Russia And The Near Abroad Second Edition

Mario Baumann

Russia And The Near Abroad Second Edition:

Near Abroad Gerard Toal, 2017 In sum by showing how and why local regional disputes quickly develop into global crises through the paired power of historical memory and time space compression *Near Abroad* reshapes our understanding of the current conflict raging in the center of the Eurasian landmass and international politics as a whole **Geography of Russia and Its Neighbors, Second Edition** Mikhail S. Blinnikov, 2021-02-17 Authoritative yet accessible the definitive undergraduate text on Russian geography and culture has now been thoroughly revised with current data and timely topics such as the annexation of Crimea and Sevastopol and other background for understanding Russia's 2022 invasion of Ukraine Thematic chapters provide up to date coverage of Russia's physical political cultural and economic geography Regional chapters focus on the country's major regions and the other 14 former Soviet republics Written in a lucid conversational style by a Russian born international expert the concise chapters interweave vivid descriptions of urban and rural landscapes examinations of Soviet and post Soviet life deep knowledge of environmental and conservation issues geopolitical insights engaging anecdotes and rigorous empirical data Over 200 original maps photographs and other figures are also available as PowerPoint slides at the companion website many in color New to This Edition Separate chapter on Ukraine and Crimea covering events through 2019 Timely topics the political crisis in Ukraine and annexation of Crimea and Sevastopol the return of Putin as president climate change and environmental degradation economic slowdown political shifts in the republics the role of Russian backed forces in Syria Libya and Central African Republic changes in Russia United States relations and more Thoroughly updated population economic and political data 80 new or updated figures tables and maps Pedagogical Features End of chapter review questions suggested assignments and in class exercises Within chapter vignettes about Russian places culture and history End of chapter internet resources and suggestions for further reading Companion website with all figures and maps from the book many in full color **Russia and the Russians** Geoffrey A. Hosking, 2011 Hosking follows the country's history from the Slavs first emergence in the historical record in the sixth century C E to the Russians persistent appearances in today's headlines The second edition covers the presidencies of Vladimir Putin and Dmitrii Medvedev and the struggle to make Russia a viable functioning state for all its citizens *A Geography of Russia and Its Neighbors* Mikhail S. Blinnikov, 2021-01-22 Authoritative yet accessible the definitive undergraduate text on Russian geography and culture has now been thoroughly revised with current data and timely topics such as the annexation of Crimea and Sevastopol and other background for understanding Russia's 2022 invasion of Ukraine Thematic chapters provide up to date coverage of Russia's physical political cultural and economic geography Regional chapters focus on the country's major regions and the other 14 former Soviet republics Written in a lucid conversational style by a Russian born international expert the concise chapters interweave vivid descriptions of urban and rural landscapes examinations of Soviet and post Soviet life deep knowledge of environmental and conservation issues geopolitical insights engaging anecdotes and

rigorous empirical data Over 200 original maps photographs and other figures are also available as PowerPoint slides at the companion website many in color New to This Edition Separate chapter on Ukraine and Crimea covering events through 2019 Timely topics the political crisis in Ukraine and annexation of Crimea and Sevastopol the return of Putin as president climate change and environmental degradation economic slowdown political shifts in the republics the role of Russian backed forces in Syria Libya and Central African Republic changes in Russia United States relations and more Thoroughly updated population economic and political data 80 new or updated figures tables and maps Pedagogical Features End of chapter review questions suggested assignments and in class exercises Within chapter vignettes about Russian places culture and history End of chapter internet resources and suggestions for further reading Companion website with all figures and maps from the book many in full color

Hard Diplomacy and Soft Coercion James Sherr, 2013-10-11 During the Cold War Soviet influence and Leninist ideology were inseparable But the collapse of both systems threw Russian influence into limbo In this book James Sherr draws on his in depth study of the country over many years to explain and analyse the factors that have brought Russian influence back into play Today Tsarist Soviet and contemporary approaches combine in creative and discordant ways The result is a policy based on a mixture of strategy improvisation and habit The novelty of this policy and its apparent successes pose possible dangers for Russia's neighbours the West and Russia itself

