The Tango in the United States Carlos G. Groppa, 2018-01-16. In the earliest years of the 20th century North American ballroom dancers favored the waltz or the polka. But then a new dance the tango broke onto the scene when Vernon and Irene Castle performed it in a Broadway musical. was found in his house on Halloween 1968 in what has become one of Hollywood's most infamous scandals. A lifelong bachelor, Novarro carefully cultivated his image as a man deeply devoted to his family and to Catholicism. His murder shattered that persona. News reports revealed that the dashing screen hero had not only been gay but he was dead at the hands of two young male hustlers. Since then, details of his murder have achieved near-mythic proportions, obscuring Novarro's professional legacy. *Beyond Paradise* presents a full picture of the man who made motion picture history. Including original interviews with Novarro's surviving friends, family, coworkers, and the two men convicted of his murder, this biography provides unique insights into an early Hollywood star, a man whose heart was forever in conflict with his image and whose myth continues to fascinate today. **The Stars Appear** Richard Dyer MacCann, 1992. Encyclopedia of Hair Victoria Sherrow, 2023-03-30. This popular volume on the culture of hair through human history and around the globe has been updated and revised to include even more entries and current information. How we style our hair has the ability to shape the way others perceive us. For example, in 2017 the singer Macklemore denounced his hipster undercut hairstyle, a style that is associated with Hitler Youth and alt-right men, and in 2015 actress Rose McGowan shaved her head in order to take a stance against the traditional Hollywood sex symbol stereotype. This volume examines how hair or lack thereof can be an important symbol of gender, class, and culture around the world and through history. Hairstyles have come to represent cultural heritage and memory and even political leanings, social beliefs, and identity. This second edition builds upon the original volume, updating all entries that have evolved over the last decade, such as by discussing hipster culture in the entries on beards and mustaches and recent medical breakthroughs in hair loss. New entries have been added that look at specific world regions, hair coverings, political symbolism behind certain styles, and other topics. *The Publishers Weekly*, 1976-07.
