## **Rudolf Steiners Research Into Karma And The Mission Of The Anthroposophical Society:**

Rudolf Steiner's Research Into Karma and the Mission of the Anthroposophical Society Sergei O. Prokofieff, 1995 In this inspiring lecture addressed to the anthroposophical movement Prokofieff explains that true modern Christian research into karma does not arise out of intellectual speculation curiosity or nebulous mystical experiences The process of karmic research based on spiritual science leads to a fundamental transformation of our human nature enabling us to fully experience the cosmos in which we exist Giving an overview of how the spiritual hierarchies and Christ the Lord of Karma work in the ordering of human karma Prokofieff leads us to the karma and mission of the Anthroposophical Society indicating what must come about before the end of the century if this karmic mission is to be fulfilled *Rudolf Steiner's Research Into Karma and the Mission of the Anthroposophical Society* Sergei O. Prokofieff, 2010-10-15 Research into the sphere of karma forms the basis of the modern spiritual science of Anthroposophy For only by learning to understand these laws can the human being realize how spiritual forces work simultaneously in man and the cosmos and link the two into a higher unity In this inspiring lecture addressed primarily to followers of the anthroposophic movement Prokofieff gives an overview of how the spiritual hierarchies and Christ the Lord of Karma work in the ordering of human karma We are led to the karma and mission of the Anthroposophical Society with indications as to what needs to happen before that karmic mission can be fulfilled Prokofieff explains why true modern Christian research into karma does not arise from intellectual speculation curiosity or nebulous mystical experiences The process of karmic research based on spiritual science should lead to a fundamental transformation of human nature and lead to a full experience of the cosmos *Rudolf Steiner's Core Mission* T. H. Meyer, 2010 Rudolf Steiner's core mission repeatedly delayed owing to the a lack of capacity in his colleagues was to pursue contemporary spiritual scientific research into the phenomena of reincarnation and karma This stimulating book describes the winding biographical path of that mission It focuses in particular on the mystery of Steiner's connection with the influential medieval philosopher and theologian Thomas Aquinas Using numerous archival sources and publications Thomas Meyer reveals many facts related to the core of Steiner's mission showing the critical roles played by Wilhelm Anton Neumann and Karl Julius Schröter in its genesis and development Meyer examines how Rudolf Steiner's students responded to his understanding of karma placing this most intrinsic mission in the context of current divisions in the anthroposophic movement He highlights especially the place of spiritual science in culture and history and shows how Steiner further developed the great scientific ideas of evolution propounded by Darwin by raising them to the plane of individual soul and spiritual development As Steiner stated in 1903 Scientific researchers explain the skull forms of higher animals as a transformation of a lower type of skull In the same way one should explain a soul's biography through the soul biography which the former evolved from *A Western Approach to Reincarnation and Karma* Rudolf Steiner, 1997 The soul's immortality and its repeated earthly births are not new ideas in Western thought They are implicit in the Pythagorean and

