M. Stuart,2019-08-06 Early twentieth century Singapore is a place where a person can disappear and Harriet Gordon hopes to make a new life for herself there leaving her tragic memories behind her but murder gets in the way Singapore 1910 Desperate for a fresh start Harriet Gordon finds herself living with

her brother a reverend and headmaster of a school for boys in Singapore at the height of colonial rule Hoping to gain some financial independence she advertises her services as a personal secretary It is unfortunate that she should discover her first client Sir Oswald Newbold explorer mine magnate and president of the exclusive Explorers and Geographers Club dead with a knife in his throat When Inspector Robert Curran is put on the case he realizes that he has an unusual witness in Harriet Harriet s keen eye for detail and strong sense of duty interests him as does her distrust of the police and her traumatic past which she is at pains to keep secret from the gossips of Singapore society When another body is dragged from the canal Harriet feels compelled to help with the case She and Curran are soon drawn into a murderous web of treachery and deceit and find themselves face to face with a ruthless cabal that has no qualms about killing again to protect its secrets

Cameos Old & New (4th Edition) Anna M. Miller, 2012-08-23 Newly Updated and Expanded Critical and up to the minute information for the novice advanced collector jewelry dealer curator and appraiser for all who buy and sell cameos or who are just fascinated by them Antiques Roadshow Book Club Selection Since ancient times cameo making has allowed artists of every era to capture and reflect on the history literature and lore of their culture Today the allure of finely carved cameos is drawing a new generation of both savvy collectors and gifted artists who are captivated by their transcendental elegance This first and only comprehensive reference guide offers valuable information on Where to successfully hunt for cameos How to separate old from new imitation and newer synthetic materials from original shell and stone cameos How to differentiate between ultrasonically produced and hand carved cameos Richly illustrated with many new cameo photographs this new edition will facilitate the recognition and evaluation of quality in cameos and increase your confidence in buying and selling cameos with Key factors for defining value Information on how to buy cameos from retailers and antique dealers via the Internet or at auction A clear explanation of The MasterValuer Program of Quality Ranking that serves as a vital guide for use when evaluating cameos An extensive review of outstanding contemporary cameo artists throughout the world their style subject matter unique and identifiable techniques contact information and more **Ruby and Sapphire** Richard W.

Hughes, Wimon Manorotkul, E. Billie Hughes, 2017-01-01 From the dawn of time ruby and sapphire have both attracted and fascinated humans in ways that few other items could While objects of desire are found throughout the natural world physical beauty is too often ephemeral From the allure of a man woman flower or butterfly through the fleeting moments of a sunset there is little that lasts and practically nothing that can be passed down to our descendants The exception is precious stones Not only are they the most durable creations of mother nature but their visual splendor is truly eternal In this companion to his 2013 book *Ruby Sapphire A Collector s Guide* Richard Hughes examines these gems from the gemological standpoint delving into these gems not just from the aesthetic but also from the scientific point of view The product of nearly 40 years of firsthand experience it covers every aspect of the subject from A Z History sources prices quality analysis synthetics and treatments everything is here *Ruby Sapphire A Gemologist s Guide* represents the most comprehensive book ever written on

a single precious stone With over 1000 photos maps and illustrations and 3500 references it is nothing less than a tour de force of gemological scholarship Sapphire Elena R. Dobrovinskaya, Leonid A. Lytvynov, Valerian Pishchik, 2009-04-21 By the second half of the twentieth century a new branch of materials science had come into being crystalline materials research Its appearance is linked to the emergence of advanced technologies primarily based on single crystals bulk crystals and films At the turn of the last century the impending onset of the ceramic era was forecasted It was believed that ceramics would play a role comparable to that of the Stone or Bronze Ages in the history of civilization Naturally such an assumption was hypothetical but it showed that ceramic materials had evoked keen interest among researchers Although sapphire traditionally has been considered a gem it has developed into a material typical of the ceramic era Widening the field of sapphire application necessitated essential improvement of its homogeneity and working characteristics and extension of the range of sapphire products especially those with stipulated properties including a preset structural defect distribution In the early 1980s successful attainment of crystals with predetermined characteristics was attributed to proper choice of the growth method At present in view of the fact that the requirements for crystalline products have become more stringent such an approach tends to be insufficient It is clear that one must take into account the physical chemical processes that take place during the formation of the real crystal structure i.e. the growth mechanisms and the nature and causes of crystal imperfections **Ceramic Materials** C. Barry Carter, M. Grant Norton, 2007-10-23 Ceramic Materials Science and Engineering is an up to date treatment of ceramic science engineering and applications in a single integrated text Building on a foundation of crystal structures phase equilibria defects and the mechanical properties of ceramic materials students are shown how these materials are processed for a broad diversity of applications in today's society Concepts such as how and why ions move how ceramics interact with light and magnetic fields and how they respond to temperature changes are discussed in the context of their applications References to the art and history of ceramics are included throughout the text The text concludes with discussions of ceramics in biology and medicine ceramics as gemstones and the role of ceramics in the interplay between industry and the environment Extensively illustrated the text also includes questions for the student and recommendations for additional reading **KEY FEATURES** Combines the treatment of bioceramics furnaces glass optics pores gemstones and point defects in a single text Provides abundant examples and illustrations relating theory to practical applications Suitable for advanced undergraduate and graduate teaching and as a reference for researchers in materials science Written by established and successful teachers and authors with experience in both research and industry

