Russia And Beyond

Dmitri Trenin

Russia And Beyond:

Life Histories of Etnos Theory in Russia and Beyond David George Anderson, Dmitry V. Arzyutov, Sergei Alymov, 2019 The idea of etnos came into being over a hundred years ago as a way of understanding the collective identities of people with a common language and shared traditions In the twentieth century the concept came to be associated with Soviet state building and it fell sharply out of favour Yet outside the academy etnos style arguments not only persist but are a vibrant part of regional anthropological traditions Life Histories of Etnos Theory in Russia and Beyond makes a powerful argument for reconsidering the importance of etnos in our understanding of ethnicity and national identity across Eurasia The collection brings to life a rich archive of previously unpublished letters fieldnotes and photographic collections of the theory's early proponents Using contemporary fieldwork and case studies the volume shows how the ideas of these ethnographers continue to impact and shape identities in various regional theatres from Ukraine to the Russian North to the Manchurian steppes of what is now China Through writing a life history of these collectivist concepts the contributors to this volume unveil a world where the assumptions of liberal individualism do not hold In doing so they demonstrate how notions of belonging are not fleeting but persistent multi generational and bio social Publisher's description

Empire and Odyssey Rock Brynner, 2017 For millions of his fans there is only one Yul Brynner the most mysterious and exotic star in Hollywood history But in fact four men were given that same name in successive generations beginning with Yul's Swiss born grandfather Jules and ending with his son born in New York Yul Jr better known as author and historian Rock Brynner Their lives compose a global odyssey that has come full circle in present day Vladivostok in Far East Russia the city built by Jules in the 1880s where Yul and his father Boris Julievitch were born and which Rock first visited on a lecture tour sponsored by the U S State Department This is a vast family epic teeming with exotic adventures that begins aboard a pirate ship bound for Shanghai like the fiction of Michener or Clavell this true story is closely interwoven with history Within twenty years of his arrival Jules was the leading industrialist in the Far East and the empire he created involved tiger hunters Asian emperors and most significantly Tsar Nicholas II it is revealed here exactly how their business association and the construction of the Trans Siberian Railway to Vladivostok triggered the Russo Japanese War that ended three centuries of Romanov autocracy Under Lenin's government Boris was the only mine owner to regain control of his vast operation but his personal dramas in China Manchuria and North Korea rivaled the ordeals of Dr Zhivago With the Russian diaspora Yul's childhood took him from Vladivostok to China and then to France where as a teenager he performed in nightclubs with Russian Gypsies while becoming a trapeze acrobat in the circus He moved to America before he spoke English and within five years was starring on Broadway ten years later he received the Academy Award for The King and I Yul's only son Rock has been a European street clown and a Broadway star road manager for The Band and bodyguard for Muhammad Ali as well as a novelist and historian His numerous visits to Vladivostok along with his research have earned him an enduring place in its social history

Russia Abroad Anna

Ohanyan,2018-10-01 While we know a great deal about the benefits of regional integration there is a knowledge gap when it comes to areas with weak dysfunctional or nonexistent regional fabric in political and economic life Further deliberate un regioning applied by actors external as well as internal to a region has also gone unnoticed despite its increasingly sophisticated modern application by Russia in its peripheries This volume helps us understand what Anna Ohanyan calls fractured regions and their consequences for contemporary global security Ohanyan introduces a theory of regional fracture to explain how and why regions come apart consolidate dysfunctional ties within the region and foster weak states Russia Abroad specifically examines how Russia employs regional fracture as a strategy to keep states on its periphery in Eurasia and the Middle East weak and in Russia s orbit It argues that the level of regional maturity in Russia s vast vicinities is an important determinant of Russian foreign policy in the emergent multipolar world order Many of these fractured regions become global security threats because weak states are more likely to be hubs of transnational crime havens for militants or sites of protracted conflict The regional fracture theory is offered as a fresh perspective about the post American world and a way to broaden international relations scholarship on comparative regionalism **Staging Democracy** Jessica

Pisano,2022-07-15 Focusing on the experiences of people in Russia and Ukraine Staging Democracy shows how some national leaders seeming popularity rests on local economic compacts Jessica Pisano draws on long term research in rural communities and company towns analyzing how local political and business leaders seeking favor from incumbent politicians used salaries benefits and public infrastructure to pressure citizens to participate in command performances Pisano looks at elections whose outcome was known in advance protests for hire and smaller mises en sc ne to explain why people participate what differs from spectacle in totalitarian societies how political theater exists in both authoritarian and democratic systems and how such performances reshape understandings of the role of politics Staging Democracy moves beyond Russia and Ukraine to offer a novel economic argument for why some people support Putin and similar politicians Pisano suggests we can analyze politics in both democracies and authoritarian regimes using the same analytical lens of political theater **Russia Beyond Communism** Vladislav Krasnov,W. George Krasnow,2021-05-31 This book is about the demise of Communism in the USSR and a new Russia emerging to succeed the ailing Communist regime It discusses a Russian national or multinational alternative to the virtually defunct ideology of Marxism Leninism and an unstoppable withering away of the Communist state **Religion and Politics in Contemporary Russia** Tobias Köllner,2020-12-13

