Stone,2021-11-29 In 1933 John A Lomax and his son Alan set out as emissaries for the Library of Congress to record the folksong of the American Negro in several southern African American prisons Listening to the Lomax Archive The Sonic Rhetorics of African American Folksong in the 1930s asks how the Lomaxes field recordings including their prison recordings and a long form oral history of jazz musician Jelly Roll Morton contributed to a new mythology of Americana for a nation in the midst of financial social and identity crises Jonathan W Stone argues that folksongs communicate complex historical experiences in a seemingly simple

package and can thus be a key element a sonic rhetoric for interpreting the ebb and flow of cultural ideals within contemporary historical moments He contends that the Lomaxes aware of the power folk music used the folksongs they collected to increase national understanding of and agency for the subjects of their recordings including the reconstitution of prevailing stereotypes about African American identity even as they used the recordings to advance their own careers Listening to the Lomax Archive gives readers the opportunity to listen in on these seemingly contradictory dualities demonstrating that they are crucial to the ways that we remember and write about the subjects of the Lomaxes archive and other repositories of historicized sound
