

RUSH HOUR OF THE GODS

The more wealthy and urban Indians become, the more they turn to a revitalised Hinduism, finds Meera Nanda

The world today is a hotbed of religious revivalism... Experiments with ancient religions have generally failed; religious movements with multiple understandings of religion, with multiple understandings of the world, have only succeeded.

— RICHARD ROBERTSON, *The New York Times*

THINK LONDON For evidence to back Peter Berger's contention that in the West there is a "return look at the religious landscape of India, the "revivalist age" of the modern global religion.

India's religious movements of the last century, including the rise of the modern and ancient who enthusiastically participate in global networks of science and technology. The Indian movement is leading the way in the world's religious revivalist age.

India's religious movements of the last century, including the rise of the modern and ancient who enthusiastically participate in global networks of science and technology. The Indian movement is leading the way in the world's religious revivalist age.

According to the 2001 Census of India, the number of religious revivalists in the world is growing rapidly. In the past few years, a new wave of religious revivalism has swept across the world, with the rise of the religious revivalist movement. The new wave of religious revivalism has swept across the world, with the rise of the religious revivalist movement.

Rush Hour Of The Gods New Religions

James R. Lewis

Rush Hour Of The Gods New Religions:

Legitimizing New Religions James R. Lewis, 2003 This work deals explicitly with the issue of how emerging religions legitimate themselves It contends that a new religion has at least four different though overlapping areas where legitimacy is a concern making converts maintaining followers shaping public opinion and appeasing government authorities The legitimacy that new religions seek in the public realm is primarily that of social acceptance recognizing its status as a genuine religion and thus recognizing its right to exist Through a series of wide ranging case studies James Lewis explores the diversification of legitimation strategies of new religions as well as the tactics that their critics use to de legitimate such groups Cases include the Movement for Spiritual Inner Awareness Native American prophet religions spiritualism the Church of Christ Scientist Scientology Church of Satan Heaven s Gate Unitarianism Hindu reform movements and Soka Gakkai a new Buddhist sect to the legitimation strategies deployed by established religions the book sheds light on classic questions about the origin of all religions

New Religions Eugene V. Gallagher, Lydia Willsky-Ciullo, 2021-02-15 A valuable resource for students and general audiences this book provides a unique global perspective on the history beliefs and practices of emergent faith communities new religious traditions and religious movements worldwide from the 19th century to the present New Religions Emerging Faiths and Religious Cultures in the Modern World provides insightful global perspectives on the emergent faith communities and new traditions and movements of the last two centuries Readers will gain access to the information necessary to explore the significance complexities and challenges that modern religious traditions have faced throughout their history and that continue to impact society today The work identifies the themes and issues that have often brought new religions into conflict with the larger societies of which they are a part Coverage includes new religious groups that emerged in America such as the Seventh day Adventists the Latter day Saints and the Jehovah s Witnesses alternative communities around the globe that emerged from the major Western and Eastern traditions such as Aum Shinrikyo and Al Qaeda and marginalized groups that came to a sudden end such as the Peoples Temple Heaven s Gate and the Branch Davidians The entries highlight thematic and broader issues that run across the individual religious traditions and will also help students analyze and assess the common difficulties faced by emergent religious communities

Japanese New Religions in Global Perspective Peter B Clarke, Peter B. Clarke, 2013-11-05 Since the 1960s virtually every part of the world has seen the arrival and establishment of Japanese new religious movements a process that has followed quickly on the heels of the most active period of Japanese economic expansion overseas This book examines the nature and extent of this religious expansion outside Japan

A World Full of Gods John Michael Greer, 2023-05-30 An investigation into the underpinnings and superstructures of the Pagan world view Pagan religions have tended to be more concerned with practice than with theory and in a system that has no dogma no legislated doctrine that is as it should be Yet as the movement grows and matures it is inevitable that we will begin to think in a more abstract way about our models and systems John Michael

Greer has provided a primer on the kinds of ideas and themes that must be included in any discussion of the theology and philosophy of Neo pagan religions Much of the book takes shape in a dialogue with existing ideas in theology philosophy and comparative religion It looks to find a middle ground between too much and too little reference to the work of other scholars to find a comprehensible yet intellectually rigorous middle ground It aims to be part of a conversation that stretches out over the centuries Voices of polytheist spirituality have had little place in that conversation for many years but much of value has been said in their absence The rebirth of polytheism as a living religious tradition in the Western world will inevitably force a reassessment of much of that heritage and pose challenges to some of its most cherished assumptions Yet reassessment is not necessarily rejection and the traditions of modern polytheism are deeply enough indebted to legacies from the past that an attentive ear to earlier phases of the conversation is not out of place **Regulating Religion** James T.

