Run To The Stars:

Run to the Stars Michael Scott Rohan, 2013-10-02 Life on Earth was intolerable and yet Man had stayed there his dreams and potential suffocating under the dead weight of bureaucracy The stars were attainable thanks to the Infall Drive but only a few heard the call of deep space Some had already gone to colonise a new world The second ship was ready at last Ready to escape the Earth's prison ready to seek refuge in deepest space But it wasn't only freedom that awaited it

Ready to Run Kelly Starrett, 2014-10-21 Push the reset button to unleash your

body's power and endurance for running naturally. If you're like 80 percent of runners, an injury is going to force you to stop your running routine at some point this year, and the demands of daily life only add to the wear and tear on your body. Life in the modern world has trashed and undercut dedicated runners' ability to transform their running. The harsh effects of too much sitting and too much time wearing the wrong shoes has left us shackled to lower back problems, chronic knee injuries, and debilitating foot pain. What if you refocus the energy you put into maintaining your current running regimen on forming new habits that can improve your performance and reduce your risk of injury? With *Ready to Run*, you can take responsibility for what's going on in your body, take care of business, and harvest any performance that's hiding in the shadows. In a direct answer to the modern runner's needs, Dr. Kelly Starrett, author of the bestseller *Becoming a Supple Leopard: The Ultimate Guide to Resolving Pain, Preventing Injury, and Optimizing Athletic Performance*, has focused his revolutionary movement and mobility philosophy on the injury-plagued world of running. In this book, Starrett shares twelve performance standards that will prepare your body for a lifetime of top performance running. You will learn: How to tap into all of your running potential and access a fountain of youth for lifelong running; How to turn your weaknesses into strengths; How to prevent chronic overuse injuries by building powerful injury prevention habits into your day; How to prepare your body for the demands of changing your running shoes and running technique; How to treat pain and swelling with cutting-edge modalities and accelerate your recovery; How to equip your home mobility gym; What mobility exercises to use for restoring optimal function and range of motion to your joints and tissues; How to run faster, run farther, and run better.

Fifty Places to Sail Before You Die Chris Santella, 2012-11-16 Championship racers and professional adventurers disclose their favorite destinations in an inspiring volume of stories, travel tips, and photos. Featuring some of the best-known men and women in the sport, Tom Whidden and Gary Jobson, members of the winning 1987 America's Cup crew; Jeff Johnstone of J/Boats, award-winning sailing writer; Lin Pardey and many others, this is a unique full-color celebration for sailors to relive their greatest memories or plan their next big adventure. The amazingly diverse places they've selected include Australia, Fremantle, and Sydney; Bermuda; St. George's Harbor, Brazil; Bay of Ilha Grande, California; Channel Islands and San Francisco Bay, Chile; Cape Horn, Italy; Costa Smeralda, Sardinia, Maine; Boothbay Harbor, Penobscot Bay, Southwest Harbor, Florida; Biscayne Bay and Key West, Scotland; Firth of Clyde, South Africa; Cape Town, and dozens more. For each place, the sailor recommending the venue spins an entertaining yarn about their experience there, and each description is accompanied by a "make you want to go there now" photograph. From the relative indolence of cruising the Dodecanese or the British Virgin Islands to the white-knuckle adventure of rounding Cape Horn to the thrill of partaking in the regatta off Newport, *Fifty Places to Sail Before You Die* captures the rich and varied world of recreational sailing and may just inspire you to set sail on some new adventures of your own.
