Rudy Visits The North:

Rudy Visits the North Aubrey Lang,1992 *Social Life, Local Politics, and Nazism* Rudy J. Koshar,2014-04-15

Focusing on Marburg a contentious university town where voters demonstrated strong electoral support for Adolf Hitler's National Socialist party this imaginative study discusses the political role of small town organizational life and painstakingly reconstructs the full range of Nazi sympathizers cross affiliations with local voluntary groups Germany's Transient Pasts Rudy J. Koshar,2000-11-09 Over the course of the twentieth century Germans have venerated and maintained a variety of historical buildings from medieval fortresses and cathedrals to urban districts and nineteenth century working class housing But the practice of historic preservation has sometimes proven controversial as different groups of Germans have sought to use historical architecture to represent competing versions of their nation's history *Transient Pasts* is the first book to examine the role that the historic preservation movement has played in German cultural history and memory from the end of the nineteenth century to the early 1970s Focusing on key public debates over historic preservation Rudy Koshar charts a trajectory of cultural politics in which historical architecture both facilitated and limited Germans efforts to identify as a nation He demonstrates that historical buildings and monuments have served as enduring symbols of national history in a country scarred by the traumas of two world wars Nazism the Holocaust and political division His findings challenge both the widely accepted argument that Germans have constantly repressed their past and the contention that Germany's intense public engagement with history since reunification is unprecedented *Off the Rails* Rudy Sarzo,2008 Among the many reasons why I took upon myself the task of writing *Off the Rails* was to clear a lot of misinformation and bogus theories that circulate on the Internet regarding Randy Rhoads life and death Believe me it was not easy chronicling all of the daily events that happened on and off the road Fortunately I had kept a journal of our travels so I had accurate details P 4 of cover

Virtual Pilgrimages in the Convent Kathryn M. Rudy, 2011 Walking in Christ's footsteps was a devotional ideal in the late Middle Ages However few nuns and religious women had the freedom or the funding to take the journey in the flesh Instead they invented and adjusted devotional exercises to visit the sites virtually These exercises largely based on real pilgrims accounts made use of images and objects that helped the beholder to imagine walking alongside Christ during his torturous march to Calvary Some provided scripts whereby votaries could animate paintings and sculptures Others required the nun to imagine her convent as a miniature model of Jerusalem This volume is grounded in more than a dozen texts from manuscripts written by medieval nuns and religious women which appear here transcribed and translated for the first time and a multiplicity of occasionally three dimensional images They attest to the ubiquity and variety of virtual pilgrimages among religious women and help to reveal the functions of certain late medieval devotional images