Richardson,2012-12-06 **Regulating Religion** Case Studies from Around the Globe presents through the inclusion of contributions by international scholars a global examination of how a number of contemporary societies are regulating religious groups It focuses on legal efforts to exert social control over such groups especially through court cases but also with selected major legislative attempts to regulate them As such this analysis falls within the broad area of the sociology of social control and more specifically legal social control a topic of great interest when studying how contemporary societies attempt to maintain social order The factual details about social and legal developments in societies where religion has been defined as problematic include Western and Eastern Europe Asia Oceania and the Americas This book will be of interest to researchers and students in the sociology of religion the sociology of law social policy and religious studies as well as policy makers **Invented Religions** Carole M. Cusack,2016-05-06 Utilizing contemporary scholarship on secularization

individualism and consumer capitalism this book explores religious movements founded in the West which are intentionally fictional Discordianism the Church of All Worlds the Church of the SubGenius and Jediism Their continued appeal and success principally in America but gaining wider audience through the 1980s and 1990s is chiefly as a result of underground publishing and the internet This book deals with immensely popular subject matter Jediism developed from George Lucas Star Wars films the Church of the Flying Spaghetti Monster founded by 26 year old student Bobby Henderson in 2005 as a protest against the teaching of Intelligent Design in schools Discordianism and the Church of the SubGenius which retain strong followings and participation rates among college students The Church of All Worlds focus on Gaia theology and environmental issues makes it a popular focus of attention The continued success of these groups of Invented Religions provide a unique opportunity to explore the nature of late post modern religious forms including the use of fiction as part of a bricolage for spirituality identity formation and personal orientation **Religious Pluralism** Giuseppe Giordan,Enzo

Pace,2014-07-08 This volume illustrates both theoretically and empirically the differences between religious diversity and religious pluralism It highlights how the factual situation of cultural and religious diversity may lead to individual social and

political choices of organized and recognized pluralism In the process both individual and collective identities are redefined incessantly moving along the continuum that ranges from exclusion to inclusion The book starts by first detailing general issues related to religious pluralism It makes the case for keeping the empirical the normative the regulatory and the interactive dimensions of religious pluralism analytically distinct while recognizing that in practice they often overlap It also underlines the importance of seeking connections between religious pluralism and other pluralisms Next the book explores how religious diversity can operate to contribute to legal pluralism and examines the different types of church state relations eradication monopoly oligopoly and pluralism The second half of the book features case studies that provide a more specific look at the general issues from ways to map and assess the religious diversity of a whole country to a comparison between Belgian French views of religious and philosophical diversity from religious pluralism in Italy to the shifting approach to ethnic and religious diversity in America and from a sociological and historical perspective of religious plurality in Japan to an exploration of Brazilian religions old and new The transition from religious diversity to religious pluralism is one of the most important challenges that will reshape the role of religion in contemporary society This book provides readers with insights that will help them better understand and interpret this unprecedented transition

New Religions As Global Cultures Irving Hexham, 2018-02-12 Although the Great Anti Cult Crusade links new religious movements to dangerous cults brainwashing and the need for deprogramming Karla Poewe and Irving Hexham argue that many cults are the product of a dynamic interaction between folk religions and the teachings of traditional world religions Drawing on examples from Africa the United States Asia and Europe they suggest that few new religions are really new Most draw on rich if localized cultural traditions that are shaped anew by the influence of technological change and international linkages With the widespread loss of belief in biblical mythology in the nineteenth century new mythologies based on science and elements derived from various non Western religious traditions emerged leading to the growth and popularity of new religions and cults

New Religions in Global Perspective Peter Bernard Clarke, 2006 This volume provides a complete guide to the global impact and cultural significance of new religious movements

Value Politics in Japan and Europe François Foret, Airo Hino, 2021-12-24 This book explains the increasing importance of value politics in Europe and Japan shedding light on various arenas social values parties elections and politics public action private sector and law identity politics and religion media and public spheres It analyses how against different but commensurable backgrounds the rise of value politics alters or not the political game for which purposes and with which effects Applying both qualitative and quantitative methods from a wide range of primary and secondary sources the comparison is organized by joining skills from experts of Japan and Europe and by systematizing a common analytical framework for the two cases As such it presents a revealing and unique analysis of the changing relationship between values and political behaviour in the two polities Beyond the comparison it also documents the opportunities and challenges underlying the interactions between Europe Japan and the rest of the world and the competition

combination between different versions of modernity This book is of key interest to scholars and students of European studies and politics Asian politics studies Japanese studies politics and more broadly to comparative politics sociology cultural media studies and economics **Democracy and the New Religious Pluralism** Thomas Banchoff,2007-06-07

