

A QUESTION OF ETHICS

Canadians Speak Out

Maurice Mancuso / Michael M. Atkinson
André Blais / Ian Greene / Neil Neville

REVISED
EDITION

Question Of Ethics Canadians Speak Out

Lisa Pasolli, Julia Smith

Question Of Ethics Canadians Speak Out:

A Question of Ethics Maureen Mancuso,1998 For this study of political ethics in Canada the authors went directly to the public by means of a broad based survey to try and map out more precisely the contours in the late 1990s of what is acceptable in political behaviour

Final Appeal Ian Greene,1998 Appeal courts including the Supreme Court of Canada rule on the most contentious issues facing Canadian society abortion Aboriginal land claims gay rights The authors of this book have conducted extensive research into the nature and function of appeal courts and here present their findings This book outlines how appeal court judges make their decisions and how they defend them the role played by judicial discretion regional differences in appeal court operations and the increasingly controversial role courts play in policymaking

Final Appeal is a detailed analysis of the nature and operation of Canada's courts of appeal

Thinking Government David Johnson,2006-01-01 *Thinking Government* offers a one stop resource perfect for courses on Canadian public administration and governance

Evert A Lindquist University of Victoria

Constitutional Politics in Canada and the United States Stephen L. Newman,2012-02-01 The Canadian constitutional reforms of 1982 which included a Charter of Rights and Freedoms analogous to the American Bill of Rights brought about a convergence with American constitutional law As in the U S Canadian courts have shown themselves highly protective of individual rights and they have not been shy about assuming a leading and sometimes controversial political role in striking down legislation In clear and easy to understand language the contributors not only chart but also explore the reasons for areas of similarity and difference in the constitutional politics of Canada and the United States

Motivating Ministers to Morality Ian Holland,2017-11-22 This title was first published in 2002 Political ethics is a rapidly growing field in disciplines such as political science philosophy applied ethics and public policy and it has become a major topic in current affairs reporting of politics This book discusses the most prominent subjects and occasional victims of the ethics debate government ministers It is the first major work to discuss institutional reforms around the world that target ministerial morality and asks how are these reforms influencing the motivation and conduct of the most powerful of our politicians The book provides unique insights into ministerial behaviour and the changing role of institutions in influencing the ethics of the executive with analyses from around the world Contributors to the volume include international high profile players in political ethics They include Lord Nolan the first Chairman of Britain's Joint Parliamentary Committee on Standards in Public Life Professor Robert J Jackson a leading Canadian political scientist instrumental in establishing the Canadian Office of the Ethics Counsellor and Associate Professor Noel Preston the leading commentator on ethics in Australian politics who has been involved in developing a number of its ethical regimes

Comparing Democracies 2 Mr Lawrence LeDuc,Professor Richard G Niemi,Dr Pippa Norris,2002-02-21 The first edition of *Comparing Democracies* was a landmark text providing students with a thematic introduction to the global study of elections and voting In this major new edition the world's leading international scholars have again produced

an indispensable guide and up to date review of the whole field Each of the chapters the majority of which are completely new provide a broad theoretical and comparative understanding of all the key topics associated with the elections including electoral and party systems voter choice and turnout campaign communications and the new politics of direct democracy This Second Edition will remain essential reading for students and lecturers of elections and voting behaviour comparative politics parties and democracy Ethics and Integrity in British Politics Nicholas Allen, Sarah Birch, 2015-02-05 Drawing on original data this book is the first account of popular understandings of political ethics in contemporary British politics

Misplaced Distrust Éric Montpetit, 2011-11-01 Citizens of industrialized countries largely share a sense that national and international governance is inadequate believing not only that public authorities are incapable of making the right policy decisions but also that the entire network of state and civil society actors responsible for the discussion negotiation and implementation of policy choices is untrustworthy Using agro environmental policy development in France the United States and Canada as case studies ric Montpetit sets out to investigate the validity of this distrust through careful attention to the performance of the relevant policy networks He concludes that distrust in policy networks is for the most part misplaced because high levels of performance by policy networks are more common than many political analysts and citizens expect

