Redreaming America Debra A. Castillo, 2005-01-01 Pursues an inquiry into the cultural and linguistic dissonances that Spanish creates in the United States *The Bilingual Text* Jan Walsh Hokenson, Marcella Munson, 2014-06-03 Bilingual texts have been left outside the mainstream of both translation theory and literary history Yet the tradition of the bilingual writer moving between different sign systems and audiences to create a text in two languages is a rich and venerable one going back at least to the Middle Ages The self translated bilingual text was commonplace in the multilingual world of medieval and early modern Europe frequently bridging Latin and the vernaculars While self translation persisted among cultured elites it diminished during the consolidation of the nation states in the long era of nationalistic monolingualism only to resurge in the postcolonial era The Bilingual Text makes a first step toward providing the fields of translation studies and comparative literature with a comprehensive account of literary self translation in the West It tracks the shifting paradigms of bilinguality across the centuries and addresses the urgent questions that the bilingual text raises for translation theorists today Is each part of the bilingual text a separate original creation or is each incomplete without the other Is self translation a unique genre Can either version be split off into a single language or literary tradition How can two linguistic versions of a text be fitted into standard models of foreign and domestic texts and cultures Because such texts defeat standard categories of

analysis The Bilingual Text reverses the usual critical gaze highlighting not dissimilarities but continuities across versions allowing for dissimilarities within orders of correspondence and englobing the literary as well as linguistic and cultural dimensions of the text Emphasizing the arcs of historical change in concepts of language and translation that inform each case study The Bilingual Text examines the perdurance of this phenomenon in Western societies and literatures

Metaphors of Multilingualism Rainer Guldin, 2020-03-27 *Metaphors of Multilingualism* explores changing attitudes towards multilingualism by focusing on shifts both in the choice and in the use of metaphors Rainer Guldin uses linguistics philosophy literature literary theory and related disciplines to trace the radical redefinition of multilingualism that has taken place over the last decades This overall change constitutes a paradigmatic shift However despite the emergence of the new paradigm the traditional monolingual point of view is still significantly influencing present day attitudes towards multilingualism Consequently the emergent paradigm has to be studied in close connection with its predecessor This book is the first extensive attempt to provide a critical overview of the key metaphors that organize current perceptions of multilingualism Instead of an exhaustive list of possible metaphors of multilingualism the emphasis is on three closely interrelated and overlapping clusters that play a central role in both paradigms organic metaphors of the body kinship and gender metaphors as well as spatial metaphors The examples are taken from different languages among them French German Chinese Japanese Spanish and Brazilian Portuguese This is ground breaking reading for scholars and researchers in the fields of linguistics literature philosophy media studies anthropology history and cultural studies

Los años de silencio Michael J. Lazzara, 2002 **Salvador Allende** Jesús Manuel Martínez, 2023-09-11 Este libro

ha sido considerado por diversos lectores y críticos como el más completo y riguroso ensayo biográfico sobre Salvador Allende y su tiempo histórico. Ha sido también merecedor de uno de los galardones más prestigiosos del mundo hispanohablante: el premio Jovellanos del Principado de Asturias otorgado en España. El jurado integrado por notables intelectuales europeos ha destacado la excelente expresión literaria y alto contenido testimonial de una obra que refleja pasajes cruciales de la historia de Chile. En efecto, el libro aborda las diferentes facetas en la vida y la personalidad de Salvador Allende en un relato que también ahonda en la situación histórica política y social de Chile: un país ilustrado y próspero en el oligárquico siglo XIX que desde principios del siglo XX quedó roto y polarizado ante la emergencia de una pujante clase media y de un poderoso movimiento obrero. Una nación que como el propio Allende tuvo que reinventarse a sí misma. Quiero ser Presidente de este país para cambiarlo: decía quien fuera el ministro más joven del Frente Popular, fundador del Partido Socialista y tras cuatro campañas electorales, Presidente de la República durante mil días. En forma gil y amena, el autor se interna en el personaje y con singular maestría le da la palabra, permitiendo que sea Allende quien se exprese en distintos momentos de su vida personal y política. Construye así una íntima y penetrante visión sobre un referente ineludible de la historia de Chile y la interrupción de la vía chilena al socialismo, poniendo luces en las interrogantes que aún permanecen vigentes. Pensando a Allende Hermes H. Benítez, 2013-06-04. A pesar de que este año van a cumplirse cuatro décadas desde que se produjera el derrocamiento de su gobierno por medio de un golpe cívico-militar incitado y financiado por EE.UU., la figura de Salvador Allende no ha dejado de potenciarse y engrandecerse, llegando a adquirir las dimensiones de un personaje cuasi mítico que ha sido incluso proclamado por un amplio sector de sus compatriotas como el chileno más universal y como el personaje más importante de toda la historia patria. Pero Allende es más que un simple personaje histórico: es decir, alguien que pertenece puramente al pasado de Chile y a quien se recuerda y rinde homenaje una vez al año porque su ideario político y legado están cada vez más vivos y presentes en la conciencia y en el corazón de quienes luchan hoy por la abolición de la democracia tutelada de origen dictatorial y su reemplazo por una verdadera democracia igualitaria y participativa. **Hispanamerica**, 2001. *Vidas y censuras* Rodrigo Cánovas, 2023-05-02. Escritura vida y censura. Cómo expresar lo que no se puede expresar. Qué decir y qué hacer en los momentos límites de nuestra existencia cuando sentimos el resquebrajamiento del mundo en que habitamos. Este libro les sigue los pasos a sujetos que viven intensamente esos límites: se alando posibles entradas y salidas al complejo laberinto chileno y americano. Así se pasa revista a los escritos de esclavos, negros, de monjas de claustro, de los inmigrantes judíos y rabes y a las voces contestatarias de las dictaduras latinoamericanas recientes y en el caso chileno, enunciamos el abordaje de los huérfanos que irrumpen desde el espacio del exilio interior. Rodrigo Cánovas asume con propiedad un espacio de diálogo y debate que permite forjar mediaciones y representaciones del desgarramiento hispanoamericano. Es una voz autorizada e inspirada para procesar nuevos lenguajes de representación y darles un lugar postraumático a las voces de rebeldía y extraterritoriales chilenas y de nuestro continente. Julio Ortega. Esta antología crítica

busca deconstruir los tpicos del desastre y permitir la cohabitaci n de los suelos Rodrigo C novas ha optado por iluminar lugares vulnerables o vulnerados para establecer all un espacio cr tico As en su discurso sobre la discriminaci n aunque reconoce que en las ltimas d cadas en Chile se abri un espacio m s respetuoso con las minor as mujeres diversidad sexual pueblos originarios el autor mantiene una desconfianza en las jerarquizaciones en las que se elaboran los signos del menosprecio que detonan y sostienen y m s a n legitiman las discriminaciones Diamela Eltit *Sociedad, cultura y literatura* Carlos Arcos Cabrera,2009 **Historical Dictionary of Chile** Salvatore Bizzarro,2017-02-13 This fourth edition of Historical Dictionary of Chili contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Chili
