Phillips, 2007-04-01 Vince Lombardi whom many believe to be the greatest football coach in the history of the sport is both a household name and an icon. He is not only renowned in the sports world but also in business and industry for his exceptional leadership skills. In *Run to Win*, acclaimed author Don Phillips examines Lombardi's famous coaching style by painting a picture of a fascinating individual, a man whose ingenious leadership helped lead his teams to nine playoff victories in a row, including wins in the first two Super Bowls. By extracting powerful lessons from a man who could both lead and inspire, Phillips gets to the heart of what made Lombardi great and shows readers what it takes to be a winner. At the same time, this groundbreaking book tells the inspiring story of Lombardi's ten-year career with the Green Bay Packers and Washington Redskins, complete with anecdotes, quotes, and Lombardi Principles that show why this legendary coach continues to be a role model for effective leadership in business today. Totally accessible and utterly fascinating, Donald T. Phillips's *Run to Win* empowers readers with the knowledge to succeed in business while entertaining them with tales of a man whose ability to win under any circumstance is unsurpassed in the history of professional sports **What It Takes to Be #1 : Vince Lombardi on Leaders** Vince Lombardi, 2003-09-22 Legendary leadership lessons from the greatest football coach of all time. Leadership continues to be one of the most trained-for skills in business today. And no figure so fully embodies the leadership qualities managers hope to cultivate in their professional and personal lives than Vince Lombardi, the greatest NFL coach of all time. In *What It Takes to Be #1*, author Vince Lombardi Jr., America's most sought-after motivational speaker, examines the leadership qualities that his father considered essential to success. He explores the leadership philosophy of Vince Lombardi, extracts powerful lessons about what it takes to be an effective leader, and shows how to apply those qualities to one's own life and career. For all business leaders or those who aspire to leadership, *What It Takes to Be #1* is a blueprint for achieving Lombardi-like success in virtually any endeavor **Vince** Michael O'Brien, 1989-09-20 Published to widespread critical acclaim, *Vince* has been called the definitive biography of an American legend. With stunning revelations and anecdotes, Vince Lombardi's life is pieced together with painstaking care in research detail and historical accuracy. Based on more than two hundred interviews, including those who played with him and against him from his early coaching days at St. Cecilia High School in New Jersey to West Point, the New York Giants, and his championship seasons with the Green Bay Packers and Washington Redskins. Drawing upon unpublished Lombardi family papers, Vince clarifies the thirty years of mystery and contradiction that have swirled around the legend of Vince Lombardi. Vince goes beyond the sidelines to reveal the true character of Lombardi. He was dedicated and narrow, intelligent and

dogmatic self restrained yet emotional abusive yet apologetic His moods could swing from deep gloom to soaring exuberance in seconds He was compassionate kind charitable He could also be gripped by uncontrollable anger Above all Vince paints a portrait of a very human man who committed his life to winning

Stop Competing and Start Winning Beth Launiere, Leo Hopf, 2020-10 The pairing of a business consultant with a Division I head coach may seem unusual but management consulting has many lessons to bring to coaching Conversations between friends connected by their love of volleyball developed into innovative ideas about how coaches can run the business component of their program stay connected with their players and elevate their team s success Over the past five years the authors have worked together to bring select concepts and tools from the world of business into the University of Utah s volleyball program We have presented our approach to numerous coaches groups and based on the positive feedback from coaches at all levels we have decided to collect these concepts and tools into this book Many coaches

share a similar career trajectory They started as players entered coaching as a volunteer assistant coach or as a director of operations earned promotion to assistant coach and eventually were hired into a head coaching role What they learned along the way depended on who they had to learn from If they were fortunate to learn from great thinkers and communicators they were well prepared when their turn came to run a program If they had less capable teachers they had to learn by trial and error and by developing on their own their approach to managing a program But no matter how effective the coaches they trained under they learned lessons from inside the world of their sport Because of this many coaches have similar bodies of knowledge A given coach may be better or worse than their competition but they are all drawing from the same storehouse of ideas Winning as a coach requires incorporating ideas wherever you can find them and blending those which make sense to you into your program to make it more effective and more efficient If you can access relevant ideas and tools from outside of coaching whether from business politics healthcare charity volunteer work or other fields you will provide yourself with lasting competitive advantages
