Cobb, 2000 Commonwealth College was the longest lived and most notorious of the resident labor colleges that operated during the 1920s and 1930s Founded in 1923 at New Llano Cooperative Colony in Vernon Parish Louisiana the school was modeled on the self maintenance characteristics of Florida's abortive prewar experiment in social education Ruskin College Disputes over priorities with New Llano Colony forced the College to relocate to rural Polk County Arkansas in 1924 where it

took up permanent residence in the dense piney woods at the foot of Rich Mountain Commonwealth's early leaders were dedicated Debsian Socialists who were convinced that a different type of education for the new industrial class would result in a series of massive social changes that would transform American capitalism into the utopian cooperative commonwealth of their dreams The regional and national publicity that resulted from the allegations that the College was a Moscow driven red cell became a self fulfilling prophecy from the mid to late 1930s Commonwealth endured spectacular attacks by the American Legion in 1926 from a Communist student strike in 1933 from investigations by the Arkansas General Assembly in 1935 and 1937 and through its association with the Southern Tenant Farmer's Union By 1938 the school had exhausted the patience of the people it had been founded to educate the industrial workers Finally without any friends in the non Communist left Commonwealth attempted to become the southern campus of the New Theatre League but strident local opposition brought a court action that forced the College to close in September 1940 William H Cobb illuminates the history of the extraordinary group of students and staff of Commonwealth College and the rich intellectual life produced on the self sustaining communal farm in the Arkansas forest Although Cobb did not have access to Commonwealth College papers which disappeared after being impounded by the county court he reconstructs the history of the school through a rich assortment of primary documents from various university and state archives Scholars and students interested in union labor and southern history will welcome this book
