Questioning The Bible:

Questioning the Bible Jonathan Morrow, 2014 Can a thoughtful person today seriously believe that God wrote a book There are an unprecedented number of sophisticated attacks on the origin credibility and reliability of the Bible It can be difficult to know what to say when skepticism and secularism take over so many conversations Additionally confusion and doubt about the Bible being God's Word are becoming as common inside the church as they are in the broader culture The purpose of this book is to respond to these challenges sound bites and slogans and give people confidence that the Bible can be trusted and that it matters for our lives because God really has spoken Publisher **Questioning Christianity** Dan Paterson, Rian Roux, 2021-06-02 Have you ever seriously questioned Christianity If so you're not alone A lot of people have wondered if this faith is outdated irrelevant maybe even harmful But what if everything is not as it seems What if there's more to the story Questioning Christianity explores the nature and relevance of the Christian story in an accessible and compelling way No slogans No politics No simple solutions to complex problems After many years of exploring issues of faith with skeptics seekers and new believers Dan Paterson and Rian Roux serve as guides to help you navigate what can be a disorienting and confusing journey Perhaps you're feeling lost unable to find your bearings and you need some help to map out the terrain around you Or maybe you've encountered obstacles and have hard questions that need to be addressed before you can move ahead Whatever it is that has made you curious about this faith there are good answers waiting to be discovered So go ahead Question Christianity Just give Christianity the chance to answer back *Questioning Evangelism, 3rd edition* Randy Newman, 2023-01-17 You don't need to memorize evangelical formulas or answers You just have to be willing to ask questions There was something different about the way Jesus communicated with the lost He didn't force answers upon people He asked questions So why don't we Campus ministry veteran Randy Newman has been using a questioning style of evangelism for years In this thought provoking book he provides practical insights to help Christians engage others in meaningful spiritual conversations To Newman asking questions challenges how we think about unbelievers their questions and our message instead of telling unbelievers what to think A perennial best seller this third edition includes both revisions of current chapters such as an expanded discussion on LGBTQ issues and the debate on transgenderism and new chapters that ponder issues such as science and suffering Distilled out of twenty years of personal evangelism this book reflects both a deep grasp of biblical theology and a penetrating compassion for people and finds a way forward in wise probing questions How very much like the Master Himself D A Carson Trinity Evangelical Divinity School Questioning Evangelism steps outside the boundaries of evangelism as usual and tackles the tougher issues of our modern day Mitch Glaser Chosen People Ministries **The Inspiration and Authority of the Bible** Benjamin Breckinridge Warfield, 1948 Textual and higher criticism have decimated the faith of many and made divinity schools message less This is an analysis of questions asked by textual and higher criticism with the purpose of vindicating the viewpoint of an infallible Bible *In*

Good Faith Scott A. Shay, 2018-09-04 Prominent atheists claim the Bible is a racist text Yet Dr Martin Luther King Jr read it daily Then again so did many ardent segregationists Some atheists claim religion serves to oppress the masses Yet the classic text of the French Revolution What is the Third Estate was written by a priest On the other hand the revolutionaries ended up banning religion What do we make of religion s confusing role in history And what of religion s relationship to science Some scientists claim that we have no free will Others argue that advances in neurobiology and physics disprove determinism As for whispering to the universe an absurd habit say the skeptics Yet prayer is a transformative practice for millions This book explores the most common atheist critiques of the Bible and religion incorporating Jewish Christian and Muslim voices The result is a fresh modern re evaluation of religion and of atheism Scott A Shay is a Co Founder and Chairman of Signature Bank and a longstanding Jewish community activist Shay started a Hebrew school an adult educational program and chaired several Jewish educational programs He is the author of *Getting our Groove Back How to Energize American Jewry* and has been thinking about religion reason and modernity since wondering why his parents sent him to Hebrew school

A History of the Bible John Barton, 2020-08-04 A literary history of our most influential book of all time by an Oxford scholar and Anglican priest In our culture the Bible is monolithic It is a collection of books that has been unchanged and unchallenged since the earliest days of the Christian church The idea of the Bible as Holy Scripture a non negotiable authority straight from God has prevailed in Western society for some time And while it provides a firm foundation for centuries of Christian teaching it denies the depth variety and richness of this fascinating text In *A History of the Bible* John Barton argues that the Bible is not a prescription to a complete fixed religious system but rather a product of a long and intriguing process which has inspired Judaism and Christianity but still does not describe the whole of either religion Barton shows how the Bible is indeed an important source of religious insight for Jews and Christians alike yet argues that it must be read in its historical context from its beginnings in myth and folklore to its many interpretations throughout the centuries It is a book full of narratives laws proverbs prophecies poems and letters each with their own character and origin stories Barton explains how and by whom these disparate pieces were written how they were canonized and which ones weren t and how they were assembled disseminated and interpreted around the world and importantly to what effect Ultimately *A History of the Bible* argues that a thorough understanding of the history and context of its writing encourages religious communities to move away from the Bible s literal wording which is impossible to determine and focus instead on the broader meanings of scripture

