Questioning Krishnamurti Dialogues With Leading 20th Century Thinkers:

The Transformative Philosophical Dialogue Shai Tubali, 2023-09-25 This book explores dialogue as a transformative form of philosophical practice by unveiling the method behind the unique dialogue developed by mystic and thinker Jiddu Krishnamurti 1895 1986 While Krishnamurti himself generally rejected the cultivation of systems and techniques Shai Tubali argues that there are easily identifiable patterns through which Krishnamurti strove to realize his dialogical aims For this reason he refers to this method whose existence has evaded Krishnamurti's followers and scholars alike as the Krishnamurti dialogue He suggests that these discursive patterns serve to broaden our understanding of the possibilities of philosophical and religious dialogues and further illuminate established forms of dynamic discourse such as the Socratic method Inspired by Pierre Hadot's revolutionary reading of the classical Greco Roman texts the author centers his attention on Plato's Socratic dialogues and the guru-disciple conversations in the Hindu Upanishads which fall within the scope of what may be termed the transformative dialogue dialogues that have been written with the intention of bringing about a transformation in the mind of the interlocutor and reader and reorienting their way of life This text appeals to students as well as researchers and suggests that the Krishnamurti dialogue is not only a continuation and development of the transformative dialogue but that it also amalgamates ingredients of classical Western philosophy and South Asian mysticism Moreover this type of dialogue encourages readers to revisit the lost practice of transformative philosophy in that it reveals new pathways of philosophical and religious inquiry that bear thought provoking practical implications *Encountering Buddhism in Twentieth-Century British and American Literature* Lawrence Normand, Alison Winch, 2013-10-24 *Encountering Buddhism in Twentieth-Century British and American Literature* explores the ways in which 20th century literature has been influenced by Buddhism and has been in turn a major factor in bringing about Buddhism's increasing spread and influence in the West Focussing on Britain and the United States Buddhism's influence on a range of key literary texts will be examined in the context of those societies evolving modernity Writers discussed include T S Eliot Hermann Hesse Virginia Woolf Jack Kerouac Allen Ginsberg J D Salinger Iris Murdoch Maxine Hong Kingston This book brings together for the first time a series of context rich interpretations that demonstrate the importance of literature in this ongoing cultural change in Britain and the United States **Indian Books in Print** ,2003 Indian Review of Books ,2000 **Books in Print Supplement** ,2002 The Publishers Weekly ,1996 Journal of Indian Council of Philosophical Research ,2005 **Subject Guide to Books in Print** ,2001 **Books in Print** ,1991 *The Revolution from Within* Jiddu Krishnamurti, 2013-10-30 There must be a revolution in our thinking declares the author J Krishnamurti 1895 1986 who remains one of the greatest philosophers and teachers of modern times In this series of lectures given in the U S and various cities throughout the world in the 1950s he again confronts the habitual projection making mind which fails to see what is while it absorbs itself in belief and illusion Topics covered in these essays include the process of change at all levels the development of discipline quieting the mind self

awareness and freedom from slavery to mind While we humans are constantly making superficial modifications of our circumstances such gestures never lead to a radical transformation characterized by clarity lack of prejudice spontaneity genuine peace and happiness People would rather line up behind some leader or a particular religious teaching following the dictates of some outside authority than to think for themselves Krishnamurti explains Sadly most of our existence is spent in that way trying to live up to something trying to bring about a change in our attitude to change according to the pattern which we have projected as an ideal as a belief Only by rigorous self observation and self questioning is there any hope that humankind will overcome its blindness and self obsession enough to bring about an end of violence war and other misery on this beleaguered planet **Whitaker's Books in Print** ,1998 **The Collected Works of J. Krishnamurti** Jiddu

Krishnamurti,1991 In these talks given in Ojai and India Krishnamurti discusses the nature of the observer He states in the beginning to understand the confusion and misery that exist in ourselves and to in the world we must first find clarity within ourselves and this clarity comes about through right thinking Right thinking comes with self knowledge Without understanding yourself you have no basis for thought without self knowledge what you think is not true **Questioning**

dialogues between the great spiritual leader and the renowned physicist that shed light on the fundamental nature of existence Krishnamurti and David Bohm probe such questions as why has humanity made thought so important in every aspect of life How does one cleanse the mind of the accumulation of time and break the pattern of ego centered activity The Ending of Time concludes by referring to the wrong turn humanity has taken but does not see this as something from which there is no escape There is an insistence that mankind can change fundamentally but this requires going from one s narrow and particular interests toward the general and ultimately moving still deeper into that purity of compassion love and intelligence that originates beyond thought time or even emptiness Library Journal Melvil Dewey,Richard Rogers
