Adolphus, a Tale Lise Winer, 2001 The Caribbean Heritage Series is designed to publish historic re publications of Trinidad Literary Roots and comprises four Trinidadian novels published between 1838 and 1907 This second volume in the series presents two novels *Adolphus a Tale* and *The Slave Son* *Adolphus* was first published in 1853 and was probably written by a Trinidadian mulatto thus making it the first Trinidadian and possibly the first West Indian novel written by a mulatto and the first novel written by someone born and reared in Trinidad A dramatic nineteenth century tale originally published in the newspapers of the day *Adolphus* traces the adventures of a mulatto son of a black slave women raped by a white man Raised by a kind Spanish Trinidadian padre *Adolphus* grows into a handsome well educated noble character Later falling in love with Antonia Romelia he manages to rescue her from a villainous kidnaper and they flee to Venezuela where they are free to marry *The Slave Son* was originally published in 1854 by Chapman and Hall and according to the author s foreword it was inspired by Harriet Beecher Stowe s *Uncle Tom s Cabin* and was written to support the abolitionist movement in the Unit

**Warner Arundell** Edward Lanzer Joseph, 2001 Of all the islands in the Caribbean Trinidad has experienced the most varied ethnocultural and linguistic history Its relatively brief period of plantation slavery and extent of racial mixing have generated a wide range of literary responses Previous examinations of Trinidad s literary roots have largely dismissed works written prior to 1920 The first work in the series is Warner Arundell the *Adventures of a Creole* originally published in 1838 This was the first novel set at least partly in Trinidad and possibly the first Caribbean novel in English This extremely well written novel provides a good read as it chronicles the adventures of Warner Arundell a white Creole of British descent born in Grenada and brought up in Antigua and Trinidad After being defrauded by lawyers he studies law in Venezuela and medicine in England then goes to seek his fortune After many adventures he is reunited with the coloured branch of his family and his Venezuelan love The originally published novel has been heavily annotated and the contextualized edition of the original text makes it useful to scholars The book is of particular interest to students and faculty of Caribbean literature

*Caribbean Middlebrow* Belinda Edmondson, 2009 It is commonly assumed that Caribbean culture is split into elite highbrow culture which is considered derivative of Europe and authentic working class culture which is often identified with such iconic island activities as salsa carnival calypso and reggae This book recovers a middle ground a genuine popular culture in the English speaking Caribbean that stretches back into the nineteenth century It shows that popular novels beauty pageants and music festivals are examples of Caribbean culture that are mostly created maintained and consumed by the Anglophone middle class Much of middle class culture is further gendered as female women are more apt to be considered recreational readers of fiction for example and women s behavior outside the home is often taken as a measure of their community s respectability The book also highlights the influence of American popular culture especially African American popular culture as early as the nineteenth century *A Companion to Thomas Hardy* Keith Wilson, 2012-09-05

Through original essays from a distinguished team of international scholars and Hardy specialists *A Companion to Thomas Hardy* provides a unique one volume resource which encompasses all aspects of Hardy's major novels short stories and poetry Informed by the latest in scholarly critical and theoretical debates from some of the world's leading Hardy scholars Reveals groundbreaking insights through examinations of Hardy's major novels short stories poetry and drama Explores Hardy's work in the context of the major intellectual and socio cultural currents of his time and assesses his legacy for subsequent writers

**Varieties of English in Writing** Raymond Hickey, 2010 This volume is concerned with assessing fictional and non fictional written texts as linguistic evidence for earlier forms of varieties of English These range from Scotland to New Zealand from Canada to South Africa covering all the major forms of the English language around the world Central to the volume is the question of how genuine written representations are Here the emphasis is on the techniques and methodology which can be employed when analysing documents The vernacular styles found in written documents and the use of these as a window on earlier spoken modes of different varieties represent a focal concern of the book Studies of language in literature which were offered in the past have been revisited and their findings reassessed in the light of recent advances in variationist linguistics

**The West Indian Novel and Its Background** Kenneth Ramchand, 2004 An account of the emergence of the West Indian novel in English this work provides valuable insights into the social cultural and political background offering concise and focused accounts of the growth of education the development of literacy and the formation of West Indian Creole languages

*Strolling in the Ruins* Faith Smith, 2023-02-20 In *Strolling in the Ruins* Faith Smith engages with a period in the history of the Anglophone Caribbean often overlooked as nondescript quiet and embarrassingly pro imperial within the larger narrative of Jamaican and Trinidadian nationalism Between the 1865 Morant Bay Rebellion and World War I British imperialism was taken for granted among both elites and ordinary people while nationalist discourses would not begin to shape political imagination in the West Indies for decades Smith argues that this moment far from being uneventful disrupts the inevitability of nationhood in the mid twentieth century and anticipates the Caribbean's present day relationship to global power Smith assembles and analyzes a diverse set of texts from Carnival songs poems and novels to newspapers photographs and gardens to examine theoretical and literary historiographic questions concerning time and temporality empire and diaspora immigration and indigeneity gender and the politics of desire Africa's place within Caribbeanist discourse and the idea of the Caribbean itself Closely examining these cultural expressions of apparent quiescence Smith locates the quiet violence of colonial rule and the insistence of colonial subjects on making
