Class Struggle and the Jewish Nation Ber Borochov, This volume contains the first broad selection of essays made available in English by Ber Borochov one of the leading intellectuals of the early Zionist movement Borochov founded the Labor Zionist party in 1906 and was the pillar of the Israeli Labor party from whose ranks arose such figures as David Ben Gurion and Itzhak Ben Tsvi He is best remembered for his ability to synthesize socialism and nationalism Borochov argues that early Marxist theory failed to understand the causes of nationalism and views it only as a temporary phenomenon Borochov tried to synthesize socialism with Jewish nationalism Zionism was a movement necessary to free oppressed Eastern European Jews and permit them to further socialist ideals in their own nation state The dilemma is that socialist internationalism requires national culture to be of no further value once a socialist victory occurs in a country Borochov's essays provide an important if largely unknown perspective on these questions
