Rubout A Francesca Vierling Mystery:

Rubout Elaine Viets, 2019-05-15 From Anthony and Agatha Award winning author of the Dead End Job mysteries a gritty series featuring a no nonsense female journalist who follows her stories wherever they may lead especially if they lead to big trouble St Louis City Gazette columnist Francesca Vierling has scored a ticket to the Leather and Lace Bikers Society Ball one of the highlights of the social calendar The organizers of the ball would prefer the event be considered a low light however and have done everything they can to rough up the affair and deter the RUBs Rich Urban Bikers who can't tell a Harley Hog from a Holstein heifer from showing up A little grittiness can't stop ultra fashionable socialite Sydney Venter from making an appearance She's the talk of the town thanks to an impending divorce from her ultra wealthy husband But after spending the evening making moves on a few too many married men she's told to hit the road When Sydney's body is found ditched in a back alley Francesca finds herself on a hunt for a murderer that takes her into the lives of St Louis's hardcore biker gangs and the prim and powerful elite But she soon learns that those very different worlds have one rule in common If you don't belong you don't survive for long Note The author has made some minor revisions to the original text for this edition of the book

The Pink Flamingo Murders Elaine Viets, 2009-12-16 Whacked with a lawn flamingo A reporter wants to know who killed with kitsch The rehabilitation of North Dakota Place is a feel good story the kind St Louis City Gazette columnist Francesca Vierling likes to write Grand houses restored to former glory Pride in a neighborhood and like all good stories this one has a hero the woman who made it all happen the city's guardian of good taste Some call her a rehabbing saint others a fanatic The first death on North Dakota Place was certainly shocking but not entirely unwelcome after all the victim was a cranky old man who had been painting his house purple The second death of a drug dealer brings tacit approval and growing suspicion But all bets are off when another victim is found a socialite unceremoniously whacked with a pink lawn flamingo Now the neighbors want Francesca to investigate But her boyfriend wants her to commit to marriage not crime Soon the gutsy reporter is experiencing a deepening personal crisis and something more heinous than vinyl siding the dark secrets of heart home and blighted dreams From the Paperback edition

The Art of Murder Elaine Viets, 2017-05 Originally published New York Obsidian 2016 *Checked Out* Elaine Viets, 2016-05-03 A wealthy socialite has hired Helen to find a missing painting owned by her late father After his death many of his books were donated to the Flora Park Library and his daughter suspects the 1 million painting was tucked inside one of the books To find the painting Helen gets a job as a library volunteer and discovers the library has a catalogue of complaints and some dark secrets When a dead body turns up in a parking lot Helen must find the killer as well as the painting before she's taken out of circulation herself Mystery Women, Volume Three (Revised) Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is

interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008 St. Louis Casa Loma Ballroom David A.
