## **Rudyard Kipling And The Fiction Of Adolescence:**

*Rudyard Kipling and the Fiction of Adolescence* Robert F. Moss, 1982-06-18      *Kipling's Children's Literature* Sue Walsh, 2016-04-22 Despite Kipling's popularity as an author and his standing as a politically controversial figure much of his work has remained relatively unexamined due to its characterization as children's literature Sue Walsh challenges the apparently clear division between children's and adult literature and poses important questions about how these strict categories have influenced critical work on Kipling and on literature in general For example why are some of Kipling's books viewed as children's literature and what critical assumptions does this label produce Why is it that *Kim* is viewed by critics as transcending attempts at categorization Using Kipling as a case study Walsh discusses texts such as *Kim* *The Jungle Books* *the Just So Stories* *Puck of Pook's Hill* and *Rewards and Fairies* re-evaluating earlier critical approaches and offering fresh readings of these relatively neglected works In the process she suggests new directions for postcolonial and childhood studies and interrogates the way biographical criticism on children's literature in particular has tended to supersede and obstruct other kinds of readings

**A Reference Guide for English Studies** Michael J. Marcuse, 2023-11-15      **The Ruling Passion** Christopher Lane, 1995 In *The Ruling Passion* Christopher Lane examines the relationship between masculinity homosexual desire and empire in British colonialist and imperialist fictions at the turn of the twentieth century Questioning the popular assumption that Britain's empire functioned with symbolic efficiency on sublimated desire this book presents a counterhistory of the empire's many layers of conflict and ambivalence Through attentive readings of sexual and political allegory in the work of Kipling Forster James Beerbohm Firbank and others and deft use of psychoanalytic theory *The Ruling Passion* interprets turbulent scenes of masculine identification and pleasure power and mastery intimacy and antagonism By foregrounding the shattering effects of male homosexuality and interracial desire and by insisting on the centrality of unconscious fantasy and the death drive *The Ruling Passion* examines the startling recurrence of colonial failure in narratives of symbolic doubt and ontological crisis Lane argues compellingly that Britain can progress culturally and politically only when it has relinquished its residual fantasies of global mastery

**The Victorian Era in Twenty-First Century Children's and Adolescent Literature and Culture** Sonya Sawyer Fritz, Sara K. Day, 2018-01-19 Victorian literature for audiences of all ages provides a broad foundation upon which to explore complex and evolving ideas about young people In turn this collection argues contemporary works for young people that draw on Victorian literature and culture ultimately reflect our own disruptions and upheavals particularly as they relate to child and adolescent readers and our experiences of them The essays therein suggest that we struggle now as the Victorians did then to assert a cohesive understanding of young readers and that this lack of cohesion is a result of or a parallel to the disruptions taking place on a larger even global scale

**British Poets and Secret Societies (Routledge Revivals)** Marie Mulvey-Roberts, 2014-08-01 A surprisingly large number of English poets have either belonged to a secret society or been strongly influenced by its

tenets One of the best known examples is Christopher Smart's membership of the Freemasons and the resulting influence of Masonic doctrines on *A Song to David* However many other poets have belonged to or been influenced by not only the Freemasons but the Rosicrucians Gormogons and Hell Fire Clubs First published in 1986 this study concentrates on five major examples Smart Burns William Blake William Butler Yeats and Rudyard Kipling as well as a number of other poets Marie Roberts questions why so many poets have been powerfully attracted to the secret societies and considers the effectiveness of poetry as a medium for conveying secret emblems and ritual She shows how some poets believed that poetry would prove a hidden symbolic language in which to reveal great truths The beliefs of these poets are as diverse as their practice and this book sheds fascinating light on several major writers *Masculinities in British Adventure Fiction, 1880-1915* Joseph A. Kestner, 2016-05-06 Making use of recent masculinity theories Joseph A Kestner sheds new light on Victorian and Edwardian adventure fiction Beginning with works published in the 1880s when writers like H Rider Haggard took inspiration from the First Boer War and the Zulu War Kestner engages tales involving initiation and rites of passage experiences with the non Western Other colonial contexts and sexual encounters Canonical authors such as R L Stevenson Rudyard Kipling Joseph Conrad and Olive Schreiner are examined alongside popular writers like A E W Mason W H Hudson and John Buchan providing an expansive picture of the crisis of masculinity that pervades adventure texts during the period

