

RUINS OF IDENTITY

Ethnogenesis in the Japanese Islands

MARK J. HUDSON

Ruins Of Identity Ethnogenesis In The Japanese Islands

Andria D. Timmer, Elizabeth Wirtz

Ruins Of Identity Ethnogenesis In The Japanese Islands:

Ruins of Identity Mark James Hudson, 1999-08-01 Many Japanese people consider themselves to be part of an essentially unchanging and isolated ethnic unit in which the biological linguistic and cultural aspects of Japanese identity overlap almost completely with each other In its examination of the processes of ethnogenesis the formation of ethnic groups in the Japanese Islands *Ruins of Identity* offers an approach to ethnicity that differs fundamentally from that found in most Japanese scholarship and popular discourse Following an extensive discussion of previous theories on the formation of Japanese language race and culture and the nationalistic ideologies that have affected research in these topics Mark Hudson presents a model of a core Japanese population based on the dual origin hypothesis currently favored by physical anthropologists According to this model the Jomon population which was present in Japan by at least the end of the Pleistocene was followed by agriculturalists from the Korean peninsula during the Yayoi period ca 400 BC to AD 300 Hudson analyzes further evidence of migrations and agricultural colonization in an impressive summary of recent cranial dental and genetic studies and in a careful examination of the linguistic and archaeological records The final sections of the book explore the cultural construction of Japanese ethnicity Cultural aspects of ethnicity do not emerge pristine and fully formed but are the result of cumulative negotiation Ethnic identity is continually recreated through interaction within and without the society concerned Such a view necessitates an approach to culture change that takes into account complex interactions with a larger system Accordingly Hudson considers post Yayoi ethnogenesis in Japan within the East Asian world system examining the role of interaction between core and periphery in the formation of new ethnic identities such as the Ainu He argues that the defining elements of the Ainu period and culture ca AD 1200 can be linked directly to a dramatic expansion in Japanese trade goods flowing north as Hokkaido became increasingly exploited by core regions to the south Highly original and at times controversial *Ruins of Identity* will be essential reading for students and scholars in Japanese studies and will be of interest to anthropologists and historians working on ethnicity in other parts of the world Text adopted at University of Chicago

Ruins of Identity Mark Hudson, 1995

Geographies of Identity in Nineteenth-Century Japan David L. Howell, 2005-02-07 One of the most important contributions of this book is its compelling portrait of the various itinerants within and often without early modern Japan's status system Even though the topic is a rather serious one Howell reveals a refreshing sense of humor and an original approach This is a pleasure to read Brett L Walker author of *The Conquest of Ainu Lands* David Howell's immersion in contemporary Japanese scholarship is evident on every page of this masterful book A probing work of great erudition K ren Wigen author of *The Making of a Japanese Periphery*

Ambassadors from the Islands of Immortals Zhenping Wang, 2005-01-01 Using recent archaeological findings and little known archival material Wang Zhenping introduces readers to the world of ancient Japan as it was evolving toward a centralized state Competing Japanese tribal leaders engaged in ambassador diplomacy and actively sought Chinese support and recognition to strengthen

their positions at home and to exert military influence on southern Korea Wang brings diplomatic history to life in his descriptions of the diplomats and their personalities and literary talents as well as their ambitions and frustrations He explains in detail the rigorous criteria of the Chinese and Japanese courts in the selection of diplomats and how the two prepared for missions abroad He journeys with a party of Japanese diplomats from their tearful farewell party to hardship on the high seas to their arrival amidst the splendors of Yangzhou and Changan and the Sui Tang court The depiction of these colorful events is combined with a sophisticated analysis of premodern diplomacy using the key concept of mutual self interest and a discussion of two major modes of diplomatic communication court reception and the exchange of state letters accepting or rejecting court ceremonial arrangements Islands of Discontent Laura Hein, Mark Selden, 2003-04-09

Examining contemporary Okinawan culture politics and historical memory this book traces the dynamic reconstruction and reframing of Okinawan identity The contributors explore the cultural and political expression that has flowered in the past decade with the vigorous growth of local museums and memorials and of the popularity of distinctive Okinawan music and literature as well as of political movements targeting both U S military bases and Japanese national policy on ecological developmental and equity grounds A key strategy has been the mobilization of historical memory particularly recalling the violent subordination of Okinawan interests to those of the Japanese and American wartime and occupation governments With its intertwining themes of memory nationality ethnicity and cultural conflict in contemporary society the book will be valuable reading for scholars and students across the social sciences and humanities **Religion and National Identity in**

the Japanese Context Hiroshi Kubota, Klaus J. Antoni, Johann Nawrocki, Michael Wachutka, 2002 This book focuses upon the relationship between religion and socio cultural or socio political aspects in the history of religions in Japan Religious and ideological justifications in the course of forming a political and national identity and the mutual relation between political national and cultural issues can be noticed in every region of the world before the onset of secularization processes but also in modern nation states today In Japan as well just like in most modern societies political cultural and religious elements are closely interrelated In a comparative approach the sixteen papers in this volume elucidate the intellectual undercurrent in Japanese history of putting positive perspectives on national achievements and cultural religious uniqueness into service of establishing and refurbishing a national identity **Beyond Ainu Studies** Mark James Hudson, Ann-Elise Lewallen, Mark K.

