Rumi The Path Of Love:

The Sufi Path of Knowledge William C. Chittick, 2010-03-31 Ibn al Arabi is still known as the Great Sheik among the surviving Sufi orders Born in Muslim Spain he has become famous in the West as the greatest mystical thinker of Islamic civilization He was a great philosopher theologian and poet William Chittick takes a major step toward exposing the breadth and depth of Ibn al Arabi s vision The book offers his view of spiritual perfection and explains his theology ontology epistemology hermeneutics and soteriology The clear language unencumbered by methodological jargon makes it accessible to those familiar with other spiritual traditions while its scholarly precision will appeal to specialists Beginning with a survey of Ibn al Arabi s major teachings the book gradually introduces the most important facets of his thought devoting attention to definitions of his basic terminology His teachings are illustrated with many translated passages introducing readers to fascinating byways of spiritual life that would not ordinarily be encountered in an account of a thinker s ideas Ibn al Arabi is allowed to describe in detail the visionary world from which his knowledge derives and to express his teachings in his own words More than 600 passages from his major work *al Futuhat al Makkiyya* are translated here practically for the first time These alone provide twice the text of the *Fusus al hikam* The exhaustive indexes make the work an invaluable reference tool for research in Sufism and Islamic thought in general

your heart and soul to the lover inside and out **Rumi** Jalaluddin Rumi, 2012-03-01 Cambridge University professor Reynold Nicholson once remarked that the 13th century Persian poet Rumi is the greatest mystical poet of any age In Rumi's vision love is the very matrix of existence love is what moves life His poetry expresses the deepest and the most inclusive layers of love and thus connects us to an immense source of joy compassion creativity and mystery This book is a new anthology and an original translation of Rumi's poetry It is divided into three parts Part I contains two essays one on Rumi's life A Messenger from the Sun and the other on his poetic vision and thought The Path of Love in the Ocean of Life which together help the reader better situate his poetry Part II presents 144 1 quatrains Rubaiyat of Rumi categorized into 12 thematic chapters On the Pain and Joy of Longing The Search Who Am I The Beloved's Face Die to Yourself The Art of Living Night Secrets Water of Life Fire of Love Unity and Union Peaceful Mind and Rumi on His Life Poetry and Death These poems have been selected and translated from the authentic Persian editions of Rumi's Divan e Shams For readers interested in the cadence and rhythm of the poems in the original language the Persian reading in English script is also given under each translated poem Part III is a selection of 12 wisdom stories from Rumi's own life taken from a 14th century biographical work on Rumi A glossary of symbolic terms in Rumi's poetry and references to the original sources of the translated poems are also given at the end of the book This anthology brings fresh insight into the work and mind of a master poet who mapped the path of spiritual quest and union and painted in words the art of loving **Rumi's Four Essential Practices** Will Johnson, 2010-01-19 Poems and commentary that open the door for a new generation to experience the ecstatic and embodied spiritual truths contained in Rumi's poetry Reveals how the four practices of eating lightly breathing deeply moving freely and gazing intently can invoke the divinity within us all Explains how these practices dissolve the self's need for identity so that we may experience a state of transcendent ecstasy and union with the divine Takes Rumi's path to finding God from theoretical to embodied practices The great thirteenth century Sufi mystic and poet Jalaluddin Rumi began his life as an orthodox Islamic believer but felt that to fully experience complete union with the divine he must abandon institutionalized religion and its prescribed forms of worship Surrendering his will to his overriding urge for a much more immediate intuitive and compelling union with the divine he found that by manipulating certain behavioral aspects of his physiology eating lightly breathing deeply moving freely and gazing raptly he was capable of loosening the rigid confines of the self thereby overriding its limitations and achieving a transcendent merging with his own divinity His message is simple if you wish to affect the spirit you must first make changes in the way your body responds to the world Through clearly written commentary interspersed with Rumi's beautiful poems this book details these four practices in a very precise way As such it is a sweet and open invitation to follow the examples set forth in order to embark upon one's own path of inner illumination The freshness of Rumi's poetry dissolves the 700 years that separate his life from our own time making his message as pertinent today as when he walked the streets of Konya Anatolia present day Turkey reciting his inspiring verse This book
