**Day Dreams** Rudolph Valentino, 1923      *Valentino* David Bret, 2007-05-11 Rudolph Valentino remains perhaps the most beautiful man ever to have appeared on celluloid In a career spanning barely seven years and fourteen major films his name became and is still synonymous with unbridled Latin passion Whenever his image flickered onto the screen fans of both sexes swooned whilst cynics and detractors snorted disapproval When he died suddenly aged just thirty one thousands rioted at his funeral and several of his more ardent admirers committed suicide In this unique biography of The World s Greatest Lover David Bret uses much unpublished material to reveal the real Valentino a man who was sexually attracted only to other men and whose relationships with women brought only heartbreak and disaster However as Bret discovers Valentino was far less ashamed of his sexuality than he was afraid of being trapped by the image of his public persona In 1920s America homosexual men were stereotyped as feeble effeminate degenerates None of these terms applied to Valentino a big powerfully built man who excelled at most sports boxing in particular Yet it was Valentino s persistent need to prove his manhood which contributed to his early death Rudolph Valentino is one of cinema s most enduring and best loved legends This is his remarkable story      *Performing Arts Books, 1876-1981* , 1981      **Biographical Books, 1876-1949** R.R. Baltasar Fernández Cué,2019-05-06 In the months before silent film icon Rudolph Valentino s death he began a collaboration with Spanish journalist Baltasar Fernández Cué That collaboration was this book Valentino lamented the glut of fictionalization about his life story and asked Cué to assist him in writing his true autobiography During the spring of 1926 Baltasar Fernández Cué became a familiar member of Valentino s entourage as he was granted extraordinary access to the star s private life and professional activities He lunched in Valentino s United Artists bungalow and visited the location filming of The Son of the Sheik Cué was a frequent guest in Valentino s home in Los Angeles Falcon Lair and befriended Valentino s last love interest Pola Negri and his only brother Alberto Guglielmi Valentino Before Valentino left on his fateful trip to New York City he gave Cué various personal letters and documents for reference and assured him he would return within three weeks to write his autobiography Valentino would die soon after in New York City leaving Cué determined to fulfill his great friend s wish With the assistance of Pola Negri and Valentino s friend Douglas Gerrard and with the endorsement of Alberto Guglielmi Valentino Cué wrote The True Rudolph Valentino With his main source no longer available Cué would construct the book from his eye witness accounts and his experience with Valentino and his inner circle Lamentably he would rely on a few of the studio generated myths Valentino hoped to dispel Cué published his work in the Spanish language fan magazine Cine Mundial as a ten installment series from May 1927 to February of 1928 Cué recounts detailed scenarios of Valentino s daily professional and private life and includes correspondence between Valentino and Natacha Rambova and Douglas Gerrard He grants fresh insight into these fascinating screen personalities and the tumultuous time prior to Valentino s death Renato Floris translation presents this historically valuable book for the first time to an English speaking audience Floris conducted a meticulous research of Cué s quizzical phraseology and worked with the assistance and analysis of many generous individuals in England Argentina Spain Chile Italy and the US The True Rudolph Valentino is a full color publication which includes reproductions of the original Cine Mundial installment illustrations Controlling Time and Shaping the Self ,2011-06-22 This book explores new questions and approaches to the rise of autobiographical writing since the early modern period What motivated more and more men and women to write records of their private life How could private writing grow into a bestselling genre How was this rapidly expanding genre influenced by new ideas about history that emerged around 1800 How do we explain the paradox of the apparent privacy of publicity in many autobiographies Such questions are addressed with reference to well known autobiographies and an abundance of newfound works by persons hitherto unknown not only

from Europe but also the Near East and Japan This volume features new views of the complex field of historical autobiography studies and is the first to put the genre in a global perspective *City Songs and American Life, 1900-1950* Michael L. Lasser, 2019 Nothing defines the songs of the great American songbook more richly and persuasively than their urban sensibility During the first half of the twentieth century songwriter such as Harold Arlen Irving Berlin Dorothy Fields George and Ira Gershwin and Thomas Fats Waller flourished in New York City the home of Tin Pan Alley Broadway and Harlem Many of these remarkably deft and forceful creators were native New Yorkers Others got to Gotham as fast as they could Either way it was as if from their vantage point on the West Side of Manhattan these artists were describing America not its geography of politics but its heart to Americans and to the world at large In *City songs and American life 1900 1950* renowned author and broadcaster Michael Lasser offers an evocative and probing account of the popular songs including some written originally for the stage or screen that America heard and sang and danced to during the turbulent first half of the twentieth century Lasser demonstrates how the spirit of the teeming city pervaded these wildly diverse songs Often that spirit took form overtly in songs that portrayed the glamor of Broadway of the energy and jazz age culture of Harlem But a city bred spirit or even a specifically New York City way of feeling and talking also infused many other widely known and loved songs stretching from the early decades of the century to the twenties the age of the flapper bathtub gin and women s right to vote the Great Depression and finally World War II Throughout this remarkable book Lasser emphasizes how the soul of city life as echoes in the nation s songs developed and changed in tandem with economic social and political currents in America as a whole Dust jacket flap **Cinema Art**, 1927 **Decisions of the United States Courts Involving Copyright** Mark Augustine Lillis, 1985 *Digest*, 1928 **Making Italian America** Simone Cinotto, 2014-04-01 How do immigrants and their children forge their identities in a new land and how does the ethnic culture they create thrive in the larger society *Making Italian America* brings together new scholarship on the cultural history of consumption immigration and ethnic marketing to explore these questions by focusing on the case of an ethnic group whose material culture and lifestyles have been central to American life Italian Americans As embodied in fashion film food popular music sports and many other representations and commodities Italian American identities have profoundly fascinated disturbed and influenced American and global culture Discussing in fresh ways topics as diverse as immigrant women s fashion critiques of consumerism in Italian immigrant radicalism the Italian American influence in early rock n roll ethnic tourism in Little Italy and Guido subculture *Making Italian America* recasts Italian immigrants and their children as active consumers who since the turn of the twentieth century have creatively managed to articulate relations of race gender and class and create distinctive lifestyles out of materials the marketplace offered to them The success of these mostly working class people in making their everyday culture meaningful to them as well as in shaping an ethnic identity that appealed to a wider public of shoppers and spectators looms large in the political history of consumption *Making Italian America* appraises how

immigrants and their children redesigned the market to suit their tastes and in the process made Italian American identities a lure for millions of consumers Fourteen essays explore Italian American history in the light of consumer culture across more than a century long intense movement of people goods money ideas and images between Italy and the United States a diasporic exchange that has transformed both nations Simone Cinotto builds an imaginative analytical framework for understanding the ways in which ethnic and racial groups have shaped their collective identities and negotiated their place in the consumers emporium and marketplace Grounded in the new scholarship in transnational U S history and the transfer of cultural patterns Making Italian America illuminates the crucial role that consumption has had in shaping the ethnic culture and diasporic identities of Italians in America It also illustrates vividly why and how those same identities incorporated in commodities commercial leisure and popular representations have become the object of desire for millions of American and global consumers
