

“Keep the Rascals Out.”

The democratic stealings while the party was in power from 1830 to 1860, amounted to over \$19,000,000. The stealings would have been much larger, but there was no more to steal; so it would be unfair to charge the party with a lack of enterprise. How is it about the republican party since 1860? They have paid off two-thirds of our national debt which was brought on by our democratic friends, and placed money enough in our treasury to redeem the currency in circulation and the gold and silver certificates. What were our greenbacks worth in 1861? Thirty-seven cents in gold or silver on the dollar. What are they worth to-day? One hundred cents on the dollar. Why? Simply because Uncle Sam has the money to redeem them. Now, our democratic friends say we have too much money in our treasury. Would it be good judgment to drain the treasury and bring about money matters as they were in 1861.
