

PRAISE FOR THE RULES OF MAGIC

"[T]his is a novel that begins with the words, 'Once upon a time,' and its strength is a Hoffman hallmark: the commingling of fairy-tale promise with real-life struggle. The Owens children can't escape who they are. Like the rest of us, they have to figure out the best way to put their powers to use."

—THE NEW YORK TIMES BOOK REVIEW

"Hoffman has conjured up another irresistible novel in *The Rules of Magic*. This is the kind of book you race through, then pause at the last forty pages, savoring your final moments with the characters."

—USA TODAY (★★★★)

"Hoffman, a master of magical realism, draws us back into the spellbinding universe of the Owens family with gorgeous prose set against a backdrop of vivid imagery."

—MARIE CLAIRE

"Hoffman delights in this prequel to *Practical Magic*, as three siblings discover both the power and curse of their magic. . . . Hoffman's novel is a coming-of-age tale replete with magic and historical reference to the early witch trials. . . . Spellbinding."

—PUBLISHERS WEEKLY (STARRED REVIEW)

"It's clear why Hoffman is a favorite for fantasy readers: She creates interesting mythologies; she's able to weave magic into the modern world."

—BOOKPAGE

"No one's more confident or entertaining than Hoffman at putting across characters willing to tempt fate for true love. . . . Everything fans of a much-loved book could hope for in a prequel."

Mother of Learning: ARC 1 nobody103, Domagoj Kurmaic, 2021-12-01 Zorian Kazinski has all the time in the world to get stronger, and he plans on taking full advantage of it. A teenage mage of humble birth and slightly above-average skill, Zorian is attending his third year of education at Cyoria's magical academy. A driven and quiet young man, he is consumed by a desire to ensure his own future and free himself of the influence of his family, resenting the Kazinskis for favoring his brothers over him. Consequently, Zorian has no time for pointless distractions, much less other people's problems. As it happens, though, time is something he is about to get plenty of. On the eve of Cyoria's annual summer festival, Zorian is murdered, then abruptly brought back to the beginning of the month just before he was about to take the train to school. Finding himself trapped in a time loop with no clear end or exit, he will have to look both within and without to unravel the mystery set before him. He does have to unravel it, too, because the loop clearly wasn't made for his sake, and in a world of magic, even a time traveler isn't safe from those who wish him ill. Fortunately for Zorian, repetition is the mother of learning.
