Rudimental Warmups:

Stick Control George Lawrence Stone, 2013-11-06 George Lawrence Stone's *Stick Control* is the original classic often called the bible of drumming. In 1993 *Modern Drummer* magazine named it one of the top 25 drumming books of all time. In the words of the author, this is the ideal book for improving control, speed, flexibility, touch, rhythm, lightness, delicacy, power, endurance, preciseness of execution, and muscular coordination, with extra attention given to the development of the weak hand. This indispensable book for drummers of all types includes hundreds of basic to advanced rhythms and moves through categories of single beat combinations, triplets, short roll combinations, flam beats, flam triplets, and dotted notes and short roll progressions.

Accents and Rebounds George Lawrence Stone, 2012-02-17 George Lawrence Stone's *Accents and Rebounds* follows up to the classic *Stick Control*, building on the basics with accent routines and more advanced rhythms to improve the player's finesse and control. This book includes sections on accented eighths, dotted notes, and triplets, as well as rebound control and more. If you are a fan of *Stick Control*, then this method supplies the perfect next step for your practice routine. This updated edition adds Joe Morello's legendary arrow notation to help students incorporate the motions of the Moeller technique.

The Drummer's Complete Vocabulary as Taught by Alan Dawson John Ramsay, Alan Dawson, 1998-10 Alan Dawson was a legendary drummer and educator known for his work with the top artists in jazz, as well as for his 18-year association with Berklee College of Music. This new text and online audio combination was put together by John Ramsay, a prominent drummer in his own right and a former student of Dawson's. The book contains all the important techniques and concepts that Alan Dawson embraced in his own playing and subsequently taught to his students. The recordings include some remastered audio examples from actual lessons taught by Dawson himself over the years. This is a highly comprehensive textbook from a jazz master.
