Rural Life In Nineteenth Century Quebec:

A Short History of Quebec John A. Dickinson, Brian Young, 2008-09-19 John A Dickinson and Brian Young bring a refreshing perspective to the history of Quebec focusing on the social and economic development of the region as well as the identity issues of its diverse peoples This revised fourth edition covers Quebec s recent political history and includes an updated bibliography and chronology and new illustrations A Canadian classic A Short History of Quebec now takes into account such issues as the 1995 referendum recent ideological shifts and societal changes considers Quebec s place in North America in the light of NAFTA and offers reflections on the G rard Bouchard Charles Taylor Commission on Accommodation and Cultural Differences in 2008 Quebec: A History 1867-1929 Paul-André Linteau, René Durocher, Jean-Claude Robert, 1983-01-01 List of Tables List of Maps List of Figures Preface PART I LAND AND POPULATION 1867 1929 1 The Land An American Land The Settlement of the Land The Shaping of Physical Space 2 *The Limits of Rural Capitalism* Kenneth Michael Sylvester, 2001-01-01 Sylvester challenges the view in prairie historiography that agriculture had commercialized before the west was opened to settlement and that ethnic communities alone resisted the market s potential

The Patriots and the People Allan Greer, 1993-12-15 The Lower Canadian Rebellion of 1837 has been called the most important event in pre Confederation history Previously it has been explained as a response to economic distress or as the result of manipulation by middle class politicians Lord Durham believed it was an expression of racial conflict emThe Patriots and the People is a fundamental reinterpretation of the Rebellion Allan Greer argues that far being passive victims of events the habitants were actively responding to democratic appeals because the language of popular sovereignty was in harmony with their experience and outlook He finds that a certain form of popular republicanism with roots deep in the French Canadian past drove the anti government campaign Institutions such as the militia and the parish played an important part in giving shape to the movement and the customs of the maypole and charivari provided models for the collective actions against local representatives of the colonial regime In looking closely into the actions motives and mentality of the rural plebeians who formed a majority of those involved in the insurrection Allan Greer brings to light new causes for the revolutionary role of the normally peaceful French Canadian peasant By doing so he provides a social history with new dimensions

How Different It Was Michael J. Goodspeed, 2017-05-27 Upending the portrait of the Victorian age as a time of stuffy morals and manners How Different It Was reveals the chaotic years of early Canada The lifestyles and daily struggles the controversies and social values the institutions and tensions in a tumultuous society of immigrants aboriginals farmers workers and officials *Families in Transition* Peter Gossage, 1999-09-01 Gossage uses a family reconstitution method drawing on local parish registers and manuscript census schedules to focus on marriage household organization and family size in this context of social and economic change Family formation was profoundly affected as couples adjusted to the new urban industrial setting Gossage demonstrates that demographic behaviour was increasingly differentiated by social

class with distinct marriage and fertility patterns emerging among bourgeois and proletarian families. Bourgeois women who married in the 1860s for example were already limiting family size a crucial shift that did not occur in working class families until almost a generation later. Families in Transition demonstrates the extent to which stereotypes about family life in Quebec before the Quiet Revolution need to be revisited. Far from being passive static uniformly prolific and constrained by religious and cultural perspectives, Saint Hyacinthe families responded quickly to the changing realities of the day, reinventing marriage patterns and domestic arrangements to fit the new industrial capitalism of the nineteenth century. In this sense they were truly families in transition.

The Reluctant Land Cole Harris, 2009-01-01. Winner 2008 K D Srivastava Prize for Excellence in Scholarly Publishing. UBC Press. The Reluctant Land describes the evolving pattern of settlement and the changing relationships of people and land in Canada from the end of the fifteenth century to the Confederation years of the late 1860s and early 1870s. It shows how a deeply indigenous land was reconstituted in European terms and at the same time how European ways were recalibrated in this non European space. It also shows how an archipelago of scattered settlement emerged out of an encounter with a parsimonious territory and suggests how deeply this encounter differed from an American relationship with abundance. The book begins with a description of land and life in northern North America in 1500 and ends by considering the relationship between the pattern of early Canada and the country as we know it today. Intended to illuminate the background of modern Canada, The Reluctant Land is an intelligent discussion of people and place that will be welcomed by scholars and lay readers alike.

Body or the Soul? Frank A. Abbott, 2016-05-01. In the two centuries before the Quiet Revolution, the people of Quebec exercised a higher degree of independence from the Catholic Church than is often presumed. Investigating rural Quebec from the mid eighteenth century to the turn of the twentieth, Frank Abbott argues convincingly that the obligations and priorities of the Church did not unswervingly rule the lives of its parishioners. The Body or the Soul is a history of religious and cultural life in the parish of St Joseph de Beauce. Drawing from their pastors' detailed annual reports to the archbishops of Quebec, St Joseph's parish registers, contemporary accounts, government censuses and the largely unexplored oral testimony on rural life and culture found in the Archives de folklore et ethnologie at Université Laval, Abbott assesses the nature and degree of influence and control that the church exerted over the everyday lives of a rural Quebec community. He examines the telling details found in church building projects, the relationships between clergy and parishioners, attendance at Sunday mass and catechism classes, reception of communion, the persistence of what the Church termed superstition, traditional customs of sociability and the degree of control that the Church exerted over the community's social and sexual behaviour. Rich with primary sources, The Body or the Soul reveals the tensions between Catholicism's place in people's lives and the independent spirit of a vigorous popular culture.