Platonic traditions as well as in some branches of esoteric Judaism and Cabbala But it was not until the early years of this century that the West was given a detailed modern evolutionary philosophy of human life based on the reality of reincarnation and karma This turning point occurred when Rudolf Steiner began to make public the results of his spiritual scientific researches He viewed the revelation of reincarnation and karma as one of his most important life tasks Steiner's contribution however remains unique in its understanding of the human being as an evolving developing being of body soul and spirit On the basis of his researches presented in numerous books and lectures we begin to understand how the complex interaction of human lives between birth and death and between death and a new birth gives new meaning not only to individual lives lived on Earth in community with others but also to human history and evolution and to earthly and cosmic events This book collects many of Steiner's major statements on reincarnation and karma The primary purpose of this volume is to help readers meet the challenge of spiritual research in the area of individual evolution of the soul and spirit in the context of cultural and universal evolution Such a study can be tremendously revealing and provide spiritual understanding in a time of increasing intellectual confusion and spiritual poverty The notion of reincarnation and karma is generally associated in most minds with spiritual traditions of the East especially Hinduism and Buddhism Ren Querido's in depth sixty page introduction however places these concepts within the context of Western spiritual development and esoteric tradition showing us a panoramic view of how such ideas have developed over the centuries in the West Contents Introduction by Ren Querido 1 Our Present Dilemma 2 Historical Survey of Reincarnation and Karma 3 Rudolf Steiner's Original Contributions The lectures 1 Natural and Chance Illnesses in the Human Being 2 Elemental Events Volcanic Eruptions Earthquakes Epidemics in Relation to Karma 3 Death and Rebirth in Relation to Karma 4 Knowledge of Reincarnation and Karma 5 Examples of Karma Working between Two Incarnations 6 Vital Questions in the Light of Reincarnation and Karma 7 The Formation of Karmic Forces 8 Reincarnation of the Spirit and Destiny     The Cycle of the Seasons and the Seven Liberal Arts Sergei O. Prokofieff,1995 The arts have always been characterized by a strong element of community building We can deepen and strengthen this impulse significantly today by establishing a connection between the various arts the cycle of the seasons and its festivals The great ideal of the synthesis of science art and religion     **The Cycle of the Year as a Path of Initiation** Sergei O. Prokofieff,2014-03-12 In ancient times humanity possessed an innate knowledge of the spiritual foundations of existence Such knowledge could be acquired through inwardly accompanying the cycle of the year and its connected great seasonal festivals But this instinctive knowledge had to be lost in order for human beings to discover individual freedom In our time as Sergei O Prokofieff demonstrates in this comprehensive work this knowledge must be found anew through the free light filled consciousness of the fully developed human personality Tracing the spiritual path of the yearly cycle Prokofieff penetrates to the deeper esoteric realities of the seven Christian festivals of Michaelmas Christmas Epiphany Easter Ascension Whitsun and St John's Tide Basing his research on the work of the twentieth century

initiate Rudolf Steiner he reveals how these festivals are spiritual facts that exist independently of religious traditions and cultural customs Working with the festivals in an esoteric sense can provide a true path of initiation ultimately enabling an experience of the Being of the Earth Christ The journey of study through this book can thus lead the reader to an experience of the modern Christian Rosicrucian path along which it is possible to take the first steps towards life in partnership with the course of cosmic existence

**May Human Beings Hear It!** Sergei O. Prokofieff, 2014-03-12 During the Christmas period of 1923 4 Rudolf Steiner refounded the Anthroposophical Society at its headquarters in Dornach Switzerland This important event which has come to be known as the Christmas Conference can be studied on many levels and its many mysteries have been central to Sergei O Prokofieff s anthroposophical research over the years His beginning point has been an enduring question What did Rudolf Steiner mean when he called the Christmas Conference the start of a World Turning point of Time In this far reaching work the author working from several different viewpoints guides the reader towards an answer Prokofieff suggests that the impulse of the Christmas Conference can only be reenlivened today through conscious action by individuals to experience its spiritual essence Rather than offering dogmatic conclusions he opens up paths of approaching this goal by throwing light on different aspects of the Conference and what lies at its heart the Foundation Stone and its Meditation In particular Prokofieff explores three key perspectives the connection of the Christmas Conference with humanity s evolution the inner relationship of each individual anthroposophist to the Christmas Conference and the significance of the Conference to Rudolf Steiner himself Although this is major work of some length the individual chapters of May Human Beings Hear It are complete in themselves and can therefore be studied independently of each other

**The Esoteric Significance of Spiritual Work in Anthroposophical Groups** Sergei O. Prokofieff, 2007 The anthroposophical community seeks to lift human souls into supersensible realms so that they may enter the company of angels Rudolf Steiner Sergei Prokofieff traces the three stages of heavenly preparation of Anthroposophy the spiritual thunderstorm the Michael School in the Sun sphere and the imagination based cultus in the spiritual word nearest the Earth These events involved the nine spiritual hierarchies associating them with the karma of the anthroposophic movement The author goes on to elaborate the tasks of the Anthroposophical Society and indicates how these are connected with the spiritual hierarchies the Michael movement the Grail mysteries the work of new group souls and the Foundation Stone Meditation He shows that in an esoteric sense the General Anthroposophical Society was created so that people could learn to work with the gods This is a vital booklet for all those who care deeply about the future of the Anthroposophical Society and the proper evolution of humanity

