The Last Hill Bob Drury, Tom Clavin, 2022-11-01 Bob Drury and Tom Clavin s The Last Hill is the incredible untold story of one Ranger battalion s heroism and courage in World War II They were known as Rudder s Rangers the most elite and experienced attack unit in the United States Army In December 1944 Lt Col James Rudder s 2nd Battalion would form the spearhead into Germany taking the war into Hitler s homeland at last In the process Rudder was given two objectives Take Hill 400 and hold the hill by any means possible To the last man if necessary The battle hardened battalion had no idea that several Wehrmacht regiments who greatly outnumbered the Rangers had been given the exact same orders The clash of the two determined forces was one of the bloodiest and most costly encounters of World War II Castle Hill the imposing 1320 foot mini mountain the American Rangers simply called Hill 400 was the gateway to a desperate Nazi Germany Several entire American divisions had already been repulsed by the last hill s dug in defenders as unknown to the Allies the height was the key to Adolf Hitler s last minute plans for a massive counterattack to smash through the American lines in what would become known to history as the Battle of the Bulge Thus the stalemate surrounding Hill 400 could not continue For Supreme Allied Commander Gen Dwight Eisenhower there was only one solution Call in Rudder s Rangers Of the 130 special operators who stormed captured and held the hill that December day only 16 remained to stagger back down its frozen slopes The Last Hill is replete with unforgettable action and characters a rich and detailed saga of what the survivors of the 2nd Ranger Battalion would remember as our longest day

Allied Intelligence and the Cover Up at Pointe Du Hoc Gary Sterne, 2019-07-19 Volume 1 of this two part work puts the reader firmly into the footsteps of the 2nd and 5th Rangers as they arrive in England in 1943 It follows them during their intensive training with the Commandos and the Royal Navy as they head towards D Day including cliff climbing assault landings and the Slapton Sands dress rehearsal The orders given to the Rangers along with

dozens of aerial reconnaissance photographs of Omaha Beach Pointe et Raz de la Perc e Pointe du Hoc and Maisy as well as French Resistance reports detail the information given to the Rangers commander Lt Col Rudder Shown in chronological order and in their original format many of the documents are still marked TOP SECRET and were only recently released after nearly 70 years The author fills in the gaps that many have only guessed at concerning the Rangers real missions on D Day and in Volume 2 he explains why a battalion commander was removed whilst onboard ship prior to the landings why the individual Rangers were not briefed on all of their D Day objectives as well as the extraordinary role that Lt Col Rudder played at Pointe du Hoc Described by US historians as one of the most detailed works about the D Day Rangers ever written this work is the culmination of four years of detailed research within the US Archives and backed up by evidence uncovered in Normandy It is a real historical game changer that pulls no punches as it challenges conventional studies of one of the most iconic battles of WWII There can be no doubt that this work will change the way that historians view the Pointe du Hoc battle from now on

The Praetorian STARShip : the untold story of the Combat Talon ,2001 Jerry Thigpen s study on the history of the Combat Talon is the first effort to tell the story of this wonderfully capable machine This weapons system has performed virtually every imaginable tactical event in the spectrum of conflict and by any measure is the most versatile C 130 derivative ever produced First modified and sent to Southeast Asia SEA in 1966 to replace theater unconventional warfare UW assets that were limited in both lift capability and speed the Talon I quickly adapted to theater UW tasking including infiltration and resupply and psychological warfare operations into North Vietnam After spending four years in SEA and maturing into a highly respected UW weapons system the Joint Chief of Staff JCS chose the Combat Talon to lead the night low level raid on the North Vietnamese prison camp at Son Tay Despite the outcome of the operation the Talon I cemented its reputation as the weapons system of choice for long range clandestine operations In the period following the Vietnam War United States Air Force USAF special operations gradually lost its political and financial support which was graphically demonstrated in the failed Desert One mission into Iran Thanks to congressional supporters like Earl Hutto of Florida and Dan Daniel of Virginia funds for aircraft upgrades and military construction projects materialized to meet the ever increasing threat to our nation Under the leadership of such committed hard driven officers as Brencki Uttaro Ferkes Meller and Thigpen the crew force became the most disciplined in our Air Force It was capable of penetrating hostile airspace at night in a low level mountainous environment covertly to execute any number of unconventional warfare missions

U.S. Army Special Operations in World War II (Paperback format only) , The Fool Lieutenant Robert Thomas Edlin,Marcia Moen,Margo Heinen,2000-01-01 A personal account of D Day and WWII *The Cover Up at Omaha Beach* Gary Sterne,2013-12-04 Simply breathtaking It doesn t simply offer alternatives to the history of Pointe du Hoc it blows them away for fans of anything WWII or D Day War History Online The Rangers mission was clear They were to lead the assault on Omaha Beach and breakout inland Simultaneously other Ranger units would scale the cliffs at Pointe du Hoc to destroy the

huge gun battery there and thus protect the invasion fleet from being targeted But was the Pointe du Hoc mission actually necessary Why did the Allies plan and execute an attack on a gun battery which they knew in advance contained no field guns And more importantly why did they ignore the position at Maisy that did Using personal interviews with the surviving Rangers who fought on the beach and at Pointe du Hoc Gary Sterne has made a painstaking study of what the Allies actually knew in advance of D day and about the Maisy Battery Maps orders and assault plans have been found in the UK German and US archives many of which were not released from the Top Secrecy Act for 60 years Radio communications have been found from the Rangers as they advanced inland towards Maisy and intelligence evaluations made by the RAF of bombing missions directed at the site have now been released All these combine to make this one of the most up to date references on the subject A gritty first hand yard by yard account of what combat was like will forever change the way you think about the battle for Omaha Beach and the importance of Pointe du Hoc The Armourer **D-Day Journal** John V. O.
