Rural Education ,1993 Resources in Education ,1996-04 An Ethic of Excellence Ron Berger,2003 The author gives us a vision of educational reform that transcends standards curriculum and instructional strategies He argues for a paradigm shift a schoolwide embrace of an ethic of excellence and with a passion for quality describes what s possible when teachers students and parents commit to nothing less than the best The author tells exactly how this can be done from the blackboard to the blacktop to the school boardroom *Rural Education* Society for the Provision of Education in Rural Australia. National Conference,1993 Rural Education Frank Darnell,Patricia M. Simpson,1981 **The Education of Children in Geographically Remote Regions Through Distance Education** Tom O'Donoghue,Elaine Lopes,Marnie O'Neill,2011-06-01 Australia is a vast sparsely populated land and from an early date this created problems in terms of providing educational facilities As part of the solution the nation has had a long tradition of using distance education methods to provide an education for its isolated primary and secondary school students Western Australia epitomises the problems inherent in having a large land area with a highly urbanised population and a small but scattered rural one Initially the State established a Correspondence School in 1918 There have been various developments since then culminating in the establishment of the Schools of Isolated and Distance Education SIDE in 1995 Since then the staff at SIDE have investigated and developed ways of providing their students with innovative educational materials in an effort to ensure that the best possible services are provided Despite its innovative nature very little research has been conducted on SIDE The research project reported in this book is one contribution to rectifying the deficit It had three main aims The first was to develop an understanding of the emergence of SIDE Secondly an understanding of the key functions of SIDE was sought The third aim was to develop an understanding of the issues which present themselves for those working at SIDE Implications for policy practice and future research in relation to the education of children in geographically remote regions through distance education are deduced and not just in relation to the state of Western Australia but internationally *Rural Education* Frank Darnell,1981 **Proceedings** ,1994 Rural Education Centre for Educational Research and Innovation,1981 Papers look at problems financing teacher training and community involvement in rural education include brief references to Aboriginal students papers by S Harris Aboriginal learning styles and the three Rs separately annotated **Rural Education** ,1981

Resources in Education ,1995 **Serve and Live with Honour** Colonel A. Ponnuchamy,2018-04-05 Often I heard during my Army service spanning over 33 years the saying that GENERALS DO NOT RETIRE THEY FADE AWAY This has got a lot of meaning in it and is certainly debatable My aim of writing this book is purely to motivate the younger generation to work hard be sincere be loyal and above all persevere to achieve their cherished goals In all humility I would like to say that I have no intention to beat my own drums or for that matter discredit any one while narrating my experience I follow the dictum that if I have nothing other than praise for anybody I refrain from saying anything ill I must confess that I came up in

a hard way with the grace GOD ALMIGHTY and the utter perseverance of my parents and also my uncle Chithappa who sacrificed everything in my raising The least I could do to them was to live up to their expectations and follow their guiding principles What they did for me to motivate me and instill in me the courage and determination to face life in all its reality I would like to share with the young readers to enable them to rise in life If even one student reader benefits by reading this book I will fully be satisfied for compiling the experiences of my life
