## **Rule Of St Augustine:**

**Augustine of Hippo and His Monastic Rule** George Lawless, 1990 The Rule of Augustine the oldest monastic rule with Western origins still provides inspiration for over 150 Christian communities This account of Augustine s contributions to the monastic spirituality of the late Roman world and of his achievement as a monastic legislator fills a critical gap in Augustinian studies Tracing Augustine s progress from a philosophical to a biblical spirituality and his development of a monastic ideal largely shaped by Greco Roman philosophical and rhetorical influences Lawless also discusses Augustine s renunciation of sexuality property and worldly ambition at his conversion as a foreshadowing of the future vows of chastity poverty and obedience In addition he argues for the existence of a monastery at Thagaste from 388 to 391 This book includes new English translations of the Regulations for a Monastery the Rule and Letter 211 The Rule of Saint Augustine Hugh Of St Victor, St Augustine Of Hippo, 2021-03-06 The Rule of Saint Augustine written Augustine of Hippo 354 430 is a brief document which served as a guide for the servants of God It is the oldest monastic rule in the Western Church The Rule addresses chastity poverty obedience worldliness labor hierarchy charity prayer fasting and abstinence care of the sick silence and host of other questions It came into use on a wide scale from the twelfth century onwards and continues to be employed today by many orders including the Dominicans Servites Mercederians Norbertines and Augustinians The Commentary traditionally attributed to Hugh of St Victor c 1096 1141 offers a wealth of insight on this important document This edition was translated from the original Latin by Dom Aloysius Smith and formatted for publication by Chaucer House Press **Explanation of the Rule of St. Augustine** Of Saint-Victor 1096?-1141 Hugh, 2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **The Rule of Saint Augustine** Augustine, 1986-02-21 The oldest monastic Rule in the West A giant of the faith St Augustine is well known as the restless searcher for truth His life and the Rule he formulated have had enduring influence on the Christian ideal of the religious life This is a new modern English translation of the Rule from the original critical Latin text An extensive Commentary elucidates its meaning and its relevance to those who follow or study it today Augustine s concise spiritual directions based heavily on the Scriptures cover such subjects as prayer love and community mutual responsibility service authority and obedience He outlines the basics for exercising genuine love the goal of all things indeed life itself This brief but classic guide is as inspiring and applicable to the twentieth century as it was to Augustine s early followers It clearly reflects his own vision and spiritual depth As Van Bavel observes in his Introduction We could

characterize the Rule of Augustine as a call to the evangelical equality of all people It voices the Christian demand to bring all men and women into full community The Rule of St Augustine is indeed a Rule for all Christians religious and laity alike

**The Rule of St. Benedict in English** ,2016-11-18 For fifteen centuries Benedictine monasticism has been governed by a Rule that is at once strong enough to instill order and yet flexible enough to have relevance fifteen hundred years later This pocket sized English only edition is perfect for individual or group study     Augustine's Rule Adolar Zumkeller,1987     *On Baptism Against the Donatists* Saint Augustine of Hippo,Aeterna Press, This treatise was written about 400 A D Concerning it Aug in *Retract* Book II c xviii says I have written seven books on Baptism against the Donatists who strive to defend themselves by the authority of the most blessed bishop and martyr Cyprian in which I show that nothing is so effectual for the refutation of the Donatists and for shutting their mouths directly from upholding their schism against the Catholic Church as the letters and act of Cyprian Aeterna Press     On the Soul and Its Origin Saint Augustine,Saint Augustine of Hippo,2015-06-08 Augustine the man with upturned eye with pen in the left hand and a burning heart in the right as he is usually represented is a philosophical and theological genius of the first order towering like a pyramid above his age and looking down commandingly upon succeeding centuries He had a mind uncommonly fertile and deep bold and soaring and with it what is better a heart full of Christian love and humility He stands of right by the side of the greatest

philosophers of antiquity and of modern times We meet him alike on the broad highways and the narrow footpaths on the giddy Alpine heights and in the awful depths of speculation wherever philosophical thinkers before him or after him have trod As a theologian he is facile princeps at least surpassed by no church father schoolman or reformer With royal munificence he scattered ideas in passing which have set in mighty motion other lands and later times He combined the creative power of Tertullian with the churchly spirit of Cyprian the speculative intellect of the Greek church with the practical tact of the Latin He was a Christian philosopher and a philosophical theologian to the full **Our Restless Heart** Thomas Frank Martin, 2003 The figure of Augustine of Hippo looms large over the history of western Christianity theologian mystic monk philosopher artist bishop ascetic convert polemicist seeker Augustine's distinctive spiritual vision has played and continues to play a profoundly formative role in both imagining and living the Christian life For some his presence is celebrated for others it is lamented for few can it be a matter of indifference Thomas Martin's concise survey of this vast complicated and controversial terrain begins with Augustine and his own restless heart and then traces the legacy of this spiritual vision as it is taken up by other restless seekers through the centuries Our Restless Heart is a concise but masterly introduction to the Augustinian tradition which will stimulate beginner and specialist alike Book jacket [Explanation of the Rule of Saint Augustine](#) Hugh of Saint Victor, Aeterna Press, The following explanation of the rule of St Augustine taken from the works of Hugh of St Victor is here presented in English form to those that live under the rule of St Augustine and to whom it is not easily accessible in the original Latin Aeterna Press