Think Christianly Jonathan Morrow,2011 Think Christianly in a compelling and accessible way equips Christians young and old to engage the culture winsomely intelligently and confidently Chuck Colson Jonathan Morrow believes that only when Christians learn to present a compassionate engaging and informed voice to our culture can the church again become a place the world turns to for answers Think Christianly gives church leaders practical tools for helping their congregations thoughtfully engage today s cultural questio Hope in Times of Fear Timothy Keller,2021-03-09 The Resurrection accounts of Jesus in the Gospels are the most dramatic and impactful stories ever told One similarity unites each testimony that none of his most loyal and steadfast followers could see it was him back from the dead The reason for this is at the very foundation of the Christian faith She turned around and saw Jesus standing there but she did not realize that it was Jesus John 20 14 Hope in the Time of Fear is a book that unlocks the meaning of Jesus s resurrection for readers Easter is considered the most solemn and important holiday for Christians It is a time of spiritual rebirth and a time of celebrating the physical rebirth of Jesus after three days in the tomb For his devoted followers nothing could prepare them for the moment they met the resurrected Jesus Each failed to recognize him All of them physically saw him and yet did not spiritually truly see him It was only when Jesus reached out and invited them to see who he truly was that their eyes were open Here the central message of the Christian faith is revealed in a way only Timothy Keller could do it filled with unshakable belief piercing insight and a profound new way to look at a story you think you know After reading this book the true meaning of Easter will no longer be unseen **Brothers, We Are Not Professionals** John Piper,2013-02-01 In this revised and expanded edition of *Brothers We Are Not Professionals* that includes a new introduction and select all new chapters best selling author John Piper pleads through a series of thoughtful essays with fellow pastors to abandon the professionalization of the pastorate and pursue the prophetic call of the Bible for radical ministry We pastors are being killed by the professionalizing of the pastoral ministry he writes The mentality of the professional is not the mentality of the prophet It is not the mentality of the slave of Christ Professionalism has nothing to do with the essence and heart of the Christian ministry The more professional we long to be the more spiritual death we will leave in our wake For there is no professional childlikeness there is no professional tenderheartedness there is no professional panting after God Brothers we are not professionals We are outcasts We are aliens and exiles in the world Our citizenship is in Heaven and we wait with eager expectation for the Lord Phil 3 20 You cannot professionalize the love for His appearing without killing it And it is being killed The world sets the agenda of the

professional man God sets the agenda of the spiritual man The strong wine of Jesus Christ explodes the wine skins of professionalism **Questioning God** John Hopper,2021-10-15 **When God Doesn't Fix It** Laura Story,2015-09-15 Is it possible that good things can come out of our broken dreams Worship leader and recording artist Laura Story's life took an unexpected turn when her husband Martin was diagnosed with a brain tumor Their lives would never be the same Yes with God all things are possible But the devastating news was that no cure existed to restore Martin's short term memory eyesight and other complications The fairy tale life Laura had dreamed of was no longer possible And yet in struggling with God about how to live with broken dreams Laura has found joy and a deeper intimacy with Jesus In *When God Doesn't Fix It* Laura helps you understand that We aren't the only ones whose lives have taken unexpected turns Even heroes of our faith experienced brokenness Despite our flaws and stories God can use us in extraordinary ways God may not fix everything In fact although your situation might not ever change or get better with Jesus you can Not because of your faith but because of the faithfulness of God *The Question of Canon* Michael J Kruger,2020-05-21 For many years now the topic of the New Testament canon has been the main focus of my research and writing It is an exciting field of study that probes into questions that have long fascinated both scholars and laymen alike namely when and how these 27 books came to be regarded as a new scriptural deposit But the story of the New Testament canon is bigger than just the when and the how It is also and perhaps most fundamentally about the why Why did Christians have a canon at all Does the canon exist because of some later decision or action of the second or third century church Or did it arise more naturally from within the early Christian faith itself Was the canon an extrinsic phenomenon or an intrinsic one These are the questions this book is designed to address And these are not micro questions but macro ones They address foundational and paradigmatic issues about the way we view the canon They force us to consider the larger framework through which we conduct our research whether we realized we had such a framework or not Of course we are not the first to ask such questions about why we have a canon Indeed for many scholars this question has already been settled The dominant view today as we shall see below is that the New Testament is an extrinsic phenomenon a later ecclesiastical development imposed on books originally written for another purpose This is the framework through which much of modern scholarship operates And it is the goal of this volume to ask whether it is a compelling one To be sure it is no easy task challenging the status quo in any academic field But we should not be afraid to ask tough questions Likewise the consensus position should not be afraid for them to be asked

100 Tough Questions about God and the Bible Stephen M. Miller,2014-04-15 Straightforward answers to questions Christians and skeptics alike ask about God and the Bible Let's be honest the Bible can be hard to understand It's full of weird laws apparent inconsistencies and tales of a God who often doesn't do what we expect You may have asked about some of these things and been brushed off or given trite unconvincing answers But serious questions deserve thoughtful responses especially when opinions of Bible experts clash Stephen M Miller pulls insight from a wide range of Bible experts to report

their answers to the tough questions He does so with a touch of humor and no preaching allowing you to draw your own conclusions Questions include Would a loving God really put a good man like Job through horrible suffering just to test his loyalty If God knows everything why did he test Abraham s faith by asking him to sacrifice his own son How could there be just one God yet three Since Jesus told people to turn the other cheek why aren t more Christians pacifists