**The Creative Power of Anthroposophical Christology** Sergei O. Prokofieff, Peter Selg, 2011-10 18 Introductory essays written 1884 1897 CW 1 The holistic paradigm Gaia deep ecology and new alchemy all have a hidden ancestor Johann Wolfgang von Goethe 1749 1832 At the youthful age of twenty one Steiner was chosen to edit Goethe s scientific writings for the principle Goethe edition of his time Goethe s literary genius was universally acknowledged it was

Steiner's task to understand and comment on Goethe's scientific achievements Steiner recognized the significance of Goethe's work with nature and his epistemology and here began Steiner's own training in epistemology and spiritual science This collection of Steiner's introductions to Goethe's works re-vision the meaning of knowledge and how we attain it Goethe had discovered how thinking could be applied to organic nature and that this experience requires not just rational concepts but a whole new way of perceiving In an age when science and technology have been linked to great catastrophes many are looking for new ways to interact with nature With a fundamental declaration of the interpenetration of our consciousness and the world around us Steiner shows how Goethe's approach points the way to a more compassionate and intimate involvement with nature Nature's Open Secret is a translation of Goethe's *Naturwissenschaftliche Schriften Einleitungen* 1884-1897 Previous translations were titled *Goethe the Scientist* and *Goethean Science* GA 1 *Relating to Rudolf Steiner* Sergei O. Prokofieff, 2008 Even within the Anthroposophical Society and the anthroposophic movement people's relationship to Rudolf Steiner is weakening and dissipating This is problematic says Prokofieff as the future of both the Society and movement depends on a sufficient number of people aspiring to and realizing a true spiritual connection with the founder of Anthroposophy Prokofieff deals in detail with this issue and asks Can one be an anthroposophist without being Rudolf Steiner's pupil In the second part of this book Prokofieff elaborates on the mysteries surrounding the laying of the spiritual Foundation Stone at the Society's Christmas Meeting that began 1923 That event he asserts ensured that a personal relationship with Rudolf Steiner would not remain within the realm of the generally abstract or intellectual but would become a real inner deed Thus Steiner gave each anthroposophist the possibility of connecting with him through free inner work on the Foundation Stone Both parts of this book are linked in the sense that once a relationship with Steiner is established an inner longing to work with the new mysteries will follow In Prokofieff's words The will to take the foundation of the new mysteries seriously leads to a real inner connection with Rudolf Steiner *Relating to Rudolf Steiner* includes an essay on the problem of digitally publishing Steiner's most important esoteric texts and the esoteric background of the internet and electronic media in general In response to readers' questions about how to counteract the harmful consequences of these developments Prokofieff has expanded and developed his original essay on this subject *Why Become a Member of the School of Spiritual Science?* Sergei O. Prokofieff, 2012-10-15 Abstract ideals will be replaced by concrete ideals corresponding to forward moving evolution If that does not succeed the Earth would submerge into materialism and humanity would have to start over again following a great catastrophe either on Earth itself or on a near planet The Earth needs Anthroposophy One who understands that is an anthroposophist Rudolf Steiner Feb 27 1910 Sergei O Prokofieff developed this little book from talks to members of the Anthroposophical Society They became opportunities for many to question potential membership of the First Class in a more conscious way and for some to take the decisive step of entering the Michael School This experience gave rise to the occasion for printing this lecture separately for interested individuals as

a stimulus to consider their relationship to the Michael School on Earth against the background of the karma that guides human beings in their present incarnation to anthroposophy In this sense the present text may well be an aid for some interested individuals to grasp to its full extent the unique significance of the establishment of the Esoteric School carried out as it was by Rudolf Steiner based on the Michael Spirit so as to gain the courage and will to become a member out of full inner conviction from the preface