Based on extensive original research at the local level this book explores the relationship between Russian Orthodoxy and politics in contemporary Russia It reveals close personal links between politicians at the local regional and national levels and their counterparts at the equivalent level in the Russian Orthodox Church priests and monks bishops and archbishops who are extensively consulted about political decisions It outlines a convergence of conservative ideology between politicians and clerics and also highlights that despite working closely together there are nevertheless many tensions The book

examines in detail particular areas of cooperation and tension reform to religious education and a growing emphasis on traditional moral values the restitution of former church property and the introduction of new festive days Overall the book concludes that there is much uncertainty ambiguity and great local variation

Russia's Entangled Embrace Stephen Badalyan Riegg, 2020-07-15 Russia's Entangled Embrace traces the relationship between the Romanov state and the Armenian diaspora that populated Russia's territorial fringes and navigated the tsarist empire's metropolitan centers By engaging the ongoing debates about imperial structures that were simultaneously symbiotic and hierarchically ordered Stephen Badalyan Riegg helps us to understand how for Armenians and some other subjects imperial rule represented not hypothetical clear cut alternatives but simultaneous messy realities He examines why and how Russian architects of empire imagined Armenians as being politically desirable These circumstances included the familiarity of their faith perceived degree of social political or cultural integration and their actual or potential contributions to the state's varied priorities Based on extensive research in the archives of St Petersburg Moscow and Yerevan Russia's Entangled Embrace reveals that the Russian government relied on Armenians to build its empire in the Caucasus and beyond Analyzing the complexities of this imperial relationship beyond the reductive question of whether Russia was a friend or foe to Armenians allows us to study the methods of tsarist imperialism in the context of diasporic distribution interimperial conflict and alliance nationalism and religious and economic identity

Russia without Putin Tony Wood, 2018-11-13 It is impossible to think of Russia today without thinking of Vladimir Putin More than any other major national leader he personifies his country in the eyes of the outside world and dominates Western media coverage In Russia itself he is likewise the centre of attention for detractors and supporters alike But as Tony Wood argues in order to understand Russia today the West needs to shake off its obsession with Putin and look at what lies beyond the Kremlin to see Russia without Putin In this timely and provocative analysis Wood looks beyond Putin to explore the profound changes Russia has undergone since 1991 He shows that Russia is not strong but desperately trying to create a space for itself in an increasingly globalized and competitive world Putin's reign is based on very thin ice he is highly dependent on a small handful of powerful men who prop him up Beyond the rich suburbs of Moscow Russia is a country that is only surviving because of what remains of the soviet economy and culture rather than being held back by it Wood reconsiders what kind of country has emerged from Russia's post Soviet transformations The introduction of the market in the 1990s was a failure than descended into kleptocracy He shows that the revival of a new cold war is a myth Russia's incursions into Syria Ukraine and questions of collusion into western states are a sign of desperation rather than aggression Russia without Putin culminates with reflections on the paths Russia might take in the 21st century following Putin's re election in March 2018 How will he placate the oligarchs who control the economy and how will he manage his succession and protect his legacy

Beyond the Pale Benjamin Nathans, 2002 A surprising number of Jews lived literally and figuratively beyond the Pale of Jewish Settlement in tsarist Russia during the half century before the Revolution of 1917 This

text reinterprets the history of the Russian Jewish encounter using long closed Russian archives and other sources

Russia's Foreign Security Policy in the 21st Century Marcel De Haas, 2010-04-05 This book examines Russia's security policy under the eight years of Vladimir Putin's presidency

One Steppe Beyond Thom Wheeler, 2012-06-01 Traveling across the former Soviet Union is a challenge at the best of times doing so in a dilapidated VW is just that much more of an adventure A chance job offer at a timber yard in Estonia gives Thom and his old pal Jo a taste for the unknown So when Uncle Tony asks them to drive to Vladivostok for another job they can't think of a good reason why not The result is a classic caper across the former Soviet Union in Max a rusty old VW camper Knowing little of the language or the geography ahead they embark on probably the longest commute ever encountering corrupt officials film star mechanics and over friendly gangsters Far off the tourist trail they bear witness to the collapse of one nation and the birth of a new one during the free for all that was Russia in the 1990s

