Rubicon Beach

David Rothenberg, Marta Ulvaeus

Rubicon Beach:

Rubicon Beach Steve Erickson, 2013-04-30 A brilliant novel about an alternate America that has been split in two San Francisco Chronicle In a dystopian Los Angeles Cale is a newly released political prisoner under surveillance Beset by dark visions and relegated to working in a desolate library he is told without explanation that he is the one everyone is looking for For Catherine a mysterious South American beauty the crossing is no less extreme Leaving her tribal life she undergoes various confinements and escapes before winding up at the door of a Hollywood screenwriter Finally Jack Mick Lake possessed by numerology must negotiate a river all his own Stark and ethereal Steve Erickson's tales connect to form a luminous and passionate whole *Rubicon Beach* Steve Erickson, 1986 **Rubicon Beach** Steve Erickson, 1988-01

Zeroville Steve Erickson, 2013-04-30 The novel that inspired the film starring James Franco and Seth Rogen One of a kind a funny unnervingly surreal page turner Newsweek Named one of the Best Books of the Year by the Washington Post Book World Newsweek and the Los Angeles Times Book Review Zeroville centers on the story of Vikar a young architecture student so enthralled with the movies that his friends call him cinematic autistic With an intensely religious childhood behind him and tattoos of Elizabeth Taylor and Montgomery Clift on his head he arrives in Hollywood where he is mistaken for a member of the Manson family and eventually scores a job as a film editor Vikar discovers the frames of a secret film within the reels of every movie ever made and sets about splicing them together a task that takes on frightening theological dimensions Electrifying and darkly funny Zeroville dives into the renegade American cinema of the 1970s and 80s and emerges into an era for which we have no name Publishers Weekly Funny disturbing daring dreamlike and sometimes nightmarish The New York Times Book Review Magnificent The Believer A writer who has been compared to Vladimir Nabokov Don DeLillo and Thomas Pynchon Bookmarks Magazine Erickson is as unique and vital and pure a voice as American fiction has produced Jonathan Lethem **Outside, America** Hikaru Fujii, 2013-04-25 The idea of the outside as a space of freedom has always been central in the literature of the United States This concept still remains active in contemporary American fiction however its function is being significantly changed Outside America argues that among contemporary American novelists a shift of focus to the temporal dimension is taking place No longer a spatial movement the quest for the outside now seeks to reach the idea of time as a force of difference à la Deleuze by which the current subjectivity is transformed In other words the concept is taking a temporal turn Discussing eight novelists including Don DeLillo Richard Powers Paul Theroux and Annie Proulx each of whose works describe forces of given identities masculine identity historical temporality and power etc which block quests for the outside Fujii shows how the outside in these texts ceases to be a spatial idea With due attention to critical and social contexts the book aims to reveal a profound shift in contemporary American fiction **Proceedings**, 1967

Look at the Evidence John Clute, 2016-11-24 For more than 50 years John Clute has been reviewing science fiction and fantasy Look at the Evidence is a collection of reviews from a wide variety of sources including Interzone the New York