Collapse of an Empire Yegor Gaidar, 2010-01-01 My goal is to show the reader that the Soviet political and economic system was unstable by its very nature It was just a question of when and how it would collapse From the Introduction to Collapse of an Empire The Soviet Union was an empire in many senses of the word a vast mix of far flung regions and accidental citizens by way of conquest or annexation Typical of such empires it was built on shaky foundations That instability made its demise inevitable asserts Yegor Gaidar former prime minister of Russia and architect of the shock therapy economic reforms of the 1990s Yet a growing desire to return to the glory days of empire is pushing today's Russia backward into many of the same traps that made the Soviet Union untenable In this important new book Gaidar clearly illustrates why Russian nostalgia for empire is dangerous and ill fated Dreams of returning to another era are illusory Attempts to do so will lead to defeat Gaidar uses world history the Soviet experience and economic analysis to demonstrate why swimming against this tide of history would be a huge mistake The USSR sowed the seeds of its own economic destruction and Gaidar worries that Russia is repeating some of those mistakes Once again for example the nation is putting too many eggs into one basket leaving the nation vulnerable to fluctuations in the energy market The Soviets had used revenues from energy sales to prop up struggling sectors such as agriculture which was so thoroughly ravaged by hyperindustrialization that the Soviet Union became a net importer of food When oil prices dropped in the 1980s that revenue stream diminished and dependent sectors suffered heavily Although strategies requiring austerity or sacrifice can be politically difficult Russia needs to prepare for such downturns and restrain spending during prosperous times Collapse of an Empire shows why it is imperative to fix the roof before it starts to rain and

why so *Russia's Foreign Policy* Andrei P. Tsygankov, 2006 Exploring Soviet Russian international relations this book compares foreign policy formation under Gorbachev Yeltsin and Putin Showing how Moscow s policies have shifted with each leader s vision of Russia s national interests it also evaluates the successes and failures of Russia s foreign policies

Russian Foreign Policy Jeffrey Mankoff, 2011 Introduction the guns of August Contours of Russian foreign policy Bulldogs fighting under the rug the making of Russian foreign policy Resetting expectations Russia and the United States Europe between integration and confrontation Rising China and Russia s Asian vector Playing with home field advantage Russia and its post Soviet neighbors Conclusion dealing with Russia s foreign policy reawakening **Russia and the Commonwealth of Independent States** Zbigniew K Brzezinski, 2016-09-16 This work brings together major accords and protocols that form the institutional framework of the Commonwealth of Independent States CIS a selection of policy statements by the leaders of CIS countries a chronological record of political economic and military security developments and major crises in CIS hot spots and statistics and country profiles **Energy, Environment and Geopolitics in Eurasia** Norman A. Graham, Şuhnaz Yılmaz, 2023-12-22 This book advances our understanding of security and its intricate interactions with geopolitics and the environment in Eurasia Norman A Graham and Şuhnaz Yılmaz focus on Eurasia where the energy water food nexus has emerged as a vital aspect of political economy and increasingly as a decisive factor for human security As clearly revealed during the Russian invasion of Ukraine this nexus rests on a precarious balance Graham and Yılmaz argue that Central Eurasia is currently Running on Empty and highlight the key environmental challenges including water quantity and quality and food security The authors draw on their extensive fieldwork in countries including Azerbaijan China Georgia Kazakhstan the Russian Federation Turkey and Uzbekistan to assess the interests and impact of pivotal actors and evaluate the competition and complementarities of these actors regarding water energy food security and foreign policy imperatives They also examine the broader interaction and implications of security at multiple levels by analyzing the local national and international factors in light of geopolitical and environmental challenges Taking a novel and highly interdisciplinary approach this book will be an important resource for students and scholars of energy and food security political economy international conflict and cooperation and natural resource politics *Russia's Cold War* Jonathan Haslam, 2011-01-01 moved decisively beyond his control and instead of managed dTtente he faced imminent collapse Book Jacket Democracy Promotion and the Challenges of Illiberal Regional Powers Nelli Babayan, Thomas Risse, 2017-10-02 This book examines Western efforts at democracy promotion reactions by illiberal challengers and regional powers and political and societal conditions in target states It is argued that Western powers are not unequivocally committed to the promotion of democracy and human rights while non democratic regional powers cannot simply be described as autocracy supporters This volume examines in detail the challenges by three illiberal regional powers China Russia and Saudi Arabia to Western US and EU efforts at democracy promotion The contributions specifically analyze their actions in Ethiopia and

Angola in the case of China Georgia and Ukraine in the case of Russia and Tunisia in the case of Saudi Arabia Democratic powers such as the US or the EU usually prefer stability over human rights and democracy If democratic movements threaten stability in a region neither the US nor the EU supports them As to illiberal powers they are generally not that different from their democratic counterparts They also prefer stability over turmoil Neither Russia nor China nor Saudi Arabia explicitly promote autocracy Instead they seek to suppress democratic movements in their periphery the minute these groups threaten their security interests or are perceived to endanger their regime survival This was previously published as a special issue of Democratization