*Historical Dictionary of Fantasy Literature* Allen Stroud, 2023-06-12 Fantasy is a genre in motion gradually expanding its reach and historical sources to embrace a global identity *Historical Dictionary of Fantasy Literature Second Edition* is a snapshot of the genre in this moment identifying new themes and sources that are emerging to inspire enhance and invigorate the published works of fantasy writers ***The Child Savage, 1890-2010*** Elisabeth Wesseling, 2016-12-05 Taking up the understudied relationship between the cultural history of childhood and media studies this volume traces twentieth century migrations of the child savage analogy from colonial into postcolonial discourse across a wide range of old and new media Older and newer media such as films textbooks children's literature periodicals comic strips children's radio and toys are deeply implicated in each other through ongoing remediation meaning that they continually mimic absorb and transform each other's representational formats stylistic features and content Media theory thus confronts the cultural history of childhood with the challenge of re thinking change in childhood imaginaries as transformation through repetition patterns rather than as rise shine decline sequences This volume takes up this challenge demonstrating that one historical epoch may well accommodate diverging childhood repertoires which are recycled again and again as they are played out across a whole gamut of different media formats in the course of time ***Narrator's Voice*** Barbara Wall, 2016-01-07

***Remaking the Classics*** Christopher Stray, Lorna Hardwick, Amanda Wrigley, Deborah Roberts, Elizabeth Vandiver, Leanne Hunnings, Ruth Hazel, Sheila Murnaghan, Stephen Harrison, 2013-10-16 This important collection of essays both contributes to the expanding field of classical reception studies and seeks to extend it Focusing on nineteenth and

twentieth century Britain it looks at a range of different genres epic novel lyric tragedy political pamphlet Within the published texts considered the usual range of genres dealt with elsewhere is extended by chapters on books for children and those in which childhood and memories of childhood are informed by antiquity and also by a multi genre case study of a highly unusual subject Spartacus Remaking the Classics also goes beyond books to dramatic performance and beyond the theatre to radio a medium of enormous power and influence from the 1920s to the 1960s whose role in the reception of classics is largely unexplored The variety of genres and of media considered in the book is balanced both by the focus on Britain in a specific time period and by an overlap of subject matter between chapters the three chapters on twentieth century drama for example range from performance strategies to post colonial contexts The book thus combines the consolidation of a field with an attempt to push it in new and exciting directions

**The Victorian Period in Twenty-First Century Children's and Adolescent Literature and Culture** Sara K. Day, Sonya Sawyer Fritz, 2018-01-19 Victorian literature for audiences of all ages provides a broad foundation upon which to explore complex and evolving ideas about young people In turn this collection argues contemporary works for young people that draw on Victorian literature and culture ultimately reflect our own disruptions and upheavals particularly as they relate to child and adolescent readers and our experiences of them The essays therein suggest that we struggle now as the Victorians did then to assert a cohesive understanding of young readers and that this lack of cohesion is a result of or a parallel to the disruptions taking place on a larger even global scale

Public School Literature, Civic Education and the Politics of Male Adolescence Jenny Holt, 2008 Whether it is shedding new light on well known texts by Thomas Hughes and Rudyard Kipling providing a fascinating discussion of works written by boys themselves or supplying historical context for the development of the concept of adolescence this book will engage not only scholars of childhood and children's literature but Victorianists and those interested in the history of educational practice

**BOOK JACKET** Politics and Awe in Rudyard Kipling's Fiction Peter Havholm, 2016-12-05 There has been a resurgence of interest in Kipling among critics who struggle to reconcile the multiple pleasures offered by his fiction with the controversial political ideas that inform it Peter Havholm takes up the challenge piecing together Kipling's understanding of empire and humanity from evidence in Anglo Indian and Indian newspapers of the 1870s and 1880s and offering a new explanation for Kipling's post 1891 turn to fantasy and stories written to be enjoyed by children By dovetailing detailed contextual knowledge of British India with informed and sensitive close readings of well known works like *The Man Who Would Be King* *Kim* *The Light That Failed* and *They* Havholm offers a fresh reading of Kipling's early and late stories that acknowledges Kipling's achievement as a writer and illuminates the seductive allure of the imperialist fantasy