Honest Politics Now Ian Greene, David P. Shugarman, 2017-05-15 For many honest politics is an oxymoron Yet there have been enormous changes in Canadian public life in the past two decades to identify and address expectations that politicians and officials will act honestly and in the public interest Using high profile political scandals as case studies this book explores the standards of accountability to which Canadian politicians are now being held Among the case studies addressed are the gas plant scandal in Ontario the Railgate scandal in B C the Robocalls affair the sponsorship scandal Stephen Harper s attack on the Chief Justice of the Supreme Court and the saga of Rob Ford This book critically analyzes changes introduced and implemented over the last twenty years intended to deal with ethical issues in politics including the boom of independent ethics commissioners the regulation of lobbyists in Canada and federal efforts to protect whistle blowers Contributors to the book include experts in all these areas drawn from across the country The Courts Ian Greene, 2011-11-01 Ian Greene offers an insider s perspective on the role of judges lawyers and expert witnesses the cost of litigation the representativeness of juries legal aid issues and questions of jury reform He also examines judicial activism in the wider context of public participation in courts administration and judicial selection and of how responsive the courts are to the expectations of Canadian citizens The Courts moves its examination of the judicial system beyond the well trodden topics of judicial appointment discipline independence and review to consider the ways in which courts affect daily life in terms of democratic principles Although courts are often viewed as elitist and unaccountable they are more valuable aspect of democratic practice than most citizens realize *The Human Paradox* Ralph Heintzman, 2022-08-31 What is a human being What does it mean to be human How can you lead your life in ways that best fulfil your own nature In The Human

Paradox Ralph Heintzman explores these vital questions and offers an exciting new vision of the nature of the human The Human Paradox aims to counter or correct several contemporary assumptions about the nature of the human especially the tendency of Western culture since the seventeenth century to identify the human with rationality and the rational mind Using the lens of the virtues The Human Paradox shows how rediscovering the nature of the human can help not just to understand one's own paradoxical nature but to act in ways that are more consistent with its full reality Offering accessible insight from both traditional and contemporary thought The Human Paradox shows how a fuller richer vision of the human can help address urgent contemporary problems including the challenges of cultural and religious diversity human migration and human rights the role of the market artificial intelligence the future of democracy and global climate change This fresh perspective on the Western past will guide readers into what it means to be human and open new possibilities for the future

The Charter of Rights and Freedoms Ian Greene, 2014-11-18 Canada's Charter of Rights and Freedoms has transformed Canadian life since it was adopted as part of the Canadian constitution in 1982 The Charter requires judges to make decisions on a wide range of issues that affect all Canadians In doing so the courts play a major role in citizens' lives Because of the Charter The law against prostitution was struck down The Harper government's treatment of child soldier Omar Khadr was found to violate his rights Vancouver's Insite safe injection site was kept open overriding a federal government decision requiring it to shut down Ian Greene is a political scientist and his focus in this book is to highlight the many significant ways the Charter shapes Canadian life After providing background on the creation and implementation of the Charter he describes its impact on a wide range of issues aboriginal affairs voting rights freedom of religion the right to strike and language rights among others Greene describes key decisions in these areas and comments on the often conflicting views of the judges deciding them Even though the Charter is a legal document debated by lawyers and decided by judges Greene approaches his subject with an eye on the political impact the Charter has on governments and ordinary citizens Public discussion of the Charter is often framed around the question of who should make these important decisions elected politicians or unelected judges This book provides a clear understanding of how the Charter works and how ordinary citizens have succeeded or failed to win change from the courts It offers information that people on every side of public discussion can use regarding the role of the Charter in Canadian life

Comparing Democracies 2 Lawrence LeDuc, Richard G Niemi, Pippa Norris, 2002-04-23 A vigorous and healthy system of representative government does not live by competitive elections alone conclude political scientists from North America and Europe but also requires transparency and accountability vigorous party competition political rights and civil liberties many channels for political communication and citizen participation In ten essays updated from the 1996 edition itself based on a conference they consider such aspects as the politics of direct democracy through referendums and initiatives candidate selection campaign communications and the dynamics of electoral participation

Rediscovering Reverence Ralph Heintzman, 2011-10-11 Drawing on familiar experiences as well as aspects

of western and eastern spiritual traditions Heintzman argues that religious practice is rooted in two basic ways human beings act in the world It is therefore an element in the structure of the human spirit not a phase in its history Explaining the meaning of religious practice in contemporary language Rediscovering Reverence is addressed to anyone who wants to explore the meaning and promise of a religious life A unique and thoughtful meditation on the role of reverence in everyday life Rediscovering Reverence presents new perspectives on modern faith religion and both personal and societal well being

