Samuel Golden, 2022-02-24 Everyone knows how clouds are formed evaporation accumulation condensation and eventually precipitation However very few know that human souls behave in much the same way In the 1930s Garden City Kansas bore little resemblance to its name Suffering from the longest continuous drought in the nation s history the advent of the worldwide economic downturn known as the Great Depression proved especially devastating to the farming communities of the Plain States Finally the entire region became plagued by murderous dust storms black blizzards which stripped the land of its ability to sustain crops and sandblasted hope from the lives of its people Amid the backdrop of this triad of tribulation a little girl will be beset by a host

of devastating personal problems challenging her to cling to her faith in God One day while the town watches terrified as another scouring storm approaches a mysterious cloud descends from the heavens to blanket the town and dissipate the storm Instead of their despair dissolving with the storm the town collapses into panic and then madness Will the cloud prove to be a herald of salvation or a portent of doom At once the girl Polly becomes embroiled in a conflict between faith and fear as she is presented with a unique opportunity to save her town But at what cost

The Bloomsbury Companion to Bertrand Russell Russell Wahl, 2018-10-18 A founder of modern analytic philosophy and one of the most important logicians of the twentieth century Bertrand Russell has influenced generations of philosophers The Bloomsbury Companion to Bertrand Russell explores this influence in detail and responds to renewed interest in Russell's philosophical approach presenting the best guide to research in Russell studies today Bringing new insights into Russell's relationship with his contemporaries a team of experts explore his life long battles with important philosophical issues They consider how he influenced thinkers and schools of thought from Schröder Frege and Meinong to Wittgenstein and the Vienna Circle while also covering his impact on individual issues in epistemology logic metaphysics philosophy of mind philosophy of language and political philosophy Importantly this companion discusses often overlooked topics Focusing on Russell's later views including his moral philosophy and his politics reveals that Russell did make significant contributions to ethics both theoretical and practical in the course of his career Through a combination of enlightening historical background and sustained focus on Russell's impact on contemporary areas of philosophy The Bloomsbury Companion to Bertrand Russell demonstrates why Russell continues to influence philosophers of language mathematics epistemology and metaphysics
