of learners

*The Memoir Project* Marion Roach Smith, 2011-06-09 An extraordinary practical resource for beginners looking to write their own memoir now new and revised Kirkus Reviews The greatest story you could write is one you've experienced yourself Knowing where to start is the hardest part but it just got a little easier with this essential guidebook for anyone wanting to write a memoir Did you know that the 1 thing that baby boomers want to do in retirement is write a book about themselves It's not that every person has lived such a unique or dramatic life but we inherently understand that writing a memoir whether it's a book blog or just a letter to a child is the single greatest path to self examination Through the use of disarmingly frank but wildly fun tactics that offer you simple and effective guidelines that work you can stop treading water in writing exercises or hiding

behind writer's block Previously self published under the title *Writing What You Know* Raelia this book has found an enthusiastic audience that now writes with intent      Story Trumps Structure Steven James, 2014-05-27 Don't limit your fiction LIBERATE IT All too often following the rules of writing can constrict rather than inspire you With *Story Trumps Structure* you can shed those rules about three act structure rising action outlining and more to craft your most powerful emotional and gripping stories Award winning novelist Steven James explains how to trust the narrative process to make your story believable compelling and engaging and debunks the common myths that hold writers back from creating their best work Ditch your outline and learn to write organically Set up promises for readers and deliver on them Discover how to craft a satisfying climax Master the subtleties of characterization Add mind blowing twists to your fiction When you focus on what lies at the heart of story tension desire crisis escalation struggle discovery rather than plot templates and formulas you'll begin to break out of the box and write fiction that resonates with your readers *Story Trumps Structure* will transform the way you think about stories and the way you write them forever      *Writing Irresistible Kidlit* Mary Kole, 2012-12-04 Captivate the hearts and minds of young adult readers Writing for young adult YA and middle grade MG audiences isn't just kid's stuff anymore it's kidlit The YA and MG book markets are healthier and more robust than ever and that means the competition is fiercer too In *Writing Irresistible Kidlit* literary agent Mary Kole shares her expertise on writing novels for young adult and middle grade readers and teaches you how to Recognize the differences between middle grade and young adult audiences and how it impacts your writing Tailor your manuscript's tone length and content to your readership Avoid common mistakes and cliches that are prevalent in YA and MG fiction in respect to characters story ideas plot structure and more Develop themes and ideas in your novel that will strike emotional chords Mary Kole's candid commentary and insightful observations as well as a collection of book excerpts and personal insights from bestselling authors and editors who specialize in the children's book market are invaluable tools for your kidlit career If you want the skills techniques and know how you need to craft memorable stories for teens and tweens *Writing Irresistible Kidlit* can give them to you      *Writing Useful, Accessible, and Legally Defensible Psychoeducational Reports* Michael Hass, Jeanne Anne Carriere, 2014-03-24 PRACTICAL GUIDANCE ON WRITING USEFUL ACCESSIBLE AND LEGALLY DEFENSIBLE PSYCHOEDUCATIONAL REPORTS From clearly identifying reasons for referral to making recommendations based on assessment results *Writing Useful Accessible and Legally Defensible Psychoeducational Reports* offers practical guidance for creating reports that enhance the understanding of children and their strengths and challenges in order to better meet their educational and functional needs The authors offer step by step guidelines for developing an assessment plan in a collaborative process with parents teachers and other professionals choosing appropriate assessment and data collection tools gathering relevant information and providing clear and feasible individualized recommendations that directly respond to referral concerns in a format easily understood by parents and teachers Ideal for graduate students in school psychology school psychologists and

**The Writing Revolution** Judith C. Hochman, Natalie Wexler, 2017-07-27 Why you need a writing revolution in your classroom and how to lead it The Writing Revolution TWR provides a clear method of instruction that you can use no matter what subject or grade level you teach The model also known as The Hochman Method has demonstrated over and over that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback Insurmountable as the challenges faced by many students may seem The Writing Revolution can make a dramatic difference And the method does more than improve writing skills It also helps Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities The Writing Revolution is as much a method of teaching content as it is a method of teaching writing There s no separate writing block and no separate writing curriculum Instead teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction But perhaps what s most revolutionary about the TWR method is that it takes the mystery out of learning to write well It breaks the writing process down into manageable chunks and then has students practice the chunks they need repeatedly while also learning content