Power from the North Caroline Desbiens, 2013-05-15. In the 1970s Hydro-Québec declared 'We Are Hydro-Québécois'. The slogan symbolized the intimate ties that had emerged between hydroelectric development in the North and French Canadian

aspirations in the South Caroline Desbiens focuses on the first phase of the James Bay hydroelectric project to explore how this culture of hydroelectricity hastened the erasure of Aboriginal homelands and the manipulation of Northern Quebec's material landscape. She concludes that truly sustainable resource development will depend on all actors bringing an awareness of their cultural histories and visions of nature North and nation to the negotiating table. The Book of Rural Life Edward Mowbray Tuttle, 1925 Citizens and Nation Gerald Friesen, 2000-01-01 Friesen links the media studies of Harold Innis to the social history of recent decades. The result is a framework for Canadian history as told by ordinary people.

Canadian History: Beginnings to Confederation Martin Brook Taylor, Doug Owram, 1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship. Cover **Marshlands** Matthew George Hatvany, 2003 How Agriculture Made Canada Peter A. Russell, 2012-10-01 Nineteenth century farm families needed land for the next generation. Their quest shaped agricultural settlement across Canada. This overview of rural history in Quebec, Ontario and the Prairies provides a new perspective on the ways in which agriculture and the family farm were central to the country's expansion and essential to understanding social, political and economic changes. How Agriculture Made Canada shows how differences between the agricultural development of Quebec and that of Ontario had a decisive influence on the settlement of the Prairies. Peter Russell demonstrates that farming families eventually ran out of land against the edges of the St. Lawrence lowlands. While Quebec-based Habitants reached their region's limits earlier, Ontario encouraged people to migrate west. Russell argues that the thousands of relocated Ontario farmers changed Manitoba's bilingual openness to an exclusively English speaking province that then assimilated East European arrivals. Thus, if not for the agricultural crises in the Canadas, Manitoba might have been at least as francophone as anglophone. The first comprehensive synthesis on the history of Canadian farming in decades. How Agriculture Made Canada reveals the lasting impact that nineteenth century agricultural changes have had on the nation. Québec City, 1765-1832 David T. Rudel, 1987-01-01 This book provides a synthesis of social, demographic and economic change in Quebec City during the British regime, a period which saw the former French capital transformed into an English city with all the problems associated with rapidly growing urban centres. Published in English. Le Québec: Genèse et mutations du territoire; Synthèse de géographie historique Serge Courville, 2009-01-01 In this richly documented work, Serge Courville tells the geographical history of Quebec from the appearance of the first humans through to the present day. This detailed and erudite book maps major stages of Quebec's development, providing a geographical record of the many social relationships that over time created a sense of place. Landscape, Courville shows, is the keeper of memory, the record of successive changes and a witness to the genesis of the new. Places that were once agricultural, then left to waste and ruin, are today revived by tourism. Areas that now house office buildings were long ago open playgrounds where children ruled. Drawing on vast

research Courville shows how in spite of the turbulence Quebec often endures or perhaps because of it the land itself may be seen as an important participant in the history of its peoples Quebec A Historical Geography was originally published by Les Presses de l'Universit  Laval as Le Qu bec Gen ses et mutations du territoire **Alan Bowker's Canadian Heritage 2-Book Bundle** Alan Bowker,2015-12-07 In this two book bundle Alan Bowker sheds new light on two subjects with a surprising connection the great Canadian writer Stephen Leacock and the rise of Canada on the world stage which Leacock profiled with keen wit and observational skill With Bowker as your guide explore what it was really like to live through the great upheaval that pushed Canada to come into its own on the world stage A Time Such as There Never Was Before Ottawa Book Award 2015 Shortlisted The years after World War I were among the most tumultuous in Canadian history a period of unrelenting change drama and conflict They were in the words of Stephen Leacock a time such as there never was before The war had been a great crusade and its end was supposed to bring a world made new But the conflict had cost sixty thousand Canadian lives with many more wounded and had stirred up divisions in the young diverse country With Canada struggling to define itself labour farmers business the church social reformers and minorities all held extravagant hopes irrational fears and contradictory demands Whose hopes would be realized and whose dreams would end in disillusionment Which changes would prove permanent and which would be transitory A Time Such As There Never Was Before describes how this exciting period laid the foundation of the Canada we know today On the Front Line of Life In the last decade of his life Stephen Leacock turned to writing informal essays that blended humour with a conversational style and ripened wisdom to address issues he cared about most education literature economics Canada and its place in the world and to confront the joys and sorrows of his own life With an introduction that sets them in the context of his life thoughts and times these essays reveal a passionate intelligent personal Leacock against a backdrop of Depression and war finding hope and conveying the timeless message that only the human spirit can bring social justice peace and progress *Quebec* Francois Remillard,Ulysses Travel Guides,2003-04 This practical guide covers all of Qubec with a special section that examines its various Aboriginal communities distinct architecture and unique linguistic expressions Maps Illustrations **Governing Ourselves?** Mary Louise McAllister,2011-11-01 Given the pressures of integration and assimilation how are people within communities able to make decisions about their own environment whether individually or collectively Governing Ourselves explores issues of influence and power within local institutions and decision making processes using numerous illustrations from municipalities across Canada It shows how communities large and small from Toronto to Iqaluit have distinctive political cultures and therefore respond differently to changing global and domestic environments Case studies illuminate historical and contemporary challenges to local governance This book covers topics including government structures and institutions and intergovernmental relations and reaches more broadly into geography urban planning environmental studies public administration and sociology Canada's Rural Majority R.W.