Scripture and the Skeptic Eric Huffman,2021-02-02 The Bible is the best selling most widely read and most quoted book in history It is also misunderstood misquoted and fiercely debated If as Christians believe the Bible is the Word of God why is it so complex and difficult to interpret in parts yet simple enough for even children to understand in others In Scripture and the Skeptic Eric Huffman author of 40 Days of Doubt helps readers understand and cope with confusion about the Bible and provides answers to questions by reframing it as a perfect and seamless story Huffman illustrates how the Bible even the parts some consider ungodly presents the beautiful story that God intended to tell Through storytelling from his own experiences and his take on Bible stories Huffman helps readers understand the Bible by interpreting the entire book through the lens of Jesus s life death and resurrection He shows how every part of the Bible is either crying out for Jesus witnessing his incarnation or responding in the aftermath of his resurrection Readers discover how to trust the Bible as God s beautiful and perfect salvation story Includes questions with each chapter for personal reflection or group study From the author of 40 Days of Doubt Devotions for the Skeptic

The Wrong Jesus Gregory Monette,2014-03-14 In a world where atheism is a growing movement especially in the university setting it s typical for students today to face doubts about the Christian faith In fact many have wondered at one time or another if the Bible stories about Jesus could possibly be true Is there any way to back up what we ve heard with real evidence Can false information be discredited with historical proof Now students can join Greg Monette as he explores the fascinating basis for belief in the biblical Jesus Readers can trek through the ancient historical sources biblical archaeology and recent discoveries to uncover the facts about what Jesus really said and did His birth His miracles His claims and His resurrection Written for believers skeptics and the non expert this book will help readers discover where history and faith collide and it just might change everything

Questioning the Bible Jonathan Morrow,2014-07-15 The Bible is the most influential book in human history But what are we supposed to do with it in the 21st century And even more importantly can it still be trusted as the Word of God Confusion and doubt about

the Bible are becoming as common inside the church as they are outside Questions come from all sides Is the Bible anti intellectual Has the biblical text been corrupted over the centuries Who really chose the books of the Bible and why Which interpretation of the Bible is correct Are the gospels full of contradictions There are an unprecedented number of sophisticated attacks on the origin credibility and reliability of the Bible today Secularism has tried to undercut even the possibility of spiritual or moral knowledge Skepticism toward institutional religion is at an all time high Yet the Bible claims that truth is knowable and God is actively involved in our world What are we to do Pray for wisdom Think clearly Pick up your Bible Read through the 11 major challenges presented in these pages And be ready THE PROBLEM OF PAIN

(Unabridged) C. S. Lewis, 2017-04-20 The Problem of Pain is a book concerned to one degree or another with refuting popular objections to Christianity such as the question How could a good God allow pain to exist in the world The book addresses an important aspect of theodicy an attempt by one Christian layman to reconcile orthodox Christian belief in a just loving and omnipotent God with pain and suffering Some have felt that it is useful to read it together with A Grief Observed Lewis reflections on his own experiences of grief and anguish upon the death of his wife In addition to dealing with human pain however the book also contains a chapter entitled Animal Pain demonstrating not only the fact that Lewis cast his net wider than human suffering but also a reflection on a lifelong love of animals Clive Staples Lewis 1898 1963 was a British novelist poet academic medievalist lay theologian and Christian apologist He is best known for his fictional work especially The Screwtape Letters The Chronicles of Narnia and The Space Trilogy and for his non fiction Christian apologetics such as Mere Christianity Miracles and The Problem of Pain *The Uniqueness of the Bible* Larry Siekawitch, 2015-12-09 How do we know what is true about God and religion Ultimately this question boils down to whether we consider our supreme authority to be tradition or revelation In The Uniqueness of the Bible author Dr Larry Siekawitch explains that self and tradition fail as final arbiters of truth because humans are both finite and sinful incapable of supplying truth without error But if God has revealed His truth by revelation in such a way that is completely trustworthy and without error then that revelation is the obvious candidate for supreme authority because it is God Himself speaking God has revealed Himself and His ways in the Bible but how can we convince Jews Muslims Catholics and Mormons of this wonderful fact We do so by simply showing them the uniqueness of the Bible and convincing them of God s ultimate authority This study deals with the Hebrew Scriptures and demonstrates how reliable and miraculous they are It then compares the Bible to the Koran particularly focusing on the New Testament and its amazing supernatural nature Finally The Uniqueness of the Bible examines Roman Catholicism s exaltation of tradition to equality with Scripture and the Mormon addition of the Book of Mormon This study seeks to present convincing evidence in order to help people see the superiority of the Bible to all other means of discovering spiritual truth
