French in Action Pierre J. Capretz, Barry Lydgate, Béatrice Abetti, Marie-Odile Germain, 2015-06-28 Since it was first published French in Action A Beginning Course in Language and Culture The Capretz Method has been widely recognized in the field as a model for video based foreign language instructional materials The third edition revised by Pierre Capretz and Barry Lydgate includes new contemporary illustrations throughout and in the Documents section of each lesson more relevant information for today's students A completely new feature is a journal by the popular character Marie Laure who observes and comments humorously on the political cultural and technological changes in the world between 1985 and today The new edition also incorporates more content about the entire Francophone world In use by hundreds of colleges universities and high schools French in Action remains a powerful educational resource that this third edition updates for a new generation of learners Part 2 gives students at the intermediate level the tools they need to communicate effectively in French and to understand and appreciate French and Francophone cultures

The Clear Line in Comics and Cinema David Pinho Barros, 2022-06-30 Historical and theoretical analysis of the clear line style in comics and cinema The clear line a term coined in 1977 by Dutch essayist and artist Joost Swarte has become shorthand in the field of comics studies for the style originally developed by Hergé and the école de Bruxelles It refers to certain storytelling strategies that generate a deceptively simple lucid and hygienic narration in Philippe Marion's words it is a style made out of light fluidity and limpid clarity By cataloguing and critically analysing clear line comics from historical and theoretical perspectives this book offers a new outlook on the development of the style in the 20th and 21st centuries especially focused on the context of the European bande dessinée In addition it pioneeringly expands the concept of clear line to other artistic domains by introducing and defending its transmedial use which is particularly relevant for the understanding of the oeuvres of certain filmmakers of the 20th century working in the postwar period such as Yasujiro Ozu in Japan Jacques Tati in France and Frank Tashlin in the United States The Clear Line in Comics and Cinema is therefore a key theoretical work for both bande dessinée enthusiasts and comics scholars as well as a fundamental contribution to present day film studies and transmedial narratology
