Russia at Play Louise McReynolds, 2018-07-05 An athlete becomes a movie star a waiter rises to manage a chain of nightclubs a movie scenarist takes to writing restaurant reviews Intrepid women hunt bears drive in automobile races and fly first in balloons and then in airplanes Sensational crimes jump from city streets onto the screen almost before the pistols have had a chance to cool Paris in the Twenties Fitzgerald s New York Early Hollywood No tsarist Russia in the last decades before the Revolution In *Russia at Play* Louise McReynolds recreates a vibrant rapidly changing culture in rich detail Her account encompasses the legitimate stage vaudeville nightclubs restaurants sports tourism and the silent movie industry McReynolds reveals a pluralist and dynamic society and shows how the new icons of mass culture affected the subsequent gendering of identities The rapid industrialization and urbanization of the late tsarist period spawned dramatic social changes an urban middle class and a voracious consumer culture demanded new forms of entertainment The result was the rapid incursion of commercial values into the arts and the athletic field and unprecedented degrees of social interaction in the new nightclubs vaudeville houses and cheap movie houses Traditional rules of social conduct shifted to greater self fulfillment and self expression values associated with the individualism and consumerism of liberal capitalism Leisure time activities McReynolds finds allowed Russians who partook of them to recreate themselves to develop a modern identity that allowed for different senses of the self depending on the circumstances The society that spawned these impulses would disappear in Russia for decades under the combined blows of revolution civil war and collectivization but questions of personal identity are again high on the agenda as Russia makes the transition from a collectivist society to one in which the dominant ethos remains undefined

Love for Sale Colleen

Lucey,2021-09-15 Love for Sale is the first study to examine the ubiquity of commercial sex in Russian literary and artistic production from the nineteenth century through the fin de siècle Colleen Lucey offers a compelling account of how the figure of the sex worker captivated the public's imagination through depictions in fiction and fine art bringing to light how imperial Russians grappled with the issue of sexual commerce Studying a wide range of media from little known engravings that circulated in newspapers to works of canonical fiction Lucey shows how writers and artists used the topic of prostitution both to comment on women's shifting social roles at the end of tsarist rule and to express anxieties about the incursion of capitalist transactions in relations of the heart Each of the book's chapters focus on a type of commercial sex looking at how the street walker brothel worker demimondaine kept woman impoverished bride and madam traded in sex as a means to acquire capital Lucey argues that prostitution became a focal point for imperial Russians because it signaled both the promises of modernity and the anxieties associated with Westernization Love for Sale integrates historical analysis literary criticism and feminist theory and conveys how nineteenth century beliefs about the fallen woman drew from medical judicial and religious discourse on female sexuality Lucey invites readers to draw a connection between rhetoric of the nineteenth century and today's debate on sex workers rights highlighting recent controversies concerning Russian sex workers to show how imperial discourse is recycled in the twenty first century

Win or Else Larry E. Holmes,2024-04-30

In Win or Else Larry E Holmes shows us how Soviet football culture regularly disregarded official ideological and political imperatives and skirted the boundaries between socialism and capitalism In the early 1920s the Soviet press denounced football as a bourgeois sport that was injurious to both mind and body Within that same decade however it blew up becoming the most popular spectator sport in the USSR and growing into a fiercely competitive business with complex regional and national bureaucracies a strong international presence and a conviction that victory on the field was also a victory of Soviet supremacy Writing as both historian and fan Holmes focuses his study on the provincial Kirov team Dinamo from 1979 to 1985 when the club played at both its worst and its best Spurred by a dismal 1979 season the team's administrators and regional authorities had two options obey Moscow's edict to reduce expenditures on professional sports or seek out new and often illicit funding sources to fill out a team of champions Drawing on rich archival materials as well as newspapers and interviews with former players Win or Else reveals the foundations of Soviet sports culture and the hazards that teams faced both in victory and in loss

Amateur and Proletarian Theatre in Post-Revolutionary Russia Stefan Aquilina,2021-04-08

