Yeats, 1967 **Running Wild** J. G. Ballard, 2018-07-03 Yet again J G Ballard's inimitable clairvoyance is on display in this timely powerful story of a community shattered by a massive act of violence A massacre rocks a suburban utopia thirty two adults murdered and their children missing in *Running Wild* one of Ballard's most dazzlingly subversive works of fiction To Ballard lack of choice is a dangerous state of being In *Running Wild* it's not the children who are doing the running it is the society that raised them *San Francisco Chronicle* A Paradise Built in Hell Rebecca Solnit, 2010-08-31 The author of *Men Explain Things to Me* explores the moments of altruism and generosity that arise in the aftermath of disaster Why is it that in the aftermath of a disaster whether manmade or natural people suddenly become altruistic resourceful and brave What makes the newfound communities and purpose many find in the ruins and crises after disaster so joyous And what does this joy reveal about ordinarily unmet social desires and possibilities In *A Paradise Built in Hell* award winning author Rebecca Solnit explores these phenomena looking at major calamities from the 1906 earthquake in San Francisco through the 1917 explosion that tore up Halifax Nova Scotia the 1985 Mexico City earthquake 9 11 and Hurricane Katrina in New Orleans She examines how disaster throws people into a temporary utopia of changed states of mind and social possibilities as well as looking at the cost of the widespread myths and rarer real cases of social deterioration during crisis This is a timely and important book from an acclaimed author whose work consistently locates unseen patterns and meanings in broad cultural histories

*The Empire's of J. G. Ballard* David Ian Paddy, 2015-08-25 J G Ballard once declared that the most truly alien planet is Earth and in his science fiction he abandoned the traditional imagery of rocket ships traveling to distant galaxies to address the otherworldliness of this world *The Empires of J G Ballard* is the first extensive study of Ballard's critical vision of nation and empire of the political geography of this planet Paddy examines how Ballard's self perceived status as an outsider and exile the Sheppertonian from Shanghai generated an outlook that celebrated worldliness and condemned parochialism This book brings to light how Ballard wrestled with notions of national identity and speculated upon the social and psychological implications of the post war transformation of older models of empire into new imperialisms of consumerism and globalization Presenting analyses of Ballard's full body of work with its tales of reverse colonization psychological imperialism the savagery of civilization estranged Englishmen abroad and at home and multinational communities built on crime *The Empires of J G Ballard* offers a fresh perspective on the fiction of J G Ballard *The Empires of J G Ballard An Imagined Geography* offers a sustained and highly convincing analysis of the imperial and post imperial histories and networks that shape and energise Ballard's fictional and non fictional writings To what extent can Ballard be considered an

international writer What happens to our understanding of his post war science fictions when they are opened up to the language and logics of post colonialism And what creative and critical roles do the spectres of empire play in Ballard s visions of modernity Paddy follows these and other fascinating lines of enquiry in a study that is not only essential reading for Ballard students and scholars but for anyone interested in the intersections of modern and contemporary literature history and politics Jeanette Baxter Anglia Ruskin University Shanghai made my father Arriving in England after WW2 he was a person of the world who d witnessed extremes of human experience and remained the outsider observing life from his home in Shepperton 1930s Shanghai Paris of the East was a mix of international sophistication and violence unfettered capitalism and acute poverty American cars martinis and Coca Cola a place marked by death and war It had a profound influence on my father and his imagination Dr Paddy s fascinating book explores my father s fiction within an international context and offers a profound reading of a man who always kept his eyes and mind open to the world Fay Ballard

Rasley,2010-09-15 What does it mean to bring progress schools electricity roads running water to paradise Can our consumer culture and desire to do good really be good for a community that has survived contentedly for centuries without us In October 2008 climbing expedition leader and attorney Jeffrey Rasley led a trek to a village in a remote valley in the Solu region of Nepal named Basa His group of three adventurers was only the third group of white people ever seen in this village of subsistence farmers What he found was a people thoroughly unaffected by Western consumer culture values They had no running water electricity or anything that moves on wheels Each family lived in a beautiful hand chiseled stone house with a flower garden Beyond what they already had it seemed all they wanted was education for the children He helped them finish a school building already in progress and then they asked for help getting electricity to their village Bringing Progress to Paradise describes Rasley s transformation from adventurer to committed philanthropist We are attracted to the simpler way of life in these communities and we are changed by our experience of it They are attracted to us because we bring economic benefits Bringing Progress to Paradise offers Rasley s critical reflection on the tangled relationship between tourists and locals in exotic locales and the effect of Western values on some of the most remote locations on earth **Posthuman**

**Subjectivity in the Novels of J.G. Ballard** Carolyn Lau,2023-07-28 This book proposes that Ballard s novels extrapolate the formation of a posthuman subjectivity that is centred around an affirmative understanding of what a human body can do This new subjectivity transforms constraints and prescribed desires into creative openings in a hyper mediated control society that conditions docile bodies through technology and consumerism Set in surrealist predicaments in postwar affluent Western societies Ballard s novels remind us of the fragile veneer of order in the familiar every day In these moments of crisis complacent characters are compelled to undergo a process of defamiliarisation and transformation of their understanding of the self and the body The ability to form new relationships with the unfamiliar is imperative to survival in a hostile environment Ballard delineates both the possibilities and obstacles of forming these relationships In particular the author attributes the failure to do so to the irreconcilable contradictions of late capitalism **Animalities** Michael

Lundblad,2017-05-24 New and cutting edge work in animality studies human animal studies and posthumanismRepresentations of animality continue to proliferate in various kinds of literary and cultural texts This pioneering volume explores the critical interface between animal and animality studies marking out the terrain in relation to twentieth century literature and film The range of texts considered here is intentionally broad answering questions like how do contemporary writers such as Amitav Ghosh Terry Tempest Williams and Indra Sinha help us to think about not only

animals but also humans as animals What kinds of creatures are being constructed by contemporary artists such as Patricia Piccinini Alexis Rockman and Michael Pestel How do animalities animate such diverse texts as the poetry of two women publishing under the name of a Michael Field or an early film by Thomas Edison depicting the electrocution of a circus elephant named Topsy Connecting these issues to fields as diverse as environmental studies and ecocriticism queer theory gender studies feminist theory illness and disability studies postcolonial theory and biopolitics the volume also raises further questions about disciplinarity itself while hoping to inspire further work beyond the human in future interdisciplinary scholarship