Kremlin Rising Peter Baker, Susan Glasser, 2005-06-07 In the tradition of Hedrick Smith's *The Russians* Robert G Kaiser's *Russia The People and the Power* and David Remnick's *Lenin's Tomb* comes an eloquent and eye opening chronicle of Vladimir Putin's Russia from this generation's leading Moscow correspondents With the 1991 collapse of the Soviet Union Russia launched itself on a fitful transition to Western style democracy But a decade later Boris Yeltsin's handpicked successor Vladimir Putin a childhood hooligan turned KGB officer who rose from nowhere determined to restore the order of the Soviet past resolved to bring an end to the revolution *Kremlin Rising* goes behind the scenes of contemporary Russia to reveal the culmination of Project Putin the secret plot to reconsolidate power in the Kremlin During their four years as Moscow bureau chiefs for *The Washington Post* Peter Baker and Susan Glasser witnessed firsthand the methodical campaign to reverse the post Soviet revolution and transform Russia back into an authoritarian state Their gripping narrative moves from the unlikely rise of Putin through the key moments of his tenure that re centralized power into his hands from his decision to take over Russia's only independent television network to the Moscow theater siege of 2002 to the managed democracy elections of 2003 and 2004 to the horrific slaughter of Beslan's schoolchildren in 2004 recounting a four year period that has changed the direction of modern Russia But the authors also go beyond the politics to draw a moving and vivid portrait of the Russian people they encountered both those who have prospered and those barely surviving and show how the political flux has shaped individual lives Opening a window to a country on the brink where behind the gleaming new shopping malls all things Soviet are chic again and even high school students wonder if Lenin was right after all *Kremlin Rising* features the personal stories of Russians at all levels of society including frightened army deserters an imprisoned oil billionaire Chechen villagers a trendy Moscow restaurant king a reluctant underwear salesman and anguished AIDS patients in Siberia With shrewd reporting and unprecedented access to Putin's insiders *Kremlin Rising* offers both unsettling new revelations about Russia's leader and a compelling inside look at life in the land that he is building As the first major book on Russia in years it is an extraordinary contribution to our understanding of the country and

promises to shape the debate about Russia its uncertain future and its relationship with the United States *A History of Russia and the Soviet Union* David MacKenzie, Michael W. Curran, 1987 Weak Strongman Timothy Frye, 2022-09-27

Looking beyond Putin to understand how today's Russia actually works Media and public discussion tends to understand Russian politics as a direct reflection of Vladimir Putin's seeming omnipotence or Russia's unique history and culture Yet Russia is remarkably similar to other autocracies and recognizing this illuminates the inherent limits to Putin's power Weak Strongman challenges the conventional wisdom about Putin's Russia highlighting the difficult trade offs that confront the Kremlin on issues ranging from election fraud and repression to propaganda and foreign policy Drawing on three decades of his own on the ground experience and research as well as insights from a new generation of social scientists that have received little attention outside academia Timothy Frye reveals how much we overlook about today's Russia when we focus solely on Putin or Russian exceptionalism Frye brings a new understanding to a host of crucial questions How popular is Putin Is Russian propaganda effective Why are relations with the West so fraught Can Russian cyber warriors really swing foreign elections In answering these and other questions Frye offers a highly accessible reassessment of Russian politics that highlights the challenges of governing Russia and the nature of modern autocracy Rich in personal anecdotes and cutting edge social science Weak Strongman offers the best evidence available about how Russia actually works *Ritual Murder in Russia, Eastern Europe, and Beyond* Eugene M. Avrutin, Jonathan Dekel-Chen, Robert Weinberg, 2017-07-12

This innovative reassessment of ritual murder accusations brings together scholars working in history folklore ethnography and literature Favoring dynamic explanations of the mechanisms evolution popular appeal and responses to the blood libel the essays rigorously engage with the larger social and cultural worlds that made these phenomena possible In doing so the book helps to explain why blood libel accusations continued to spread in Europe even after modernization seemingly made them obsolete Drawing on untapped and unconventional historical sources the collection explores a range of intriguing topics popular belief and scientific knowledge the connections between antisemitism prejudice and violence the rule of law versus the power of rumors the politics of memory and humanitarian intervention on a global scale To Russia and Beyond Steven