Religious pluralism is everywhere in today s politics Increased immigration flows the collapse of communism and the globalization of communications technologies have all fostered a wider variety of religious beliefs practices and organizations within and across democratic societies This is true in both the United States and Europe where growing and diverse minority communities are transforming the political landscape As a result controversies over such things as headscarves and depictions of Mohammed are unsettling a largely secular Europe while a Christian majority in the US faces familiar questions about church state relations amidst unprecedented religious diversity Far from receding into the background religious language pervades arguments around established issues such as abortion and capital punishment and new ones such as stem cell research and same sex marriage In *Democracy and the New Religious Pluralism* leading scholars from multiple disciplines explore these dynamics and their implications for democratic theory and practice What are the contours of this new religious pluralism What are its implications for the theory and practice of democracy Does increasing religious pluralism erode the cultural and social foundations of democracy To what extent do different religious communities embrace similar or at least compatible ethical and political commitments By seeking answers to these questions and revealing religious pluralism as both a source of animosity and a potent force for peaceful engagement this book offers a revealing look at the future of religion in democratic societies The Oxford Handbook of Religious Diversity Chad V. Meister,2011 This

substantial volume of thirty three original chapters covers the full range of issues in religious diversity An indispensable guide for scholars and students its essays make novel contributions and are crafted by recognized experts who represent a wide variety of religious and philosophical perspectives and backgrounds Marketplace of the Gods Larry

Witham,2010-05-05 Two centuries after Adam Smith illuminated the workings of the marketplace a new movement among economists and social scientists is expanding his insights into a groundbreaking economics of religion Using cutting edge ideas from the behavioral sciences and a deep knowledge of religious history this new approach is making sense not only of past beliefs but of religion today In *Marketplace of the Gods* award winning journalist Larry Witham tells the inside story of this expanding economic approach to religion the puzzles it tries to solve the controversies it has stirred and the people who are making it happen He shows that the economic approach while evoking images of stock markets or accounting ledgers actually begins with a simple idea about human beings as rational actors judging costs and benefits in life Every life has limits so human experience is a series of trade offs balancing resources to make choices for the best possible benefits As the economics of religion shows this model can be applied to the rich story of the human race and its gods Beginning with the individual the choices in religion shape households groups movements and entire religious economies of nations On the one

hand this mixing of the profane and the sacred the economic and the religious is an exciting exchange of ideas between economics sociology psychology history and theology On the other it has spurred a lively protest Indeed for some the economic approach seems to transform our good angels into grubby consumers As Witham shows however the economic approach to religion has insights for everyone believers and skeptics alike He illuminates this approach in a volume rich with ideas history contemporary events and the insights of some of our sharpest modern day thinkers **Come Out from among Them, and Be Ye Separate, Saith the Lord** William H. Brackney, Evan L. Colford, 2019-06-21 Believers Churches have their origin in the Radical Reformation of the sixteenth century Over the past 450 years the movement has included the Brethren Mennonites Hutterites various types of Baptists and the Restoration Movement While never a unified denominational structure the Believers Churches together have been characterized by a strong personal faith in Christ a call to discipleship and Christian activism a high view of the authority of Scripture and profession of faith in believers baptism The Believers Churches have represented their beliefs in various ecumenical settings missionary gatherings and theological conversations In the late 1950s representatives of the several Believers Churches began to meet in a series of conferences to explore their common views on doctrine history and ethics Topics at the conferences have included baptism Lord's Supper the nature of the church and religious voluntarism In 2016 the 17th Believers Church Conference was held at Acadia University and sponsored by Acadia Divinity College The theme was The Tendency Toward Separationism Among the Believers Churches a key recurring characteristic This volume includes the papers presented at the conference and examines the theme from an immediate post Reformation perspective including Baptists Black Baptists Restorationists including the Churches of Christ the Hutterites Pentecostals the role of women and significantly the separationist tendency as it occurs in New Religious Movements Typologies and analyses are provided by leading historians theologians and social science specialists The New Sociology of Knowledge Michaela Pfadenhauer, 2017-07-28 A classical sociologist can be defined as someone whose works occupied a central position among the sociological ideas and notions of an era Following this criterion Michaela Pfadenhauer demonstrates the relevance of Peter L. Berger's work to the sociology of knowledge Pfadenhauer shows that Berger is not only a sociologist of religion but one whose works are characterized by a sociology of knowledge perspective Berger stands out among his fellow social scientists both quantitatively and qualitatively He has written numerous books which have been translated into many languages and a multitude of essays in scholarly journals and popular magazines For decades he has played a role in shaping both public debate and social scientific discourse in America and far beyond As a sociologist of knowledge Berger has played three roles he has been a theoretician of modern life an analyst of modern religiosity and an empiricist of global economic culture In all areas the focus on processes rather than status quo is characteristic of Berger's thinking This book provides an in depth view on the critical thinking of one of the most important sociologists that present times has to offer It includes four written essays by Berger **On Understanding Japanese**