**The Soul's Long Journey** Edward Reaugh Smith, 2003-11 Here are amazing insights showing reincarnation to be deeply and powerfully revealed in the Bible's most fundamental aspects How and why have these insights escaped attention for so long At last they are uncovered here by a confluence of conventional Bible study and the epochal spiritual discoveries of Rudolf Steiner With particular emphasis on the organic provisions of the Old Testament Smith shows both what the assumptions of the Master's hearers were and how the New Testament confirms the ancient heritage Arising from the fullness of the canon is an exciting story of the long journey of humanity and every human soul each a beloved sheep whom the Creator is unwilling to lose Combining a lifetime of biblical study and teaching fifteen years investigating and contemplating Rudolf Steiner's vast works and almost three decades of applying the analytical skill required in an intense law practice Smith has produced a potential classic the serious Bible student can ill afford to ignore

**The Appearance of Christ in the Etheric** Sergei O. Prokofieff, 2012 Dedicated to the centenary of Rudolf Steiner's first proclamation of Christ's appearance in the etheric realm of the Earth this book discusses various aspects of that event that had not previously been addressed adequately Sergei Prokofieff points to three themes of primary importance all of which are connected directly with the tasks of the Society that Rudolf Steiner founded The preparation of humankind for the Second Coming Working with Christ as the Lord of Karma Recognizing in Anthroposophy the spiritual language through which questions can be posed to the etheric Christ today Prokofieff describes these and other critical undertakings such as forging a strong relationship with Michael and the importance of recognizing the adversarial forces attempting to falsify Christ's Second Coming The Appearance of Christ in the Etheric is of relevance to every individual who wishes to take an active role in fulfilling the needs of our time

**The Whitsun Impulse and Christ's Activity in Social Life** Sergei O. Prokofieff, 2010 What is Whitsun or Pentecost and how can its impulse be furthered for the future of society How can social life become the bearer of the Christ impulse and how can Christ himself enter social life directly In this small booklet Sergei Prokofieff discusses the significance of spiritual work conducted in a social setting and its crucial role in preparing for the future epoch of the spirit self The spiritual and social tasks before us he tells us can be achieved only through mutual efforts with one another Moreover for such social activity the General Anthroposophical Society with all of its different groups and branches which unite all anthroposophists in the world plays a fundamental role Thus the spiritual tasks of the General Anthroposophical Society gradually unite with the tasks of all humankind This booklet consisting of the report of a lecture and supplemented with an essay is an important companion to another publication by this author The Esoteric Significance of

