It's almost enough to make the stalwart SEAL let down his guard for once. Until he learns that assistant US attorney Darby Raye, his Darby, is heading an investigation designed to destroy him and Poseidon. The gorgeous eyes that Darby spent her nights gazing into are now glaring at her across a courtroom. This case could build her career, but if Nic's not a traitor, then he's being framed by forces powerful enough to eliminate every obstacle in their way. And the tentative trust she and Nic are rebuilding, as well as their very lives, could become collateral damage. Gang of Four Liz Byrski, 2007-11-10

From the bestselling author of *A Month of Sundays* with new novel *At the End of the Day* out now. *Gang of Four* is a story of four very different journeys and a celebration of women in the prime of life. Every woman needs her gang of four. Mary Moody. A delightful story of the joy of stepping outside your comfort zone. Australian Women's Weekly. She had a husband, children and grandchildren who loved her, a beautiful home, enough money. What sort of person was she to feel so overwhelmed with gloom and resentment on Christmas morning? They have been close friends for almost two decades, supporting each other through personal and professional crises, parents dying, children leaving home, house moves, job changes, political activism, diets and really bad haircuts. Now the gang of four, Isabel, Sally, Robin and Grace, are all fifty, something successful and restless. It is Isabel who makes the first move, taking a year away from her family to follow in her mother's footsteps across Europe. Soon Sally is on her way to San Francisco to come face to face with a guilty secret. Robin, in the wake of a clandestine relationship, heads for isolation in the country. And Grace? Well, Grace would never go away for an entire year, but lonely in the others' absence, she thinks she might take a short holiday in England. Once there, she bumps into someone she hardly knows herself. PRAISE FOR LIZ BYRSKI: Her plots and characters get stronger with each book. The Sydney Morning Herald. Liz Byrski has a guaranteed cheer squad for her novels, which champion women taking charge of their life and growing old creatively. Daily Telegraph. Fans of Monica McInerney, Liane Moriarty and Joanna Trollope will love Liz Byrski. Disastrous Science Peter Apps, 2014-09-28. P margin bottom 0.21cm. As the title suggests, the stories in this compilation deal with events when science hits back. Disasters through complacency, nuclear war through losing control of events or just an experiment going wrong, all give science, or rather nature, a chance to show just how far we have to go. *Fracture Point* deals with the consequences of our dependence on electricity in general and automated systems in particular. It dominates the book at 50,000 words, especially since *Leave Em Laughing* allows you to put the book down with a smile on your face at just 215 words. *The Rising Moon*, *Disaster Time*, *Done and Gods* and *Demons* are more conventional short stories. *Rising Moon* is a space ship on its maiden flight to the moon, while in *Time Done* a careless time traveller risks unravelling his future world. *Gods and Demons* deals with the consequences as events impinge on a society scarcely able to comprehend the outside world. The cause of a war is dealt with in what else? *World War III*, but it is another ultra-short story, though I did cheat. As you read it, imagine that you are hearing it on the radio. The styles vary. I hope the tales interest so enjoy a mixed bag of tales about