How Ottawa Spends, 2004-2005 G. Bruce Doern, 2004-10-19 Drawing on the work of academics and other experts from across Canada Carleton University's School of Public Policy and Administration's annual book takes a focused and robust look at an era where a political coronation seemed inevitable but high expectations had to be managed downwards almost immediately A less than buoyant fiscal surplus escalating concerns about liberal ethics and corruption and a growing volatility in public opinion are examined as are Canadians increasingly uncertain views about the new Liberal leadership versus the old Liberal Party's ten year hold on power A new Conservative Party and a suddenly feisty New Democratic Party are also a central part of the new 2004-2005 Canadian political and policy milieu *Winning and Keeping Power in Canadian Politics* Jason Roy, Christopher Alcantara, 2020-08-07 In this work the authors employ a series of experiments to assess the strategies used to win elections and stay in power once elected *Value Change and Governance in Canada* Neil Nevitte, Professor in the Department of Political Science Neil Nevitte, 2002-01-01 Consequently they argue the institutions of democratic governance now operate in a profoundly different environment than that in which they were founded

Corruption and Conflicts of Interest Jean-Bernard Auby, Emmanuel Breen, Thomas Perroud, 2014-02-28 As in all periods of swift economic development and political upheaval our era of globalization has brought corruption and conflicts of interest into the spotlight This comprehensive study highlights the difficulties of devising global legislative an **Rethinking Feminist History and Theory** Lisa Pasolli, Julia Smith, 2025-01-31 Rethinking Feminist History and Theory considers the past present and future of feminist history and theory emphasizing how feminism has influenced the histories of gender class and labour and their intersections This vibrant collection inspired by the work of historian and women's studies scholar Joan Sangster features essays from academics across multiple disciplines highlighting the dynamism of feminist historical scholarship in Canada The book explores questions such as the following How has women's resistance and radicalism been expressed lived represented and repressed over the past century How do we research these phenomena How do we situate feminism in relation to other movements for egalitarian social change Contributors explicitly address these recurring themes aiming to chart new directions for future research and teaching While primarily Canadian focused the collection includes global perspectives with contributions from scholars in Chile Finland Sweden and the UK The essays emphasize the importance of cross disciplinary collaboration incorporating insights from labour studies political economy anthropology legal studies and feminist theory Ultimately Rethinking Feminist History and Theory engages deeply with Sangster's rich and

wide ranging work to understand and interpret women s experiences It seeks to inspire future scholarship and teaching in feminist history and theory showcasing the ongoing relevance and adaptability of feminist perspectives The Civic Culture Transformed Russell J. Dalton,Christian Welzel,2014-12-31 This book re evaluates Almond Verba and Pye s original ideas about the shape of a civic culture that supports democracy Marshaling a massive amount of cross national longitudinal public opinion data from the World Values Survey Association the authors demonstrate multiple manifestations of a deep shift in the mass attitudes and behaviors that undergird democracy The chapters in this book show that in dozens of countries around the world citizens have turned away from allegiance toward a decidedly assertive posture to politics they have become more distrustful of electoral politics institutions and representatives and are more ready to confront elites with demands from below Most importantly societies that have advanced the most in the transition from an allegiant to an assertive model of citizenship are better performing democracies in terms of both accountable and effective governance

Ignite the flame of optimism with Get Inspired by is motivational masterpiece, Fuel Your Spirit with **Question Of Ethics Canadians Speak Out** . In a downloadable PDF format (Download in PDF: *), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.

Question Of Ethics Canadians Speak Out Introduction

In the digital age, access to information has become easier than ever before. The ability to download Question Of Ethics Canadians Speak Out has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Question Of Ethics Canadians Speak Out has opened up a world of possibilities. Downloading Question Of Ethics Canadians Speak Out provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Question Of Ethics Canadians Speak Out has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Question Of Ethics Canadians Speak Out. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Question Of Ethics Canadians Speak Out. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Question Of Ethics Canadians Speak Out, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Question Of Ethics Canadians Speak Out has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Question Of Ethics Canadians Speak Out Books

1. Where can I buy Question Of Ethics Canadians Speak Out books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
