Quiche Conquest Centralism And Regionalism In Highland Guatemalan State Development:

Quiche Conquest John W. Fox, 1978 *Converting Words* William F. Hanks, 2010-03-17 This pathbreaking synthesis of history anthropology and linguistics gives an unprecedented view of the first two hundred years of the Spanish colonization of the Yucatec Maya Drawing on an extraordinary range and depth of sources William F Hanks documents for the first time the crucial role played by language in cultural conquest how colonial Mayan emerged in the age of the cross how it was taken up by native writers to become the language of indigenous literature and how it ultimately became the language of rebellion against the system that produced it *Converting Words* includes original analyses of the linguistic practices of both missionaries and Mayas as found in bilingual dictionaries grammars catechisms land documents native chronicles petitions and the forbidden Maya Books of Chilam Balam Lucidly written and vividly detailed this important work presents a new approach to the study of religious and cultural conversion that will illuminate the history of Latin America and beyond and will be essential reading across disciplinary boundaries **Arts & Humanities Citation Index**, 1980 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world's leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals *Masks of the Spirit* Peter T. Markman, Roberta H. Markman, 1989-01-01 Drawing on secondary works in archaeology art history folklore ethnohistory ethnography and literature the authors maintain that the mask is the central metaphor for the Mesoamerican concept of spiritual reality Covers the long history of the use of the ritual mask by the peoples who created and developed the mythological tradition of Mesoamerica Chapters 1 the metaphor of the mask in Pre Columbian Mesoamerica the mask as the God in ritual and as metaphor II metaphoric reflections of the cosmic order and III the metaphor of the mask after the conquest syncretism the Pre Columbian survivals the syncretic compromise and today's masks Over 100 color and black white photos *The History of the New World* Juan Bautista Muñoz, 1797 *The Ceramics of Kaminaljuyu, Guatemala* Ronald K. Wetherington, 1978 *Red Pedagogy* Sandy Grande, 2015 Situated in an academic context of intellectual sectarianism Sandy Grande's 10th anniversary edition of *Red Pedagogy* distinguishes itself from reprints of other classic texts in that it is accompanied by a handful of leading critical and indigenous scholars Grande boldly invited to critique and extend her work The second extended but not expanded edition of *Red Pedagogy* is therefore a welcomed and much needed revolutionary intervention into anti colonialist anti capitalist scholarship Coming at a time of both heightened imperialist immiseration and anti colonialist anti capitalist anti imperialist resistance Grande's interrelated call for critique and collectivity points to a rigorous red pedagogy desperately needed to sharpen analysis and hone a collective strategy which also happens to be for communists the purpose of the party Indeed *Red Pedagogy*'s commitment to bring together Critical Indigenous Studies and critical pedagogy including Marxism in a dialectical revolutionizing relationship is further evidence of the ways Grande demonstrates as does the party how collectivity does not require

sacrificing the individual to the collective but rather creates an experience of mutuality and togetherness demonstrating the cruel deception of a socially isolating and dangerous settler i e capitalist logic Sandy Grande is associate professor and Chair of the Education Department at Connecticut College Her research interfaces critical Indigenous theories with the concerns of education In addition to Red Pedagogy Native American Social and Political Thought 2004 2015 she has also published several book chapters and articles including Accumulation of the Primitive The Limits of Liberalism and the Politics of Occupy Wall Street Painting a New World Donna Pierce,Rogelio Ruiz Gomar,Clara Bargellini,Frederick and Jan Mayer Center for Pre-Columbian and Spanish Colonial Art,2004-05-01 The little known story of viceregal Mexico is told by an international team of scholars whose work was previously available only piecemeal or not at all in English Much of their research was undertaken especially for this volume BOOK JACKET Léon Duguit and the Social Obligation Norm of Property Paul Babie,Jessica Viven-Wilksch,2019-09-07 This book demonstrates the importance of L on Duguit for property theory in both the civil and common law world It translates into English for the first time ever Duguit s seminal lecture on property the sixth of a series given in 1911 in Buenos Aires It also collects essays from the leading experts on the social function of property in major civil and common law jurisdictions internationally The book explores the importance that the notion of the social function of property has come to have not only in France but in the entire civil law tradition and also considers the wide if un attributed and seldom regarded influence in the common law tradition and theory of property