Sapphire Rose David Eddings, 1992-11-23 David Eddings returns to The Elenium the splendid fantasy series that began with the thrilling novels Diamond Throne and Ruby Knight Finally the knight Sparhawk had come to possess Bhellion legendary jewel of magic that alone could save Queen Ehlana from the deadly poison that had felled her father Sparhawk and Sephrenia ageless instructor in Styric magics made haste to free Ehlana from the crystalline cocoon that had preserved her

life while they desperately sought a cure But Bhellion carried dangers of its own Once the stone came into his hands Sparhawk found himself stalked by a dark lurking menace Whether the foul Zemoch God Azash was behind this threat or some other enemy even Sephrenia could not say only that the sapphire rose held powers too dangerous for any mortal to bear Restoring Queen Ehlana would be only the beginning of Sparhawk s mission With the aid of four stalwart knights one from each Militant Order he must thwart Ehlana s prisoner the Primate Annias in his plot to assume the throne of the Church For as Archprelate Annias would serve his secret master Azash and deliver up to the dread God the one thing Azash thirsted for Bhelliom itself *Revenge in Rubies* A. M. Stuart,2020-09-15 When Harriet Gordon receives word from a friend about a tragic death she and Inspector Curran are thrust into a web of family secrets that threatens to destroy them both in this all new mystery from the author of *Singapore Sapphire* Singapore 1910 Harriet Gordon has found fulfillment at last Her young ward Will has settled into his new home with Harriet and her brother Julian And Harriet s employment as a typist at the Straits Settlements Police Force has given her an intriguing way to occupy her time and some much needed financial independence But when her friend and employer Inspector Robert Curran is called to the scene of a brutal murder and Harriet is asked to comfort the victim s family her newfound sense of contentment is abruptly shattered Sylvie Nolan the new and much younger wife of Lieutenant Colonel John Nolan has been bludgeoned to death in her bedroom The tightly knit military community in Singapore quickly closes ranks to hinder Curran s investigation and Harriet realizes that her friendship with the colonel s sister might prove useful But to get close enough to the family s secrets Harriet must once again face her painful past and Curran is forced to dredge up some long buried secrets of his own And when more shocking deaths occur that all seem linked to Sylvie s murder Harriet and Curran discover that they too are in the sights of a callous killer

The Answer Rebecca Sugar,2016-09-06 This New York Times best selling storybook by Steven Universe creator Rebecca Sugar explores the meaning of love as Ruby and Sapphire look to build a new life on a strange planet called Earth Dazzling illustrations from show artists Elle Michalka and Tiffany Ford capture Ruby and Sapphire s wonder and surprise as their story takes a course that fate never planned for them *The Answer* is not only a charming love story but also tells the origin of Garnet leader of the Crystal Gems Garnet s story of self discovery will be treasured by Steven Universe fans of all ages From the Hardcover edition *The Illustrated London News* ,1864 *The Pocket Book of Stones* Robert Simmons,2021-01-12 Features beautifully lit color photos of each stone to aid in identification and to showcase the beauty of the crystals and gemstones Provides a description of each stone a quick look list of keywords elemental and chakra correspondences scientific data and the story of each stone s beneficial physical emotional and spiritual qualities Based on the bestselling *The Book of Stones Who They Are and What They Teach* Detailing the spiritual and healing qualities of 390 members of the mineral kingdom *The Pocket Book of Stones* is a condensed reference guide to crystals and gems based on the bestselling *The Book of Stones Who They Are and What They Teach* This portable A to Z guide features beautifully lit full color photos of each

stone to aid in identification and to showcase the beauty of the crystals and gemstones This updated edition describes 47 new stones not covered in the original Pocket Book of Stones and contains a comprehensive index of the spiritual emotional and healing qualities of the stones Every entry contains a vivid color photo quick look list of keywords elemental and chakra correspondences plus the beneficial physical emotional and spiritual qualities of each mineral crystal or gemstone Author Robert Simmons provides a description of each stone including scientific data and the story of each stone s spiritual and healing qualities as well as recommendations for other stones that combine harmoniously with it The scientific information offered provides a familiar frame of reference for those not yet familiar with crystal energies and also broadens the knowledge of those who come to stones primarily for spiritual purposes This book provides an ideal introduction to stones and their energies for those who are new to the field as well as an invaluable portable reference for well versed readers
