Berinsky, 2023-08-15 Why debunked political rumors persist and how to combat them Political rumors and misinformation pollute the political landscape This is not a recent phenomenon before the currently rampant and unfounded rumors about a stolen election and vote rigging there were other rumors that continued to spread even after they were thoroughly debunked including doubts about 9 11 an inside job and the furor over President Obama s birthplace and birth certificate If misinformation crowds out the truth how can Americans communicate with one another about important issues In this book Adam Berinsky examines why political rumors exist and persist despite their unsubstantiated and refuted claims who is most likely to believe them and how to combat them Drawing on original survey and experimental data Berinsky shows that a tendency toward conspiratorial thinking and vehement partisan attachment fuel belief in rumors Yet the reach of rumors is wide and Berinsky argues that in fighting misinformation it is as important to target the undecided and the uncertain as it is the true believers We re all vulnerable to misinformation and public skepticism about the veracity of political facts is damaging to democracy Moreover in a world where most people simply don t pay attention to politics political leaders are often guilty of disseminating false information and failing to correct it when it is proven wrong Berinsky suggests that we should focus on the messenger as much as the message of rumors Just as important as how misinformation is debunked is who does the debunking **The Cocktail Hour** Albert Ramsdell Gurney, 1989 THE STORY The time is the mid 70s the place a city in upstate New York John a playwright returns to his family s house bringing with him a new play which he has written about them His purpose is to obtain their permission to proceed with pr Neil Simon's Memoirs Neil Simon, 2016-11-08 Now for the first time ever Simon s complete life story is collected in one volume with a new introduction and afterword Dust jacket **The Secret Race** Daniel Coyle, Tyler Hamilton, 2012-09-12 WINNER OF THE WILLIAM HILL SPORTS BOOK OF THE YEAR AWARD On a fateful night in 2009 Tyler Hamilton and Daniel Coyle met for dinner in Boulder Colorado Over the next eighteen months Hamilton would tell Coyle his story and his sport s story in explosive detail never sparing himself in the process In a way he became as obsessed with telling the truth as he had been with winning the Tour de France just a few years before The truth would set Tyler free but would also be the most damning indictment yet of teammates like Lance Armstrong The result of this determination is *The Secret Race* a book that pulls back the curtain and takes us into the secret world of professional cycling like never before A world populated by unbelievably driven and some flawed characters A world where the competition used every means to get an edge and the options were stark A world where it often felt like there was no choice
