Ruffy And Me:

Beyond My Dreams Peter Marmureanu, 2014-11-25 When Peter Marmureanu started learning tennis in communist held Romania he was ten years old playing barefoot on clay courts swinging a wooden paddle that served as a racket Eight years later as a member of Romanias Davis Cup team Marmureanu was traveling side by side with Ilie Nastase and Ion Tiriac to the worlds capitals playing tournaments in Cairo Monte Carlo Paris London Moscow and scores of other cities In *Beyond My Dreams* Marmureanu recounts his life story and how he was forced to become a designated courier for the Securitate traveling with packets of top secret documents concealed in his racket cover for delivery to Romanian embassies In a last minute flight to freedom that sounds like an espionage thriller Marmureanu narrates how he made his escape But even in America where Donald Rumsfeld and President Gerald Ford helped secure his citizenship he lived for many years under FBI protection carrying a handgun for his own safety knowing the danger that loomed over Romanias defectors and what might happen if he ever went back And yet for the sake of his family Marmureanu risked a return witnessing firsthand the initial moments of insurrection preceding the fall of an evil regime In this memoir filled with intrigue courage and defiance Marmureanu tells how he escaped one of the most repressive regimes on earth the incredible but true adventure of one mans flight to freedom

Hearts on Fire: Dogs, Love, and Calendar Heroes Joanna Slodownik, 2020-11-05 From the author of *A Taste of Love Eat Love Vegan Recipes for Love and Life* here's another heart warming funny and inspiring read for animal lovers Olivia is a lawyer and a vegan but quit her well paying job to work at an animal shelter Ryan is a hot firefighter and a hero who saves people and animals from fire Sparks fly from the moment they meet but after a recent breakup Olivia is not ready to trust men again When the shelter is in danger of closing down the plan is to create a calendar featuring the firefighters and the dogs to be sold at the next fundraiser Asking Ryan for help may be their last hope only can he be trusted With shocking rumors being spread about the shelter people turning their backs on them and firefighters joining the competing event will the fundraiser be a success Will Olivia and Ryan end up together or will Olivia's impossibly high standards keep them apart ever after My friends keep telling me that I need a relationship with a man because the whole world doesn't revolve around cats dogs pigs and rabbits But is it my fault that men are mostly liars and cheaters animals on the other hand never laugh at you behind your back or pretend they love you when in fact they're having sex with somebody else when you aren't watching Being bitter and wary may not be a solution but why should I lower my standards I've been down the dating love relationship path before and I'm not going there again certainly not with that smug firefighter hero no matter how many animals or humans he saves When the shelter catches on fire the local fire department is there to save the animals with Ryan saving the most dogs and cats and is all over the television networks acting like a hero As I'm watching Ryan Kowalski and his crew posing for pictures talking to reporters who treat them as if they're gods it bothers me is that it's just another piece of news that people will forget The thing about heroes is that they do this epic thing and leave but then it's up to everyone else to clean up the mess which in this case means taking care of the dogs and cats in the Kind Heart Animal Shelter and do our best to save their lives every day before it's too late and they're sent to animal heaven Only that's not newsworthy enough not dramatic enough There's no fire gushing in the background Just mouths to feed and poops to scoop No one will show us on prime time television doing that The truth is no one cares about the life and death of these animals and many of them will end up dead maybe even next week or month because there's not enough space and no money to keep them alive in the shelter Why don't people come and save them That way everybody can be a hero It's easy Adopt Foster Volunteer Meanwhile the question is if we can keep providing safe heaven for the animals in our care and find homes for them before it's too late and they're sent to kill shelters And will I be able to find a man I can trust or will my impossibly high standards keep me from love ever after A novella for all animal lovers and vegans You will laugh and you will cry Buy the book today and watch out for more new releases from this author coming soon

From hypothesizing about the origins of the Human Animal Bond and how the first animals became domesticated to defining the bond and ultimately enumerating the many ways in which animals benefit society the opening of this work commands one's complete attention. Just as all pet owners become intrigued by the rapid physical growth of a puppy or kitten the author reminds them to not only be witness to the physical nature of this process but to become attune to the more subtle changes that occur. These changes are primarily rooted in the animal's sensitivities. Having set the stage for these awe inspiring feelings she embarks on a most emotional yet at times humorous memoir of her departed Golden Retriever Ruff and his sibling and littermate Tumble. The exploits of these animals together with their adopted feline sister will have the reader experiencing the heights of laughter together with the depths of grief. It is a remarkable roller coaster of emotion that rings so true in its parallels to everyday life. The poetic prowess of her husband AD is obvious in the two pieces he authored within the book. The final chapter of the book deals with the seriousness of loss for individuals. Whether the loss is a pet or person the coping methodologies are similar. The discussion of souls the levels of love and the enduring bonds provides a venue to release grief to be open to afterlife communications and to realize that some things last forever. This profound conclusion applies to both humans and animals alike with minimal changes. Readers will find this book therapeutic in terms of dealing with the raw pain and emotion following a loss in their family. For this is the very reason that the author wrote this work that is to bring healing to those in need.