Review of Science Fiction and Science Fiction Weekly about the most significant literatures of the twenty first century science fiction fantasy and horror the literatures Clute argues should be recognized as the central modes of fantastika in our times It covers the period between 1987 and 1992 **Outsourced** R. J. Hillhouse,2008-04-29 In the 21st Century war and espionage have been transformed With the CIA on the ropes the armed forces stretched thin and the need for special operations capabilities at an all time high the United States government has turned to private corporations to help shoulder the load Companies such as Blackwater USA Triple Canopy and Abraxas field over 50 000 private soldiers and spies who conduct missions formerly restricted to the military and the CIA National security has been outsourced In Outsourced Camille Black a former CIA counterterrorism officer has left the Agency to create Black Management a private corporation that specializes in providing former Special Forces operators and CIA case officers for covert operations Active in the volatile Middle East it competes heavily in the cutthroat counterterrorism business One day the CIA contracts Camille to track down and eliminate her ex fianc Hunter Stone a Pentagon spy accused of selling arms to terrorist cells Battling her old feelings but fueled by Stone s disloyalty to both his country and to her Camille slips into the shadows of the War on Terror to track him down Dodging death with each step she finds herself in the crossfire of the Pentagon and the CIA where good and evil blur and trust is bought and sold Outsourced exposes the headlines of tomorrow Impeccably researched and masterfully crafted Outsourced is an edge of your seat thriller with a rare glimpse behind the scenes into how private corporations conduct and profit from the multi billion dollar War on Terror **Charlie Mike** Joe Klein,2015-10-20 This true story of two decorated combat veterans who find a new way to save their comrades and heal their country is a great look at two of the best veteran organizations going and the incredible humans who make the effort work Jon Stewart In Charlie Mike a true account that reads like a novel Publishers Weekly and explodes like a thriller The Huffington Post Klein tells the dramatic story of Eric Greitens and Jake Wood larger than life war heroes who come home and use their military values to help others Wounded in Iraq Navy SEAL Eric Greitens returns home to find that his fellow veterans all want the same thing to continue to serve their country He founds The Mission Continues to provide paid public service fellowships for wounded veterans One of the first fellows is former Marine sergeant Jake Wood a natural leader who begins Team Rubicon organizing 9 11 veterans for dangerous disaster relief projects around the world We do chaos he says A deep and compelling exploration of a group of young veterans determined to continue serving after leaving the military The Washington Post this is a story that hasn t been told before a saga of lives saved not wasted The chaos these soldiers face isn t only in the streets of Haiti after the 2010 earthquake or in New York City after Hurricane Sandy it s also in the lives of their fellow veterans Charlie Mike shows how Greitens and Wood draw on the military virtues of discipline and selflessness to guide others towards inner peace and ultimately to help build a more vigorous nation Conversations with Steve Erickson Matthew Luter, Mike Miley,2021-06-28 Much like his novels Steve Erickson b 1950 exists on the periphery of our perception a shadow figure lurking on the margins

threatening to break through but never fully emerging Despite receiving prestigious honors Erickson has remained a subterranean literary figure receiving effusive praise from his fans befuddled or cautious assessments from reviewers and scant scholarly attention Erickson's obscurity comes in part from the difficulty of categorizing his work within current trends in fiction and in part from the wide variety of concerns that populate his writing literature music film politics history time and his fascination with his home city of Los Angeles His dream fueled blend of European modernism American pulp and paranoid late century postmodernism makes him essential to an appreciation of the last forty years of American fiction but difficult to classify neatly within that same realm He is at once thoroughly of his time and distinctly outside it In these twenty four interviews Erickson clarifies how his aesthetic and political visions are inextricable from each other He diagnoses the American condition since World War II only to reveal that America's triumphs and failures have been consistent since its inception and that he presciently described decades ago certain features of our present Additionally the interviews expose the remarkable consistency of Erickson's vision over time while simultaneously capturing the new threads that appear in his later fiction as they emerge in his thought Conversations with Steve Erickson will deepen readers understanding of how Erickson's books work and why this utterly singular writer deserves greater attention

Ecology of Fear Mike

Davis,2022-02-15 A witty and engrossing look at Los Angeles urban ecology and the city's place in America's cultural fantasies Earthquakes Wildfires Floods Drought Tornadoes Snakes in the sea mountain lions and a plague of bees In this controversial tour de force of scholarship unsparing vision and inspired writing Mike Davis the author of City of Quartz revisits Los Angeles as a Book of the Apocalypse theme park By brilliantly juxtaposing L A's fragile natural ecology with its disastrous environmental and social history he compellingly shows a city deliberately put in harm's way by land developers builders and politicians even as the incalculable toll of inevitable future catastrophe continues to accumulate Counterpointing L A's central role in America's fantasy life the city has been destroyed no less than 138 times in novels and films since 1909 with its wanton denial of its own real history Davis creates a revelatory kaleidoscope of American fact imagery and sensibility Drawing upon a vast array of sources Ecology of Fear meticulously captures the nation's violent malaise and desperate social unease at the millennial end of the American century With savagely entertaining wit and compassionate rage this book conducts a devastating reconnaissance of our all too likely urban future
