Running Water Rusting Pipes Bucharest The War Years:

Running Water ... Rusting Pipes Vol. 2 Volga Vladimir, 2002-10 The author is an American expatriate living in French Polynesia He holds three additional passports and lived in five countries on three continents He lambastes the cable companies and strips the fashion industry of its glory claiming it to be nourished by the swollen egos of fashion designers and fashion suckers alike He calls the co op racket the greatest rip off whereby when you finally buy your apartment you keep paying rent under the guise of maintenance which is the only artificial anti gravity force in a sea of relatively stable prices Although a believer himself he takes issue with God He speaks to God argues with God and it sometimes seems that he is ready to drag God into a higher court of justice if one could be found and in so doing makes ample use of Time an element whose existence he denies He derides Einstein mocks Freud and subjects their theories to humorous interpretations not always tongue in cheek He divests royalty of its crown and elevates sex to the jewel in the crown Furthermore he worships sex while scoffing at its mechanics perhaps more than God seeing no irreverence in it since sex was created by God and if the Devil was also created by God well then life is full of contradictions