This is the first collection of primary sources that addresses the amateur theatre produced by the workers in the first decade after the Russian Revolution Newly translated from the Russian the essays capture both theoretical articulations on the scene by luminaries such as Alexander Bogdanov Platon Kerzhentsev Valerian Pletnev Alexander Mgebrov and Valentin Smyshliaev and the more fleeting descriptions and first hand accounts of the productions staged accounts and voices which are typically harder to capture The essays tell a story of unabashed optimism in the creativity of the working classes They speak of the use

of theatre to carve a public and political role in the construction of a new world The sources however also exhibit the flipside of the scene or the sombre difficulties faced by the amateur actors and the incessant calls to raise standards through professional help The narrative developed is that of an amateur theatre which began as an autonomous and heterogeneous activity but which by the mid to late 1920s was transformed into a regulated practice and a space for cultural programming The collection makes an important contribution to our understanding of modern theatre scholarship conventionally tackles the canonical names from the professional world but gives little attention to the more down to earth forms of performance taking place in factories clubs and amateur circles An introductory essay also highlights the range and significance of the collection and draws links between the essays

Imperial Russia's Muslims Mustafa Tuna, 2015-06-04 Imperial Russia's Muslims offers an exploration of social and cultural change among the Muslim communities of Central Eurasia from the late eighteenth century through to the outbreak of the First World War Drawing from a wealth of Russian and Turkic sources Mustafa Tuna surveys the roles of Islam social networks state interventions infrastructural changes and the globalization of European modernity in transforming imperial Russia's oldest Muslim community the Volga Ural Muslims Shifting between local imperial and transregional frameworks Tuna reveals how the Russian state sought to manage Muslim communities the ways in which both the state and Muslim society were transformed by European modernity and the extent to which the long nineteenth century either fused Russia's Muslims and the tsarist state or drew them apart The book raises questions about imperial governance diversity minorities and Islamic reform and in doing so proposes a new theoretical model for the study of imperial situations Faster, Higher, Stronger, Comrades! Tim Harte, 2020-07-07 The revival of the Olympic games in 1896 and the subsequent rise of modern athletics prompted a new energetic movement away from more sedentary habits In Russia this ethos soon became a key facet of the Bolsheviks' shared vision for the future In the aftermath of the revolution glorification of exercise persevered pointing the way toward a stronger healthier populace and a vibrant Socialist society With interdisciplinary analysis of literature painting and film *Faster Higher Stronger Comrades* traces how physical fitness had an even broader impact on culture and ideology in the Soviet Union than previously realized From prerevolutionary writers and painters glorifying popular circus wrestlers to Soviet photographers capturing unprecedented athleticism as a means of satisfying their aesthetic ideals the

Becoming Muslim in Imperial Russia Agnès Nilüfer Kefeli, 2014-12-18 In the nineteenth century the Russian Empire's Middle Volga region today's Tatarstan was the site of a prolonged struggle between Russian Orthodoxy and Islam each of which sought to solidify its influence among the frontier's mix of Turkic Finno-Ugric and Slavic peoples The immediate catalyst of the events that Agnes Nilufer Kefeli chronicles in *Becoming Muslim in Imperial Russia* was the collective turn to Islam by many of the region's Krashens the Muslim and animist Tatars who converted to Russian Orthodoxy between the sixteenth and eighteenth centuries The traditional view holds that the apostates had really been Muslim all along or that their conversions had been forced by the state or undertaken voluntarily as a matter of convenience In Kefeli's view this argument vastly oversimplifies the complexity of a region where many participated in the religious cultures of both Islam and Orthodox Christianity and where a vibrant Krashen community has survived to the present By analyzing Russian Eurasian and Central Asian ethnographic administrative literary and missionary sources Kefeli shows how traditional education with Sufi mystical components helped to Islamize Finno-Ugric and Turkic peoples in the Kama Volga countryside and set the stage for the development of modernist Islam in Russia Of particular interest is Kefeli's emphasis on the role that Tatar women both Krashen and Muslim played as holders and transmitters of Sufi knowledge Today she notes intellectuals and mullahs in Tatarstan seek to revive both Sufi and modernist traditions to counteract new expressions of Islam and promote a purely Tatar Islam aware of its specificity in a post-Christian and secular environment