The Road to Unfreedom Timothy Snyder, 2018-04-03 NEW YORK TIMES BESTSELLER

From the author of On Tyranny comes a stunning new chronicle of the rise of authoritarianism from Russia to Europe and America A brilliant analysis of our time Karl Ove Knausgaard The New Yorker With the end of the Cold War the victory of liberal democracy seemed final Observers declared the end of history confident in a peaceful globalized future This faith was misplaced Authoritarianism returned to Russia as Vladimir Putin found fascist ideas that could be used to justify rule by the wealthy In the 2010s it has spread from east to west aided by Russian warfare in Ukraine and cyberwar in Europe and the United States Russia found allies among nationalists oligarchs and radicals everywhere and its drive to dissolve Western institutions states and values found resonance within the West itself The rise of populism the British vote against the EU and the election of Donald Trump were all Russian goals but their achievement reveals the vulnerability of Western societies In this forceful and unsparing work of contemporary history based on vast research as well as personal reporting Snyder goes beyond the headlines to expose the true nature of the threat to democracy and law To understand the challenge is to see and perhaps renew the fundamental political virtues offered by tradition and demanded by the future By revealing the stark choices before us between equality or oligarchy individuality or totality truth and falsehood Snyder restores our understanding of the basis of our way of life offering a way forward in a time of terrible uncertainty

The Making of Informal States D. Isachenko, 2012-03-20 Using the cases of Northern Cyprus and Transdniestria the author examines state building as practiced by informal states Exploring symbolic and economic dimensions of state building projects and using insights from political sociology she investigates how they function under circumstances of non recognition

Russia, the West, and the Ukraine Crisis Elias Götz, 2018-12-07 This book examines the causes and consequences of the Ukraine crisis with a special focus on Russia's relations with the West Towards that end it brings together international relations scholars and area specialists Issues covered include the evolution of EU Russia and US Russia relations the role of strategic culture and ontological insecurities in the formation of Russian foreign policy the role of hybrid warfare in Russian military policy the geopolitical drivers of Russia's Ukraine policy and a discussion of the decision making dynamics that led to Russia's intervention in eastern Ukraine The contributors employ different theoretical approaches and offer partly complementary and partly competing analyses In so doing this book seeks to stimulate dialogue between different positions and advance our

understanding of a topic that will shape the European security order for many years to come This book was originally published as a special issue of Contemporary Politics Publications Combined: Russia's Regular And Special Forces In The Regional And Global War On Terror , Over 2 400 total pages Russian outrage following the September 2004 hostage disaster at North Ossetia s Beslan Middle School No 1 was reflected in many ways throughout the country The 52 hour debacle resulted in the death of some 344 civilians including more than 170 children in addition to unprecedented losses of elite Russian security forces and the dispatch of most Chechen allied hostage takers themselves It quickly became clear as well that Russian authorities had been less than candid about the number of hostages held and the extent to which they were prepared to deal with the situation Amid grief calls for retaliation and demands for reform one of the more telling reactions in terms of hardening public perspectives appeared in a national poll taken several days after the event Some 54% of citizens polled specifically judged the Russian security forces and the police to be corrupt and thus complicit in the failure to deal adequately with terrorism while 44% thought that no lessons for the future would be learned from the tragedy This pessimism was the consequence not just of the Beslan terrorism but the accumulation of years of often spectacular failures by Russian special operations forces SOF in the apt US military acronym A series of Russian SOF counterterrorism mishaps misjudgments and failures in the 1990s and continuing to the present have made the Kremlin s special operations establishment in 2005 appear much like Russia s old Mir space station wired together unpredictable and subject to sudden startling failures But Russia continued to maintain and expand a large variegated special operations establishment which had borne the brunt of combat actions in Afghanistan Chechnya and other trouble spots and was expected to serve as the nation s principal shield against terrorism in all its forms Known since Soviet days for tough personnel personal bravery demanding training and a certain rough or brutal competence that not infrequently violated international human rights norms it was supposed that Russian special operations forces steeped in their world of threats to the state and associated with once dreaded military and national intelligence services could make valuable contributions to countering terrorism The now widely perceived link between corrupt special forces on the one hand and counterterrorism failures on the other reflected the further erosion of Russia s national security infrastructure in the eyes of both Russian citizens and international observers There have been other more ambiguous but equally unsettling dimensions of Russian SOF activity as well that have strong internal and external political aspects These constitute the continuing assertions from Russian media the judicial system and other Federal agencies and officials that past and current members of the SOF establishment have organized to pursue interests other than those publicly declared by the state or allowed under law This includes especially the alleged intent to punish by assassination those individuals and groups that they believe have betrayed Russia The murky nature of these alleged activities has formed a backdrop to other problems in the special units **How the EU and Russia Narrate the World** Mario Baumann,2025-07-25 In times of increasing challenges to the Western idea this book illuminates how Russian