Watson, 2013-12-31 In 2008 140 years after it had annexed Ainu lands the Japanese government shocked observers by finally recognizing Ainu as an Indigenous people In this moment of unparalleled political change it was Uzawa Kanako a young Ainu activist who signalled the necessity of moving beyond the historical legacy of Ainu studies Mired in a colonial mindset of abject academic practices Ainu Studies was an umbrella term for an approach that claimed scientific authority vis vis Ainu who became its research objects As a result of this legacy a latent sense of suspicion still hangs over the purposes and intentions of non Ainu researchers This major new volume seeks to re address the role of academic scholarship in Ainu social

cultural and political affairs Placing Ainu firmly into current debates over Indigeneity Beyond Ainu Studies provides a broad yet critical overview of the history and current status of Ainu research With chapters from scholars as well as Ainu activists and artists it addresses a range of topics including history ethnography linguistics tourism legal mobilization hunter gatherer studies the Ainu diaspora gender and clothwork In its ambition to reframe the question of Ainu research in light of political reforms that are transforming Ainu society today this book will be of interest to scholars and students in Indigenous studies as well as in anthropology and Asian studies Contributors Misa Adele Honde David L Howell Mark J Hudson Deriha K ji ann elise lewallen Tessa Morris Suzuki Hans Dieter Ischleger Kirsten Refsing Georgina Stevens Sunazawa Kayo Tsuda Nobuko Uzawa Kanako Mark K Watson Y ki K ji

A Companion to Japanese History William M. Tsutsui, 2009-07-20 A Companion to Japanese History provides an authoritative overview of current debates and approaches within the study of Japan s history Composed of 30 chapters written by an international group of scholars Combines traditional perspectives with the most recent scholarly concerns Supplements a chronological survey with targeted thematic analyses Presents stimulating interventions into individual controversies

Archaeology of East Asia Gina L. Barnes, 2015-10-31 Archaeology of East Asia constitutes an introduction to social and political development from the Palaeolithic to 8th century early historic times It takes a regional view across China Korea Japan and their peripheries that is unbounded by modern state lines This viewpoint emphasizes how the region drew on indigenous developments and exterior stimuli to produce agricultural technologies craft production political systems religious outlooks and philosophies that characterize the civilization of historic and even modern East Asia This book is a complete rewrite and update of The Rise of Civilization in East Asia first published in 1993 It incorporates the many theoretical technical and factual advances of the last two decades including DNA gender and isotope studies AMS radiocarbon dating and extensive excavation results Readers of that first edition will find the same structure and topic progression While many line drawings have been retained new color illustrations abound Boxes and Appendices clarify and add to the understanding of unfamiliar technologies For those seeking more detail the Appendices also provide case studies that take intimate looks at particular data and current research The book is suitable for general readers East Asian historians and students archaeology students and professionals Praise for The Rise of Civilization in East Asia the best English introduction to the archaeology of East Asia brilliantly integrates the three areas into a broad regional context Prof Mark Hudson

Gender, Power, and Non-Governance Andria D. Timmer, Elizabeth Wirtz, 2022-05-13 Using Sherry Ortner s analogy of Female Nature Male Culture this volume interrogates the gendered aspects of governance by exploring the NGO State relationship By examining how NGOs States perform gendered roles and actions and the gendered divisions of labor involved in different types of institutional engagement this volume attends to the ways in which gender and governance constitute flexible relational and contingent systems of power The chapters in this volume present diverse analyses of the ways in which projects of governance both reproduce and challenge binaries

The Routledge Handbook of the

Bioarchaeology of Climate and Environmental Change Gwen Robbins Schug, 2020-10-27 This handbook examines human responses to climatic and environmental changes in the past and their impacts on disease patterns nutritional status migration and interpersonal violence Bioarchaeology the study of archaeological human skeletons provides direct evidence of the human experience of past climate and environmental changes and serves as an important complement to paleoclimate historical and archaeological approaches to changes we may expect with global warming Comprising 27 chapters from experts across a broad range of time periods and geographical regions this book addresses hypotheses about how climate and environmental changes impact human health and well being factors that promote resilience and circumstances that make migration or interpersonal violence a more likely outcome The volume highlights the potential relevance of bioarchaeological analysis to contemporary challenges by organizing the chapters into a framework outlined by the United Nations Sustainable Development Goals for 2030 Planning for a warmer world requires knowledge about humans as biological organisms with a deep connection to Earth's ecosystems balanced by an appreciation of how historical and socio-cultural circumstances socioeconomic inequality degrees of urbanization community mobility and social institutions play a role in shaping long term outcomes for human communities Containing a wealth of nuanced perspectives about human environmental relations book is key reading for students of environmental archaeology bioarchaeology and the history of disease By providing a longer view of contemporary challenges it may also interest readers in public health public policy and planning

Early Modern China and Northeast Asia Evelyn S. Rawski, 2015-06-11 Evelyn Rawski presents a revisionist history of early modern China in the context of northeast Asian geopolitics and global maritime trade