**Empires of Print** Patrick Scott Belk, 2017-05-08 At the turn of the twentieth century the publishing industries in Britain and the United States underwent dramatic expansions and reorganization that brought about an increased traffic in books and periodicals around the world Focusing on adventure fiction published from 1899 to 1919

Patrick Scott Belk looks at authors such as Joseph Conrad H G Wells Conan Doyle and John Buchan to explore how writers of popular fiction engaged with foreign markets and readers through periodical publishing Belk argues that popular fiction particularly the adventure genre developed in ways that directly correlate with authors experiences and shows that popular genres of the late nineteenth and early twentieth centuries emerged as one way of marketing their literary works to expanding audiences of readers worldwide Despite an over determined print space altered by the rise of new kinds of consumers and transformations of accepted habits of reading publishing and writing the changes in British and American publishing at the turn of the twentieth century inspired an exciting new period of literary invention and experimentation in the adventure genre and the greater part of that invention and experimentation was happening in the magazines

Empire's Children M. Daphne Kutzer, 2002-09-11 First Published in 2001      **Contemporary Adolescent Literature and Culture** Maria Nikolajeva, Mary Hilton, 2016-05-13 Offering a wide range of critical perspectives this volume explores the moral ideological and literary landscapes in fiction and other cultural productions aimed at young adults Topics examined are adolescence and the natural world nationhood and identity the mapping of sexual awakening onto postcolonial awareness hybridity and trans racial romance transgressive sexuality the sexually abused adolescent body music as a code for identity formation representations of adolescent emotion and what neuroscience research tells us about young adult readers writers and young artists Throughout the volume explores the ways writers configure their adolescent protagonists as awkward alienated rebellious and unhappy so that the figure of the young adult becomes a symbol of wider political and societal concerns Examining in depth significant contemporary novels including those by Julia Alvarez Stephenie Meyer Tamora Pierce Malorie Blackman and Meg Rosoff among others Contemporary Adolescent Literature and Culture illuminates the ways in which the cultural constructions adolescent and young adult fiction share some of society's most painful anxieties and contradictions      *Mark of the Beast* Alfredo Bonadeo, 1989-01-23 The First World War is a watershed in the intellectual and spiritual history of the modern world On the one hand it brought an end to a sense of optimism and decency bred by the prosperity of nineteenth century Europe On the other it brought forth a sense of futility and alienation that has since pervaded European thought That cataclysmic experience is richly reflected in the work of writers and artists from both sides of the conflict and this study provides a detailed analysis of two basic themes death and degradation that mark the literature about the war From their accounts most men entered the war lightheartedly filled with ideals of patriotism and glory but these generous feelings were soon quelled as the war settled into a stalemate its operations reduced to simply grinding away the opposing forces In these operations Alfredo Bonadeo shows men became mere aggregations thrown against one another wasted with no appreciable effects or gains save carnage itself This cheapening and disregard for human life and being Bonadeo finds rooted not only in the conditions of war but significantly in a contempt for the common man prevailing in European political and intellectual circles This attitude is revealed most plainly in his analysis of the Italian literature which

hitherto has received little note Italian leaders saw the war as an opportunity to expiate a sense of national guilt and here the inconclusive campaigns made their futility all the greater Out of the torn fields of the First World War grew the seeds of a second greater conflict but Professor Bonadeo concludes the flowering of the seeds was aided by the degradation of man's spirit on those fields The grim focus of this book the dead voices it evokes leads to a new appreciation of the meaning of the Great War

*The A to Z of Fantasy Literature* Brian Stableford, 2009-08-13 Stableford provides an invaluable guide to this sequence of events and to the current state of the field The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies

**Hemingway's Quarrel with Androgyny** Mark Spilka, 1990-01-01 Hemingway's Quarrel with Androgyny confronts the entrenched mystique surrounding the hard drinker bullfighter and creator of characters steeled by their own code Spilka stresses Hemingway's lifelong dependence on and secret identification with women and in doing so shatters the myths of male bonding and heroic lives of men without women He develops the biographical literary and cultural implications of Hemingway's lifelong quarrel with androgyny to reveal a more psychologically complex man and writer than the mystique has allowed