and EU foreign policy discourses interact While official Russian and EU articulations on issues of sovereignty human rights and the shared neighbourhood diverge greatly they are not articulated in isolation but are entangled and condition each other To understand this entanglement this book approaches the relationship between Russia and the EU as an intersubjective one a social context where diverging interpretations of the world struggle for hegemony Its theoretical framework marries poststructuralist thought with insights from critical approaches to Hegelian recognition dialectics Based on an extensive and systematic empirical discourse analysis of Russian and EU foreign policy texts this study draws a detailed picture of the intensifying discursive dynamics accompanying the deteriorating relationship between Brussels and Moscow It shows how neither the EU's nor Russia's foreign policy articulation has changed substantially The interaction pattern continues to be an asymmetrical one with Russia's articulations much more conditioned by the EU's discourse than vice versa The book thus argues that the EU is more independent in sovereignly articulating an interpretation of the world whereas Russia continues to face constraints in the formulation of an autonomous political project With its novel and innovative conceptual framework this book furthers the theoretical scholarship on poststructuralism in international relations It addresses all scholars interested in poststructuralist enquiries and will be of great value to students and scholars of Russian foreign policy and the EU

Challenging America's Global Preeminence Thomas Ambrosio, 2017-07-05 Examining the shifts in Russian foreign policy and their potential impact on the status and influence of the United States in the international system this outstanding volume examines why the Kremlin initially sought an alliance with the United States and the internal and external reasons why such a policy was unsustainable In particular it looks for an explanation for the post Cold War vacillations in Russian foreign policy Russia made several decisions which were perceived domestically as being unacceptable capitulations to American interests Consequently a pro Western foreign policy became incompatible with Russian political culture The rapprochement following 9 11 was destined to be temporary due to the decision by the Bush administration to invade Iraq Contributing to the fields of international relations and comparative foreign policy this study provides a fresh approach to the balance bandwagon issue and takes into account the global repercussions of the recent war in Iraq It will be of particular value to specialists in Russian foreign policy international relations theory and US foreign policy

The International Politics of Eurasia: v. 4: The Making of Foreign Policy in Russia and the New States of Eurasia S. Frederick Starr, Karen Dawisha, 2024-11-01 This ambitious ten volume series develops a comprehensive analysis of the evolving world role of the post Soviet successor states Each volume considers a different factor influencing the relationship between internal politics and international relations in Russia and in the western and southern tiers of newly independent states The collapse of the Soviet Union and the discrediting of Marxism Leninism as a source of political legitimacy have prompted a search for fresh principles of political organization that will shape the nature of political culture in all the post Soviet countries This volume looks at the making of foreign policy in Russia and the new states of Eurasia **Russia's**

Foreign Security Policy in the 21st Century Marcel De Haas, 2010-04-05 This book examines Russia's security policy under the eight years of Vladimir Putin's presidency

As recognized, adventure as with ease as experience not quite lesson, amusement, as well as harmony can be gotten by just checking out a books **Russia And The Near Abroad Second Edition** with it is not directly done, you could endure even more roughly this life, on the world.

Russia And The Near Abroad Second Edition Introduction

In the digital age, access to information has become easier than ever before. The ability to download Russia And The Near Abroad Second Edition has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Russia And The Near Abroad Second Edition has opened up a world of possibilities. Downloading Russia And The Near Abroad Second Edition provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Russia And The Near Abroad Second Edition has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Russia And The Near Abroad Second Edition. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Russia And The Near Abroad Second Edition. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Russia And The Near Abroad Second Edition, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Russia And The Near Abroad Second Edition has

transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Russia And The Near Abroad Second Edition Books

1. Where can I buy Russia And The Near Abroad Second Edition books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Russia And The Near Abroad Second Edition book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