Peterson, 2009 To Russia and Beyond is the story of a boy of six years old and his family being forcibly removed from their home in northern Poland by Russian soldiers Transported in cattle trucks their six week journey during winter to Siberia was perilous Their exile then took them to Soviet Russia where they were forced into manual labour enduring further hardships The author takes the reader through the boy's childhood detailing the immense suffering deep sadness and above all cruelty which he experienced Told with a sense of humour and acceptance of what life has thrown at him it takes the reader through a whole gamut of emotions woven in and relating to the Second World War The boy turns into adult and his adventures take him travelling around the world in the army before finally settling in England **HL 115 - The EU and Russia: Before**

and Beyond the Crisis in Ukraine Great Britain. Parliament. House of Lords. European Union Committee, 2015 The

continuing crisis in Ukraine means that the EU's relationship with Russia has reached a critical juncture and that the EU and its Member States need fundamentally to reassess it. In this report the Committee considers the factors that have contributed to the decline in the EU-Russia relationship, attempts to draw lessons for the future and considers how the EU and its Member States should respond to a changed geopolitical landscape. The Committee also asks how the EU and Member States should engage with Russia in the future based on a sober assessment of the Russia that exists today. The majority of the evidence was received between July and December 2014 and the Committee wrote this report in January and February 2015. The Committee's purpose has not been to analyse events in Ukraine as they unfold but rather to consider the causes of the conflict and the implications that go beyond the immediate crisis.

Russians Gregory Feifer, 2014-02-18. From former NPR Moscow correspondent Gregory Feifer comes an incisive portrait that draws on vivid personal stories to portray the forces that have shaped the Russian character for centuries and continue to do so today. *Russians* explores the seeming paradoxes of life in Russia by unraveling the nature of its people: what is it in their history, their desires and their conception of themselves that makes them baffling to the West? Using the insights of his decade as a journalist in Russia, Feifer corrects pervasive misconceptions by showing that much of what appears inexplicable about the country is logical when seen from the inside. He gets to the heart of why the world's leading energy producer continues to exasperate many in the international community. And he makes clear why President Vladimir Putin remains popular even as the gap widens between the super-rich and the great majority of poor. Traversing the world's largest country from the violent North Caucasus to Arctic Siberia, Feifer conducted hundreds of intimate conversations about everything from sex and vodka to Russia's complex relationship with the world. From fabulously wealthy oligarchs to the destitute elderly babushki who beg in Moscow's streets, he tells the story of a society bursting with vitality under a leadership rooted in tradition and often on the edge of collapse despite its authoritarian power. Feifer also draws on formative experiences in Russia's past and illustrative workings of its culture to shed much-needed light on the purposely hidden functioning of its society before, during and after communism. Woven throughout is an intimate first-person account of his family history: from his Russian mother's coming of age among Moscow's bohemian artistic elite to his American father's harrowing vodka-fueled run-ins with the KGB. What emerges is a rare portrait of a unique land of extremes whose forbidding geography, merciless climate and crushing corruption has nevertheless produced some of the world's greatest art and some of its most remarkable scientific advances. *Russians* is an expertly observed, gripping profile of a people who will continue challenging the West for the foreseeable future.

Russia at War Timothy C. Dowling, 2014-12-02. This easy-to-use reference explores the people and events that shaped Russian military history and impacted Europe, Asia and the world over the past eight centuries. Russian military history is an often overlooked field. Yet Russia is and has long been an important player in global politics and its military exploits have been central to its role on the world stage. This study of Russia's military past provides insights into European and U.S. history, including the conduct of the

two World Wars and the Cold War and will help readers better appreciate the current geopolitical situation This work covers major events and figures in Russian military history from the end of Mongol domination in the 14th century to the present day More than 650 entries by scores of expert contributors detail events individuals organizations and ideas that have influenced Russian warfare over 800 years Two alphabetically arranged volumes explore such conflicts as the Russo Polish Wars the Great Northern War the Russo Turkish Wars the Napoleonic Wars the Crimean War the Russo Japanese War World War I World War II and the Cold War including the Soviet invasion of Afghanistan Cross references and further readings in each entry serve as jumping off points for further exploration

What Is Russia Up To in the Middle East? Dmitri Trenin, 2017-11-10 The eyes of the world are on the Middle East Today more than ever this deeply troubled region is the focus of power games between major global players vying for international influence Absent from this scene for the past quarter century Russia is now back with gusto Yet its motivations decision making processes and strategic objectives remain hard to pin down So just what is Russia up to in the Middle East In this hard hitting essay leading analyst of Russian affairs Dmitri Trenin cuts through the hyperbole to offer a clear and nuanced analysis of Russia's involvement in the Middle East and its regional and global ramifications Russia he argues cannot and will not supplant the U S as the leading external power in the region but its actions are accelerating changes which will fundamentally remake the international system in the next two decades

Reviewing **Russia And Beyond**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Russia And Beyond Introduction

In the digital age, access to information has become easier than ever before. The ability to download Russia And Beyond has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Russia And Beyond has opened up a world of possibilities. Downloading Russia And Beyond provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Russia And Beyond has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Russia And Beyond. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Russia And Beyond. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Russia And Beyond, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Russia And Beyond has transformed the way we access information. With the convenience, cost-effectiveness,

and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Russia And Beyond Books

1. Where can I buy Russia And Beyond books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Russia And Beyond book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
