## **Rules For Spiritual Initiation:**

**Rules for Spiritual Initiation** Zachary Lansdowne, 1990-05-01 Zachary Lansdowne author of earlier books on the Ageless Wisdom reveals the esoteric significance of fourteen symbolic rules that were originally published by Alice A Bailey. He shows that the symbols in each rule have both an outer and inner meaning. The outer meaning describes an objective in character building and the inner meaning describes a stage in the process of meditation. The initial sequence of seven rules provides elementary instructions for the path of probation leading to the first spiritual initiation and the next sequence provides advanced instructions for the path of discipleship leading to the second and third initiations. Lansdowne also discusses the close relationship between these rules and the typology of the seven rays. The end result is an easy-to-understand guidebook to the various stages of the spiritual path. *Wheel of Initiation* Julie Tallard Johnson, 2010-07-12 A guide to personal spiritual initiation through the transformation of habitual patterns, apathy and resistance. Based on the Native American medicine wheel, the Vedic wheel and the universal initiatory mandala. Enables readers from any tradition to initiate themselves through practices of thought transformation, narrative medicine, meditation exercises, rituals and journaling. Facilitates breaking through personal and societal illusions that perpetuate resistance and apathy. Intentions and spiritual principles, meditation and contemplation, ritual and risk taking are the conditions that comprise an initiated life. Regrettably in modern society we do not have rites of initiation that break through the personal and societal illusions that instill and perpetuate negative habits that keep us in states of resistance. Lacking initiation practices we often remain trapped in ways of being in the world that were formed by our past conditions and attachments. We tend to identify too strongly with the status quo which must be challenged to prevent stagnation and to encourage happiness and authenticity. Julie Tallard Johnson shows how to become initiated into an authentic life through practices of thought transformation, cultivating attention, journaling, storytelling and rituals found in the four directions of the universal mandala. She begins the Wheel of Initiation in the South where initiates set their intentions, then moves into the West where they free themselves from habitual patterns and core beliefs, then into the North, the direction of cultivating attention and unity, and finishes in the East, the direction of regeneration and initiation. Drawing upon the life experiences of those who have successfully navigated the wheel, Johnson demonstrates that once fears, assumptions and ingrained beliefs are confronted and transformed, initiates emerge ready to reenter society with renewed energy and vision that will enrich their own lives and their communities. **The Rays and The Initiations** Alice A. Bailey, Djwhal Khul, 2012-12-01 The first part of this volume contains the Fourteen Rules for Group Initiation, an extension of the teachings given in *Initiation Human and Solar* on the Fourteen Rules for Applicants. The second part of the book is concerned with the nine initiations by which the disciple progressively achieves liberation from the various forms of our planetary life. The possibility of group initiation is a development of the present era. This volume emphasises the growth of the group idea, group service, group responsibility. *Initiation, Human and Solar* Alice

How can I overcome my struggles to meditate more deeply? Is there a need for a guru, or can I rely on myself? Can I trust my intuition? Is it possible to hear the Inner Word, the voice of the soul, and how can I be sure that's what I'm hearing? Is the Higher Self in the heart? Offering trustworthy answers to these and many more questions, renowned spiritual teacher Paul Brunton provides instructions to guide one's development in three fundamental areas of the spiritual path: meditation, self-examination, and the unfolding of awakening. Guiding you with insight and care through each stage of meditation, including advanced states that deepen one's inner life, he explains how meditation is the art and practice of introverting attention, of freeing oneself for a period of time from thoughts, sensations, and feelings, and allowing the soul to reveal itself out of the quiet that one has created. He explains the goal of each meditative stage and the obstacles you are likely to face, and examines the need for spiritual dependency on any particular guru, teaching, or practice, showing that following your intuition can bring spiritual success. Exploring the process of self-examination and emotional purification, Brunton shows how life's challenges are moments by which we can make real progress in our surrender to a higher life. He