Religion Joseph Mitsuo Kitagawa, 2021-02-09 Joseph Kitagawa one of the founders of the field of history of religions and an eminent scholar of the religions of Japan published his classic book *Religion in Japanese History* in 1966 Since then he has written a number of extremely influential essays that illustrate approaches to the study of Japanese religious phenomena To date these essays have remained scattered in various scholarly journals This book makes available nineteen of these articles important contributions to our understanding of Japan's intricate combination of indigenous Shinto Confucianism Taoism the Yin Yang School Buddhism and folk religion In sections on prehistory the historic development of Japanese religion the Shinto tradition the Buddhist tradition and the modern phase of the Japanese religious tradition the author develops a number of valuable methodological approaches The volume also includes an appendix on Buddhism in America Asserting that the study of Japanese religion is more than an umbrella term covering investigations of separate traditions Professor Kitagawa approaches the subject from an interdisciplinary standpoint Skillfully combining political cultural and social history he depicts a Japan that seems a microcosm of the religious experience of humankind *Historical Dictionary of Shinto* Stuart D. b. Picken, 2002-01-15 This dictionary contains entries which identify the principal historical and mythological names that are central to the Shinto tradition but also demonstrate the relationship of Shinto to Japanese culture Subjects covered include the relationship of Shi *The Oxford Handbook of the Economics of Religion* Rachel M. McCleary, 2011-01-27 This is a one of kind volume bringing together leading scholars in the economics of religion for the first time The treatment of topics is interdisciplinary comparative as well as global in nature Scholars apply the economics of religion approach to contemporary issues such as immigrants in the United States and ask historical questions such as why did Judaism as a religion promote investment in education The economics of religion applies economic concepts for example supply and demand and models of the market to the study of religion Advocates of the economics of religion approach look at ways in which the religion market influences individual choices as well as institutional development For example economists would argue that when a large denomination declines the religion is not supplying the right kind of religious good that appeals to the faithful Like firms religions compete and supply goods The economics of religion approach using rational choice theory assumes that all human beings regardless of their cultural context their socio economic situation act rationally to further his her ends The wide ranging topics show the depth and breadth of the approach to the study of religion *Acts of Faith* Rodney Stark, Roger Finke, 2000-08 The authors offer a new comprehensive paradigm for the social scientific study of religion The book sets out to explain why people are religious and have the need to be religious without discrediting organized religions as something foolish or irrational R sum de l diteur **The Encyclopedia of Cults, Sects, and New Religions** James R. Lewis, 2001-03 Surpassing the scope and the thoroughness of the first edition this new edition of *The Encyclopedia of Cults Sects and New Religions* is the most wide ranging and accessible resource on the historically significant and more obscure sinister and bizarre religious groups Including many entries by scholarly specialists this volume explains more than 1

000 diverse groups and movements from such well known sects as the Branch Davidians Aum Shinrikyo and Heaven's Gate to obscure groups like Ordo Templi Satanas Witches International and the Nudist Christian Church of the Blessed Virgin Jesus In addition to an exhaustive index and handy cross references the second edition includes over a hundred new topical entries on subjects relevant to understanding sectarian movements from snake handling and satanic ritual abuse to brainwashing and exorcism This book a must for all libraries and schools will endure as the first and only point of reference for researchers scholars students and anyone interested in fringe religious groups

Rush Hour Of The Gods New Religions Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rush Hour Of The Gods New Religions has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rush Hour Of The Gods New Religions has opened up a world of possibilities. Downloading Rush Hour Of The Gods New Religions provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rush Hour Of The Gods New Religions has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rush Hour Of The Gods New Religions. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rush Hour Of The Gods New Religions. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rush Hour Of The Gods New Religions, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rush Hour Of The Gods New Religions has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Rush Hour Of The Gods New Religions Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Rush Hour Of The Gods New Religions is one of the best book in our library for free trial. We provide copy of Rush Hour Of The Gods New Religions in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Rush Hour Of The Gods New Religions. Where to download Rush Hour Of The Gods New Religions online for free? Are you looking for Rush Hour Of The Gods New Religions PDF? This is definitely going to save you time and cash in something you should think about.