The Oxford Handbook of the Archaeology and Anthropology of Hunter-Gatherers Vicki Cummings, Peter Jordan, Marek Zvelebil, 2014-04-24 For more than a century the study of hunting and gathering societies has been central to the development of both archaeology and anthropology as academic disciplines and has also generated widespread public interest and debate The Oxford Handbook of the Archaeology and Anthropology of Hunter Gatherers provides a comprehensive review of hunter gatherer studies to date including critical engagements with older debates new theoretical perspectives and renewed obligations for greater engagement between researchers and indigenous communities Chapters provide in depth archaeological historical and anthropological case studies and examine far reaching questions about human social relations attitudes to technology ecology and management of resources and the environment as well as issues of diet health and gender relations all central topics in hunter gatherer research but also themes that have great relevance for modern global society and its future challenges The Handbook also provides a strategic vision for how the integration of new methods approaches and study regions can ensure that future research into the archaeology and anthropology of hunter gatherers will continue to deliver penetrating insights into the factors that underlie all human diversity

The Cambridge World History: Volume 2, A World with Agriculture, 12,000 BCE-500 CE Graeme Barker, Candice Goucher, 2015-04-16

The development of agriculture has often been described as the most important change in all of human history Volume 2 of the Cambridge World History series explores the origins and impact of agriculture and agricultural communities and also discusses issues associated with pastoralism and hunter fisher gatherer economies To capture the patterns of this key change across the globe the volume uses an expanded timeframe from 12 000 BCE 500 CE beginning with the Neolithic and continuing into later periods Scholars from a range of disciplines including archaeology historical linguistics biology anthropology and history trace common developments in the more complex social structures and cultural forms that agriculture enabled such as sedentary villages and more elaborate foodways and then present a series of regional overviews accompanied by detailed case studies from many different parts of the world including Southwest Asia South Asia China Japan Southeast Asia and the Pacific sub Saharan Africa the Americas and Europe

Japan's Demographic Revival: Rethinking Migration, Identity And Sociocultural Norms Stephen Robert Nagy, 2015-11-30 Japan's Demographic Revival shifts discussions about employing immigration as the best or sole solution to assuaging Japan's demographic quagmire to a more systematic approach that identifies structural organizational and cultural impediments that contribute to Japan's and other countries declining demographic situations This edited volume also sheds light on the plethora of changes required to produce a demographically sustainable Japan Part One includes chapters explaining the endogenous ethnocultural and structural obstacles that link ethnocultural understandings of citizenship and nationality Part Two consists of chapters that provide insight into the societal barriers that exist in Japan to address demographic issues Part Three shifts its focus away from identifying and analyzing the structural organizational and cultural factors towards chapters that are policy oriented linking existing policies as contributing factors behind Japan's demographic challenge

The Oxford Guide to the Transeurasian Languages Martine Robbeets, Alexander Savelyev, 2020 This volume provides a comprehensive treatment of the Transeurasian languages It offers detailed structural overviews of individual languages as well as comparative perspectives and insights from typology genetics and anthropology The book will be an indispensable resource for anyone interested in Transeurasian and comparative linguistics

Diachrony of Verb Morphology Martine Robbeets, 2015-07-24 This book deals with shared verb morphology in Japanese and other languages that have been identified as Transeurasian traditionally Altaic in previous research It analyzes shared etymologies and reconstructed grammaticalizations with the goal to provide evidence for the genealogical relatedness of these languages

Routledge Handbook of Premodern Japanese History Karl F. Friday, 2017-07-14 Scholarship on premodern Japan has grown spectacularly over the past four decades in both sophistication and volume The new scholarship sees a higher reliance on primary documents a shift away from the history of elites to broader exploration of social structures and a reexamination of many of the key tenets which were once the received wisdom Providing a primarily historiographical review this handbook highlights the recent innovations and major themes that have developed in the study of premodern Japanese history Covering

Japanese history to 1600 The Routledge Handbook of Japanese History is an essential reference work for any student and researcher on Japanese Asian and World History The Comparative Syntax of Korean and Japanese Yutaka Sato, Sungdai Cho, 2023-12-21 This book provides a detailed survey of Korean and Japanese syntax from a comparative perspective based within a generative framework Yukata Sato and Sungdai Cho demonstrate that while the two languages exhibit remarkably similar morphosyntactic features they behave differently in specific types of construction with the main differences observed in genitive marking sentence negation Negative Polarity Items the formation of causatives and passivization The book also explores pragmatic and sociolinguistic issues in the two languages and shows that they differ in the perception and realization of givenness as a topic marker and in the influence of relationships of power and distance on the use of honorifics The authors further offer additional context by exploring the typological relationship between Japanese and Korean and the surrounding languages such as Ainu and the Chinese and Altaic languages as well as providing socio cultural and historical background **Warfare in Japan** Harald Kleinschmidt, 2017-05-15 Warfare in Japan from the fourth to the nineteenth century has caused much controversy among Western military and political historians This volume assembles key articles written by specialists in the field on military organization the social context of war battle action weapons and martial arts The focus is on the transformation of patterns of warfare that arose from endogenous as well as exogenous factors