Spiritual Work in Anthroposophical Groups      The Mystery of the Resurrection in the Light of Anthroposophy Sergei O. Prokofieff, 2010 We live today at a time when the full mystery of the Resurrection body can become manifest to human beings out of the inspirations of Michael This was accomplished by Rudolf Steiner not just in a theoretical sense but also practically and came about through the establishing of a path accessible to all human beings which leads to a union with the forces of the Resurrection body Sergei Prokofieff approaches the deepest mysteries of the Turning Point of Time the Christ event through Rudolf Steiner's spiritual research At its heart stands the question of the restoration of the phantom of the physical body and its transformation into the resurrected body of Christ through the Mystery of Golgotha The author draws a broad and differentiated picture of the tasks and possibilities that the Easter event as well as Ascension and Pentecost present both for the individual and humanity The final chapter considers the mystery of Easter Saturday through which the two polar aspects of the Mystery of Golgotha death and resurrection interconnect also explaining the relationship between the Earth Spirit and the interior of the Earth An appendix tackles the phenomenon of stigmatization from a spiritual scientific perspective      The Guardian of the Threshold and the Philosophy of Freedom Sergei O. Prokofieff, 2011 The mystery of the Guardian and the Threshold he protects belong among the central most significant themes on the path of modern initiation For without the encounter with the Guardian the Threshold to the spiritual world can never be crossed in full consciousness The consequence would then be that for all the experiences in the realm on the other side of the Threshold there can be no certainty as to the truth of their contents from the preface Just as an entire plant is contained in seminal form in its seed the whole of Anthroposophy can be discovered in Rudolf Steiner's central work The Philosophy of Freedom Intuitive Thinking as a Spiritual Path a book that lays the foundation for a modern scientific path to the spiritual world Given the centrality of the Guardian of the Threshold to modern initiation one may ask where this theme can be found in The Philosophy of Freedom Sergei Prokofieff presents his insights to this little researched question in the first part of this volume In the second part he investigates the connection of The Philosophy of Freedom to the content of Rudolf Steiner's research into to what he called The Fifth Gospel Prokofieff's thoughtful commentary sheds new light on the connection between Rudolf Steiner's early work and what he developed later in life Study of the relevant texts reveals that the roots of Steiner's early work lie in the same spiritual reality the Christ impulse as that of the later Anthroposophy he would develop      **Anthroposophy and the Philosophy of Freedom** Sergei O. Prokofieff, 2009 I asked Rudolf Steiner What will remain of your work thousands of years from now He replied Nothing but The Philosophy of Freedom But everything else is contained in it If one realizes the act of freedom described there one can discover the whole content of Anthroposophy Walter Johannes Stein Some people's path to Anthroposophy leads them directly to Rudolf Steiner's early work Intuitive Thinking as a Spiritual Path A Philosophy of Freedom which becomes the philosophical basis for further exploration Steiner referred to this as a safe approach However the destiny of many leads them directly to Anthroposophy itself perhaps through one of its practical initiatives such as

Waldorf education or biodynamics sometimes making it difficult to relate to the cognitive basis of Anthroposophy In this unique study Prokofieff offers a fresh approach to Steiner's crucial book *Intuitive Thinking as a Spiritual Path* He shows why the book is so important to Anthroposophy as the work in which Steiner lays a foundation for his method of spiritual research In Steiner's own words One who is willing can indeed find the basic principles of Anthroposophy in my *Philosophy of Freedom* Prokofieff discusses the Christian nature of the anthroposophic means of cognition and how it is integral to freedom and love This in turn reveals the deeply Christian roots of *Intuitive Thinking as a Spiritual Path* and its importance for modern Christian esoteric work In considering its multifaceted cosmic and human dimension Prokofieff discusses *Intuitive Thinking as a Spiritual Path* in relation to the mystery of the Resurrection the work of the hierarchies the being Anthroposophia the Fifth Gospel Steiner's path of initiation the Rosicrucian and Michaelic impulses the life between death and rebirth the Foundation Stone the Christian mysteries of karma and the science of the Grail

**Foundation Stone Meditation** Sergei O. Prokofieff, 2006 Meditative reflection strengthening thinking and feeling through the will is one of the main methods of experiencing Anthroposophy Prokofieff writes The best path to this goal is inner work with the Foundation Stone Meditation because this meditation is the quintessence of the whole of Anthroposophy given in meditatively inspired form by means of earthly words Rudolf Steiner described the substance of the Foundation Stone Meditation as spoken by him out of the will of the spiritual world and as verses heard from the Cosmic Word Owing to its spiritual and mantric form the text of this meditation represents an archetype and is thus a key to the most diverse areas of world and human existence Depending on which spiritual portal is opened with this key explains Prokofieff one arrives at one result or another and one and the same line of the meditation becomes a reply to the most varied questions The author applies this method in this work and in the process illuminates and opens up many dimensions of spiritual science His research embraces among other aspects the relationship of the Foundation Stone Meditation to the being Anthroposophia the spiritual hierarchies human karma the Rosicrucian Michaelic and Grail streams the Mystery of Golgotha the two Jesus children the three spiritual sources of Anthroposophy and even the Constitution of the General Anthroposophical Society
