Runaway Wives:

Runaway Wives, Urban Crimes, and Survival Tactics in Wartime Beijing, 1937-1949 Ma Zhao, 2020-05-11 From 1937 to 1949 Beijing was in a state of crisis. The combined forces of Japanese occupation, civil war, runaway inflation, and reformist campaigns and revolutionary efforts wreaked havoc on the city's economy, upset the political order, and threatened the social and moral fabric as well. Women, especially lower class women living in Beijing's tenement neighborhoods, were among those most affected by these upheavals. Delving into testimonies from criminal case files, Zhao Ma explores intimate accounts of lower class women's struggles with poverty, deprivation, and marital strife. By uncovering the set of everyday tactics that women devised and utilized in their personal efforts to cope with predatory policies and crushing poverty, this book reveals an urban underworld that was built on an informal economy and conducted primarily through neighborhood networks. Where necessary, women relied on customary practices, hierarchical patterns of household authority, illegitimate relationships, and criminal entrepreneurship to get by. Women's survival tactics, embedded in and reproduced by their everyday experience, opened possibilities for them to modify the male dominated city and more importantly allowed women to subtly deflect, subvert, and escape without leaving powerful forces such as the surveillance state, reformist discourse, and revolutionary politics during and beyond wartime Beijing. *Runaway Wives and Rogue Feminists* Margo

Goodhand, 2017-09-18 T00:00:00Z In the supposedly enlightened 60s and 70s, violence against women was widespread. It wasn't talked about, and women had few, if any, options to escape their abusers. Yet in 1973, with no statistics, no money, and little public support, five disparate groups of Canadian women quietly opened Canada's first battered women's shelters. Today there are well over 600. In *Runaway Wives and Rogue Feminists*, journalist Margo Goodhand tracks down the rogue feminists whose work forged an underground railway for women and children, weaving their stories into an unforgettable and until now untold history. As they lobbied for funding, scrounged for furniture, and fended off outraged husbands, these women marked a defining moment in Canadian history, triggering monumental changes in government, schools, courts, and law enforcement. But was it enough to stop the cycle of violence? Forty years later, these pioneers describe how and why Canada has lost its ground in the battle for women's rights. *Runaway Husbands* Vikki Stark, 2010 This book, based on The Sudden Wife Abandonment Project (SWAP), provides women with tools to help them understand why their husbands left, heal, and get their lives back.
